Welcome to a new school year at
Busy Little Preschoolers.
We look forward to a fun year with your child.

About Our Preschool

Children learn by doing, this is why at Busy Little Preschoolers we learn through playing. We use wood pieces, Play-Doh, and other activities to learn our letters and numbers. Your child will learn math and science by measuring, making patterns, graphing, sorting, and positioning. Dance, movement and games get them moving throughout our daily activities. We sing when we clean up, wash our hands, do the calendar, weather, and so much more!

Goal

The main goal of our Preschool is to provide a positive preschool experience with opportunities for socialization and learning through play. We maintain a positive approach to discipline recognizing that each child is unique.

Personal Possessions - Sometimes it is important for a child to bring something from home. We encourage them to keep those special possessions in their backpacks to prevent the opportunity for loss or breakage.

*Exception to this is our Share Box. Each child will be chosen for Leader of the week. They will be given a share box to bring in something from home to share during circle time.

Communication - We encourage you to talk with your child about Preschool. If you are puzzled about something that comes up in conversation, a few words with the teacher before or after Preschool should clear up any questions. We welcome comments and suggestions and appreciate any information you feel is important for us to know about your child.

Firefighter John (Kristina's husband) comes to preschool three times a year to teach the children about our friendly smoke detector, stop, drop, and roll, get out - stay out, friendly monster (showing fire gear), and lastly in May, brings a firetruck.

Snow Days - We close when the Durham Community School cancels school.

Toilet Training - Busy Little Preschoolers encourages children to be toilet trained but will not turn a child away if this is not accomplished. Proper supplies will need to be provided by parent to keep child clean.

Illness - We encourage you to use discretion in making a decision about sending your child to school if he/she is ill. If your child has a fever or might be contagious, please keep him/her at home. It is in the best interest of the child to be at home when not feeling well.

Discipline - Acceptable behavior is encouraged by giving positive verbal rewards. This reinforces a child's good feeling about his/her behavior and serves as an example to the children to act in such a way as to receive this praise. Asking a child to stop and think about their behavior enables the child to work at self-control. Depending on the situation, one warning is given to the child to reminded of acceptable behavior. The next step would be a quiet time by themselves. This is not a punishment, but rather a time when the child may calm down, to remember what behavior is acceptable, and decide when they are ready to rejoin the group. If these are not effective, some sort of consequence will be imposed. This may range from a toy being taken away, to being excluded from the activity. Naturally, parents will be advised if and when we feel that the problem is getting out of hand.

Staff Training - All staff is required to take continuing education with a minimum of 18 hours of training per year.

Staff and director (Kristina Faith) have regular meetings to meet the needs of the preschool children. Kristina Faith is an Ed Tech working towards credentials that will enable the teacher to become an accredited preschool program.

Supervision - The director/owner does yearly evaluations for staff. Includes how staff supervises children. Director/Owner observes staff on a daily basis. The requirements of staff is to be supervised at all times. To see and hear children while inside and outside at all times. And to be able to know what children are doing at all times.
