### How will these classes work?

Our online classes will be a live feed from our in person classes at the school. A webcam will stream from the classroom to the students at home. Students may need to modify some of the class to work with their at home space.

The week prior to our classes starting we will email home links to registered students. These are not to be shared. Logins will be monitored, and attendance will be taken.

Please be sure your dancer has a safe, distraction free dance space to take these classes.

As a reminder the sessions are only 8 weeks.
