- (a) If born in Canada, it is of a litter which is eligible for CKC registration
 - (b) If not born in Canada, it is eligible for individual registration in the records of the CKC
 - (c) If foreign born and owned, it obtains an Event Registration Number (ERN) or CKC registration number, from the CKC within 30 days of the first test entered.

- 6.1.4 A dog that is eligible for a Performance Event Number (PEN) cannot be entered as a listed dog.
- 6.1.5 The Canadian Kennel Club shall have the right at any time to require the owner of a listed dog to submit proof of the dog’s eligibility for registration in The Canadian Kennel Club’s records. If The Canadian Kennel Club is satisfied that the dog is not eligible for registration in The Canadian Kennel
-

Club's records, it shall have the authority to order the cancellation of all awards, titles and prizes earned by the dog at tests held under these rules. Failure to comply with The Canadian Kennel Club's order to return ribbons and/or prizes to the clubs or associations concerned will result in the owner of the dog automatically rendering himself ineligible to enter dogs in any competition approved by The Canadian Kennel Club.

- 6.1.6 Entries shall not be accepted from any person who is not in good standing with The Canadian Kennel Club on the day of entries closing. A list of persons not in good standing shall be forwarded to the Test Secretary by The Canadian Kennel Club.
- 6.1.7 Every member of a partnership entering a dog must be in good standing with The Canadian Kennel Club before the entry will be accepted. In the case of any infraction of these rules, all the partners shall be held equally responsible.
- 6.1.8 Owners are responsible for errors in making out entry forms, regardless of who completes the entry form.

(15-06-12) Judge of that test, or a member of his immediate family has owned, sold, held under lease, boarded, trained or handled the dog within 30 days prior to the date of the test. This includes judges who train professionally or as amateurs and applies equally to judges who train individual dogs and those who train in classes with or through their handler. Note that a seminar conducted immediately prior to a test shall be construed as training with the judge and such participants in the seminar shall be considered ineligible to enter the test.
- 6.1.11 Any test-giving club which accepts an entry fee, other than that published in its premium list or entry form, or in any way discriminates between entrants, shall be subject to disciplinary action.

- 6.1.15 Where the tracking test rules and regulations require that a dog shall have earned a tracking title before being entered in a test, eligibility to enter that test shall be determined as follows:
 - (a) A dog may be entered in a test in which the final closing date occurs after its handler has been notified by the judge that the dog has passed the test required for the title, even though the owner has not received official notification from the CKC that the dog has passed the test. However, the owner shall forfeit any prizes and titles won in the particular test if the CKC does not subsequently notify the owner officially that the title has been won.
- 6.1.16 Handlers, trainers, or agents may compete and competitors may enter more than one dog.
- 6.1.17 Entries shall close not less than 10 days prior to the first day of the tracking tests, and a club accepting any entry after that date shall be subject to disciplinary action.
- 6.1.18 An entry of a non-titled dog will be given preference over a titled dog in the class in which the titled dog has already been awarded that title.
- 6.1.19 Entries must be mailed or couriered to the postal address of the event secretary as stated on the premium list. At its option, the club may elect to receive entries either by mail or courier or both methods. Faxed, emailed or hand delivered entries are not acceptable. Each entry must be mailed in a separate envelope or they will be rejected.

6.2 Limited Entry

- 6.2.1 A club or association may limit entries in any or all classes by prominent announcement on the title cov-

er page of its premium list and that entries will close automatically when a certain limit for each test has been reached, even if the official closing date for entries has not arrived.

- 6.2.2 When tests are advertised as limited and entries do not fill in the levels offered, the tests may be interchanged as follows, providing the test-giving club has the resources necessary to offer the substituted test(s):

Any dog proven not to correspond with its entry form shall be disqualified, and all winnings and entry money shall be forfeited. 6.5 Acceptance Date

6.5.1 No entries will be accepted prior to the acceptance date, which shall be not earlier than 45 days prior to the first day of the test. Any entries received prior to this will be returned.

