

THE INCODED SPEED OF LIGHT

The purpose of this illustration is to present the mathematical association of the Speed of Light in meters that appears to be 'encoded' in stone by the designers and builders of the Great Pyramid of Giza. It has been well researched and established that the design of the Great Pyramid model incorporates the functions and fractals of pi and phi. However, the amazing correlation of the Great Pyramid measured in meters produces the coefficient that nearly perfectly codes or measures the Speed of Light. There are actually 2 variables that suggest this Speed of Light encoding.

One such factor is the actual Earth coordinates based off of the Greenwich Meridian line. The second factor is found in the sum difference of the circumference measures of the outer and inner design from a top view, again in meters. The margin of error is approximately .01%.

The Great Pyramid is not only a beacon of Light much like a 'lighthouse' with its gold pyramidion but it functioned as part of a 'Cosmic Clock' that keeps time of the Precession of the Equinoxes. It is like the 'big hand' of a clock and interestingly, the Sphinx is like the 'little hand' of a clock. In this case, it is the Mazzaroth of the 12 Signs of the zodiac that rotate. The 30 degree period of approximately 2160 is seen in the Bible and in Revelation along with the sacred dimensions of the coming New Jerusalem, for example. Based on the epoch of time, the Age of the Fish, the Church Age is about to end and the Age of Aquarius is about to dawn., that is the with the return of Jesus Christ to set up a 1000 year Millennial Right on Earth.

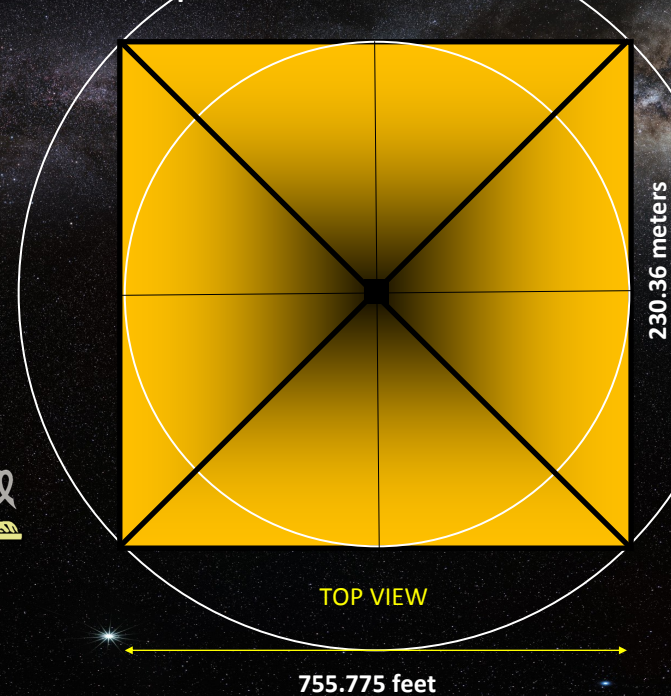

The Pyramid Clock illustrated on the chart is depicted in 'reverse' order or format not illustrated on most drawings online. It mirrors the coordinates from a cosmic perspective, not an Earth perspective.

THE GREAT PYRAMID

is actually an Octagon with 8 sides.

Capstone is @ = 29°58'45.28588"N

LIGHT

I AM THE LIGHT OF THE WORLD.

Whoever follows Me will not walk in darkness, but will have the Light of Life.

JESUS CHRIST

John 8:12

= ~29.9792458° meters per seconds or Speed of Light

Circumference of Outer Circle = 1024.463491 meters

Circumference of Inner Circle = 723.697975 meters

Difference in measurement = 299.76556 meters

= ~million meters per second = 299.79245

= Speed of Light by .01% margin of error

The Bible teaches that Jesus Christ is the Life and Light of Creation; that He is the Creator come in human form to redeem Adam's fallen race. As like water that can be delineated into 3 parts, so too is light delineated into what can be seen, heard and felt. Such is the divine pattern of the 1 GOD Creator in 3 Persons, thus the Trinity. This 'Trinity' pattern is seen in the human creation of its body, soul and spirit makeup. Humanity, unlike all of the rest of Creation, is made in the 'Form and Likeness' of the Creator Himself. Not even Angels or the counterfeit 'Light', that of Luc-ifer has this makeup.

2160 fractal = 72 x 30

2160 x 20 = 43.2 (432) = resonance

A 'GREAT YEAR'

= 25,920 YEARS

1 AGE = ~2160 YEARS

Precession of the Equinoxes is defined as an illusion of the backdrop constellation in which the Sun is 'houses' from Earth's perspective 1 degree every 72 years. The Great year mirrors a 12 hour cycle of a clock in that 12 'Houses' of the Mazzaroth x 72 years = 2160 years. This the approximate diameter of the Moon in relation to the Earth mathematical based on the Great Pyramid Pattern as so will be the New Jerusalem.

2160 x 12 Cycle or Eons/EPOCHS = 25,920 years

25,920 x 3 = 77,700 Light Years x .33 = ~103.3608 K

72 is a fractal of the coefficient used in Biblical prophecy such as the number of Disciples Jesus sent out to preach the Gospel. It is also the number of Nations and the Fallen Angels that are over them presently. If one factors it when Noah was 600 years old that is supposed to be the year of the Flood, it would be 43,200. This 4-3-2 pattern is seen in the phi ratio pattern that is the 'Signature of the Creator.'

The Sphinx is the perfect synthesis of the entire 12 Houses or Signs of the Mazzaroth. The Signs start with the Virgin and ends with the Lion. Thus the head of the Sphinx was that of a woman, not an Egyptian Pharaoh as erroneously thought and accepted.