6.6 Closing Date

6.6.1 The trial secretary will notify the entrant on the day the entry is received. Confirmation of entries and position of the exhibitor, or alternate list will be provided on the closing date. When the advertised limit has been reached, all remaining entries shall be assigned a position on an alternate list in the order received. At the time of the draw, entries from the alternate list may fill any absentee spaces. An absentee is defined as an entrant who is not present at the time of the draw. The person making the entry shall be notified of his position on the alternate list. Entries will be refunded within 10 days of the tracking test to those on the alternate list who did not participate in the test.

If an entrant pulls out of the test and is filled by an alternate who accepts the position, then the alternate is now responsible for the entry fee paid to the club. The original participant will be refunded the entry fee in full. If the alternate pulls out after accepting the position, after the closing date, and there are no additional alternates, then this alternate forfeits the entry fee to the club.

6.7 Bitches in Season

- 6.7.1 The permitting of bitches in season to compete shall be the option of the test-giving club and clearly stated in its premium list.

6.10 Program of Judging

- 6.10.1 *(19-09-12)* At the tracking test, a club must provide a printed catalogue listing each entered dog and each alternate. The catalogue must contain all the information as stated in Appendix 1. The catalogue must be distributed to each exhibitor prior to the timing of the draw on the day of the test.

Draw times for each test must be published in the judging schedule Premium List. Should it be necessary to change the draw time for unforeseeable circumstances each exhibitor affected by this change of time must be personally notified of the new draw time no later than 24 hours prior to the revised draw time. See Section 4.1 (q).

- 6.11.5 The host club will supply enough items for the number of tracks laid. The draw will be done with all participants present at a predetermined location and time. 7 UNSPORTSMANLIKE CONDUCT

- 7.1 It shall be deemed unsportsmanlike conduct if a person, during the running of, or in connection with an event, abuses or harasses a judge, trial official or any other person present in any capacity at the event.
- 7.2 Any handler who displays unsportsmanlike conduct or who is seen to kick, strike or otherwise roughly manhandle a dog while on the grounds of a tracking test at any time during the holding of the event, may be expelled from the trial by the Tracking Test Committee.
- 7.3 The judges shall also have the authority to expel a handler from a test if they observe unsportsmanlike conduct on the part of the handler or see the handler kicking, striking or otherwise roughly manhandling a dog while the event is in progress. It will be the duty of the judge to report promptly to the Tracking Test Committee the expulsion of a handler.
- 7.4 The Tracking Test Committee shall investigate, at once, any instance of alleged unsportsmanlike conduct on the part of the handler, or any report that a handler has been observed kicking, striking or otherwise roughly manhandling a dog. If the Tracking Test Committee, after investigation, determines that a handler is in violation of this section, and that the incident, if proven, would constitute conduct prejudicial to the sport or the CKC, it shall exercise its authority in accordance with the Complaints section of these rules.
- 7.5 The Test Secretary shall submit to the CKC a complete report of any hearing action taken under this section within 21 days.

8 TRACKING TEST TITLES

8.1 Tests

- 8.1.1 There are 4 separate tracking tests. A TD title is a prerequisite for entering TDX and UTD tests. A UTD is a prerequisite for entering a UTDX test.
- 8.1.2 The tracking tests shall be known as:
- (a) Tracking Dog Test with a recorded TD title.
 - (b) Tracking Dog Excellent Test with a recorded TDX title.
 - (c) Urban Tracking Dog Test with a recorded UTD title
 - (d) Urban Tracking Dog Excellent Test with a recorded UTDX title
- 8.1.3 A dog which has earned all 4 CKC tracking titles *(19-06-12)* under at least two (2) different judges (TD, TDX, UTD, UTDX) shall be awarded the title of Tracking Champion. The initials TCh may be displayed in front of the dog's name.

8.2 Tracking Dog (TD)

- 8.2.1 The CKC shall permit the use of the letters TD signifying Tracking Dog to be used after the name of each dog that has met the requirements for the title as hereinafter provided:
- (a) The dog must have been certified by the judge to have passed the Tracking Dog Test.
 - (b) The dog must be registered with the CKC or have an Event Registration Number (ERN), or a Performance Event Number (PEN) or if listed in the miscellaneous list a Miscellaneous Certification Number (MCN). The registration number, ERN, PEN or MCN must be shown on the entry form. The owner, as recorded in the records of the KC, shall be entitled to a certificate issued by the CKC certifying that the title has been won at an approved Tracking Dog Test held under the CKC rules.

8.3 Tracking Dog Excellent (TDX)

name of each dog that has met the requirements for the title as hereinafter provided:

- (a) The dog must have been certified by the judge to have passed the Tracking Dog Excellent Test.
- (b) The dog must be registered with the CKC or have an Event Registration Number (ERN), or a Performance Event Number (PEN) or if listed in the miscellaneous list a Miscellaneous Certification Number (MCN). The registration number, ERN, PEN or MCN must be shown on the entry form. The owner, as recorded in the records of the KC, shall be entitled to a certificate issued by the CKC certifying that the title has been won at an approved Tracking Dog Excellent Test held under the CKC rules.

8.4 Urban Tracking Dog (UTD)

8.4.1 The CKC shall permit the use of the letters UTD signifying Urban Tracking Dog to be used after the name of each dog that has met the requirements for the title as hereinafter provided:

- (a) The dog must have been certified by the judge to have passed the Urban Tracking Dog Test.
- (b) The dog must be registered with the CKC or have an Event Registration Number (ERN), or a Performance Event Number (PEN) or if listed in the miscellaneous list a Miscellaneous Certification Number (MCN). The registration number, ERN, PEN or MCN must be shown on the entry form. The owner, as recorded in the records of the KC, shall be entitled to a certificate issued by the CKC certifying that the title has been won at an approved Urban Tracking Dog Test held under the CKC rules.

8.5 Urban Tracking Dog Excellent (UTDX)

8.5.1 The CKC shall permit the use of the letters UTDX signifying Urban Tracking Dog Excellent to be used after the name of each dog that has met the requirements for the title as hereinafter provided:

- (a) The dog must have been certified by the judge to have passed the Urban Tracking Dog Excellent Test.
- (b) The dog must be registered with the CKC or have an Event Registration Number (ERN), or a Performance Event Number (PEN) or if listed in the miscellaneous list a Miscellaneous Certifica-

tion Number (MCN). The registration number, ERN, PEN or MCN must be shown on the entry form. The owner, as recorded in the records of the CKC, shall be entitled to a certificate issued by the CKC certifying that the title has been won at an approved Urban Tracking Dog Excellent Test held under the CKC rules.

9 CANCELLATION OF WINS

- 9.1 If a dog is entered in any test for which it is ineligible, all prizes, awards and titles won by that dog shall be cancelled by the CKC.
- 9.2 When the win of a dog is cancelled by The Canadian Kennel Club, the entrant shall return all prizes to the Secretary of the test-giving club within ten (10) days of notification by The Canadian Kennel Club.
-

10 STANDARDS FOR TRACKING TESTS

10.1 Tracking Test Grounds

- 10.1.1 The tracking test grounds will be determined by the Tracking Test Committee with individual testing areas set aside for each dog entered.
- 10.1.2 The Tracking Test Committee shall try to keep livestock off the actual tracking area during the hours of the test.
- 10.1.3 The stewards shall keep each exhibitor from observing his allotted track while it is being laid. Failure of the exhibitor to cooperate with the steward will constitute strong grounds for the judge to mark his dog disqualified.
- 10.1.4 The judge shall strive to make the tracks in each class, equal as to length, age and number of turns or degree of difficulty.
- 10.1.5 The urban-type environment consists of cut grass in cities or towns using areas such as park settings, industrial and office parks, schools, campuses, and
- (24-09-12)
-

non-vegetated surfaces such as brick, concrete, gravel, sand, mulch and asphalt. The event hosting club is responsible for ensuring that appropriate areas are available for UTD or UTDX tracks. Hay fields or agricultural areas are unsuitable and cannot be used for Urban tracks. At the time of initial plotting of the tracks, if the judge finds the area provided to be unsuitable, he may at his discretion, cancel that portion of the trial, or if an alternate area is found to be suitable, will only plot the tracks as that area allows. The judge must submit a report to the CKC within 21 days of the completion of the trial stating the failure of the club to provide a suitable urban tracking venue. The CKC will then refuse any future applications from that club for Urban Tracking Trials until they are satisfied that a suitable venue for Urban tracks is available. Approximately 1/3 of each UTD Track and a minimum of 1/3 and a maximum 1/2 UTDX Track requires non-vegetated surfaces of materials as stated above.

- 10.1.6 The Tracking Representative for the zone in which
(21-06-12) the Tracking Test is being held may be present as an observer, on the day of plotting unless they are entered in the test.

10.2 Collars & Protective Gear

- 10.2.1 The use of prong or pinch collars will not be allowed on the test grounds.
- 10.2.2 Protective gear may be worn by the dog on the track,
(22-06-12) provided such equipment is inspected by the judge prior to being put on the dog at the start. Clothing gear for extreme cold or heat, footwear and eye protection such as doggles will be allowed. Hunter orange reflective gear is also permitted. Coats worn must not interfere with the harness.

10.3 Equipment & Tracks

10.3.1 Equipment

- (23-06-12) (a) Before laying the track, the tracklayer or the test-giving club shall produce for the judge's inspection, article or articles which the dog is to find.
- (b) For TD and TDX: The article must be leather and approximately 10 cm X 15 cm (4" X 6") and not of a colour which will contrast sharply with the background.

-
- (c) For UTD: The first article may be fabric, wood or plastic, the last shall be leather. Articles shall be approximately 10 cm X 15 cm (4" X 6") and not of a colour which will contrast sharply with the background.
 - (d) For UTDX: The first and second articles may be fabric, wood, plastic or metal; the last shall be leather. Articles shall be approximately 10 cm X 15 cm (4" X 6") and not of a colour which will contrast sharply with the background.
 - (24-06-12) (e) All articles must be approximately 4"X6" and should be such that they easily can be picked up by the dog if this is the way they indicate the article.

10.3.2 Plotting Sheets

- (25-06-12) (a) A plotting sheet for each track shall be prepared showing the approximate length in metres of each leg, major landmarks and boundaries, if any.
- (b) Judges are responsible for laying out test tracks prior to a test. In circumstances where a judge is unable to plot test tracks, a knowledgeable test committee may do so.
- (c) All proposed tracks are subject to approval by the officiating judge prior to commencement of the test.
- (d) The tracklayer shall make their own map at the time of track plotting, working with the judge.
- (e) The judge shall mark the plotting sheets at the time the dog is tracking and make any other notations.
- (f) The test-giving club and judge shall ensure there is sufficient space so that a minimum of 40 metres exist between tracks to allow handlers and dogs to work the prescribed distances noted in section 10.5.2.

10.3.3 Tracklayer

- (a) At the start of the track, the tracklayer, who shall not be a member of the handler's immediate household, shall thoroughly tramp an area of about one square meter, remain standing one minute, then proceed along the designated track at a normal walking pace. No standing still or shuffling while on the track is permitted.
- (b) The tracklayer shall leave one flag to mark the start of the track and another 30 metres (98

feet) from the start to indicate the initial direction of the track for the TD test. After dropping the article or articles, the tracklayer shall proceed straight ahead for at least 20 metres (66 feet) and leave the course.

- (c) The chart will be marked with an X the location at which the tracklayer is to place the article or articles.

10.3.4 Every effort shall be made so that no major part of any track shall run along a fence or boundary or within 10 metres (33 feet) of such a boundary and no track shall cross an established body of water.
(26-06-12)

10.3.5 Articles may not be dropped at turns or within 20 metres of a turn. The articles must be dropped directly on the track and be stepped on by the tracklayer.
(26-06-12)

10.3.6 Timings in regards to the aging of a track will start from the time the tracklayer begins to lay the track.

10.3.7 No person may lay a track in the level or degree at a test they are also entered in.
(25-09-12)

10.3.8 No leg of any urban track may be shorter than 30 metres, however a 30 metre leg may not be used to connect parallel legs.

10.3.9 No track shall be laid in such a way that the dog/handler team will have to enter an opening of less than 4 feet(121.9cm) in width in UTD and UTDX. (Narrow Opening)
(26-09-12)

10.4 Judges

10.4.1 The judge shall ask the handler to describe the usual manner in which the dog indicates the article. If in the judge's opinion the dog actively searched the area where an article was dropped but did not find the article and the tracklayer cannot find the article, the dog shall be given credit for finding the article.

10.4.2 The judge is in total control of all activities on the track.

10.4.3 In case of unforeseen circumstances, the judge may, at his discretion, give the handler and his dog a second chance on a new track.

10.4.4 The judge will walk the track behind the handler and dog at a reasonable distance accompanied by the tracklayer that laid that track.

10.5 On The Track

10.5.1 The Handler

- (27-06-12) (a) The handler may not be given any assistance by anyone and compulsion of any kind shall not be used by the handler while setting the dog on the track or during the tracking itself. The handler may give a verbal command and/or point at the scent pad to start.
- (27-06-12) (b) If the handler has reason to believe that the dog has not taken the scent properly, he may restart the dog once in the TD test providing that the dog has not proceeded past the second marker; or once in the TDX test that the dog has not gone more than 5 metres (16 feet) from the marker; or once in the UTD or UTDX test providing that the dog has not gone more than 10 metres (33 feet) from the marker. The restart may occur at the original scent pad or anywhere between the start flag and second flag in a TD. When restarting in a TD between the two flags, the handler may use a verbal command and/or point at the ground. In TDX, UTD and UTDX tests rule 10.6 b must be observed, and only verbal encouragement may be given to a dog after indicating articles or after water is given other than a re-start. Pointing at the ground once past the start is to be considered guiding. There should be a clearly designated marker for the start of the track.
- (27-09-12) (c) Encouraging the dog is permitted, but its unnecessary use is to be discouraged. A dog that is working too fast for the conditions may be restrained gently by the handler.
- Guiding is defined as behavior by the handler that influences or determines the dog's direction. Guiding is prohibited and will cause the dog to fail.
- (28-06-12) (d) Failure for guiding is solely at the discretion of the judge. While teamwork and line handling are recognized as integral to the sport of tracking, any overt measures in the judge's estimation that, change or influence a dog's direction may be considered grounds for guiding for which an entrant will be failed.
- (e) The handler shall hold found articles in the air momentarily and then retain them until the end of the track, after which they will be examined by the judge.

-
- (f) No food, training aid or motivational item shall be carried on the track.
 - (g) Abuse of the dog while on the track is cause for automatic failure.

10.5.2 The Dog

- (29-06-12) (a) The dog must be on a lead from 5 metres (16 feet) to 15 metres (49 feet) in length. The 3 metres (10 feet) must be respected as a minimum “handler to dog” distance. The dog must work at a distance where it works freely and is not influenced by the proximity of the handler, who may adjust line length as appropriate to conditions and obstacles, to assist the dog in its work.
- (30-06-12) (b) The dog must be given ample opportunity to take the scent at the starting point. The dog should explore the trampled starting point without coaxing from the handler.
- (31-06-12) (c) There is no time limit provided the dog is working. A dog that is off the track and is clearly not working shall not be given any minimum time just on the chance that it might pick up the track again. In all levels, a dog that is 20 metres (66 feet) off the track and still working may be allowed to continue, provided it does not start to interfere with another track or get the dog into a dangerous situation. A dog that is more than 20 metres (66 feet) off the track may be failed. The distance off the track is measured from the dog not the handler’s location.
- (32-06-12) (d) The article is to be found by the dog. The manner in which the dog treats found articles shall be left to the discretion of the handler as to whether the dog retrieves or indicates the found article.
- (32-06-12) (e) If the dog is wearing a harness, the lead must be attached to that harness. If the dog is wearing a slip or buckle collar, the lead must be attached to the dead ring.

10.6 Water

- (33-06-12) (a) The handler may supply and carry a factory sealed bottle of plain water, which may be examined by the judge prior to the start of their track. Water may be offered at any time on the track at the handler’s discretion. However if in

the judge's opinion the watering is excessive for the tracking conditions, the dog may be failed as not working.

- (33-06-12) (b) This rule applies to all levels. After informing the judge that water is needed, the handler may approach the dog to provide water; after which the dog must continue working from that point on its own with verbal encouragement only.

10.7 The Tracking Dog Test (TD)

- (a) The length of the track shall not be less than 400 metres (1312 feet) and not more than 450 metres (1476 feet).
- (b) The track is to be no less than one-half or more than 2 hours old at the time that the dog starts the track.
- (c) The scent shall be that of the tracklayer who shall leave a leather glove, wallet or other leather article, satisfactory to the judge, at the end of the track.
- (34-06-12) (d) All turns shall be well out in the open where there are no fences or other boundaries to guide the dog. There will be 3 to 5 turns both left and right. There will be a maximum of 5 turns, 2 of which will approximate right angles, none of which will be acute angles. No conflicting track shall be laid.
- (e) Track will be plotted on a vegetated surface with minor changes in cover. A vegetation change suitable for TDX is not allowed.

10.8 The Tracking Dog Excellent Test (TDX)

- (a) The length of the track shall not be less than 900 metres (2953 feet) or more than 1000 metres (3281 feet).
- (b) The track shall be not less than 3 hours old and no more than 5 hours old at the time that the dog starts the track, and shall be crossed in 2 places at well separated intervals by a more recent track.
- (c) The track shall contain at least 5 turns and no more than 8 turns with no acute angles less than 45 degrees.
- (d) The first article should be dropped not less than 250 metres (820 feet) from the start of the track; the second article at an irregular interval between the first and third; and the third article shall be dropped at the end of the track.

-
- (e) One hour after the primary track has been completed, the judge shall instruct a second person, who shall not be a member of the handler's immediate household, to start out from a given point and cross the original track in 2 places. The judge will strive as much as possible to ensure the cross tracks intersect the primary track at a 90-degree angle.
 - (35-06-12) (f) The primary track should be laid over varying vegetation and "may" cross a road. The use of wooded areas is also permissible.
 - (g) The dog must find the last article and one other; the dog must not follow one of the cross tracks for a distance of more than 20 metres (66 feet).

10.9 The Urban Tracking Dog Test (UTD)

- (a) The length of the track shall not be less than 300 metres (984 feet) and not more than 400 metres (1312 feet).
- (b) The track is to be no less than one hour or more than 2 hours old at the time that the dog starts the track.
- (c) The tracklayer shall leave the two approved articles at the designated locations on the track. The dog must find both articles, except as noted in section 10.4.1. The first article should be dropped not less than 100 metres (328 feet) from the start of the track; the last article shall be dropped at the end of the track. One article shall be left on a non-vegetated surface. The dog will not be penalized/failed for indicating additional articles that were not left by the tracklayer.
- (36-06-12) (d) Approximately 2/3 of the track shall be on vegetation, the other 1/3 (no less than 100 metres (328 feet)) shall be on non-vegetated surfaces such as gravel, dirt, sand, mulch, brick, concrete or asphalt. The first 30 metres (99 feet) of the track shall be on vegetation. Vegetation is defined as an area where there is plant life. Judges shall strive to find appropriate vegetation as conditions warrant for the start of urban tracks.
- (e) The track shall contain 3-5 turns; both left & right; at least 2 are 90 degrees; none may be acute. One turn shall be on a non-vegetated surface.
- (f) No conflicting track shall be plotted, but naturally occurring crosstracks are to be expected in an urban environment, so if they should happen, they will not invalidate the track.

-
- (36-06-12) (g) No “Obstacles” shall be included on a UTD track. Obstacles would include guardrails, fences, stairs (no more than 2 Steps), open buildings (i.e. gazebos). Urban tracks can go through breezeways, underpasses and under bridges.

10.10 The Urban Tracking Dog Excellent Test (UTDX)

- (a) The length of the track shall not be less than 600 metres (1968 feet) or more than 750 metres (2461 feet).
- (b) The track shall be not less than 3 hours old and no more than 5 hours old at the time that the dog starts the track.
- (c) The tracklayer shall leave the three approved articles. The dog must find all 3 articles, except as noted in section 10.4.1. The first article should be dropped not less than 100 metres (328 feet) from the start of the track; the second article at an irregular interval between the first and the third; and the third article shall be dropped at the end of the track. At least one article shall be left on a non-vegetated surface. The dog will not be penalized/failed for indicating additional articles that were not left by the tracklayer.
- (d) A minimum of 1/3 and a maximum of 1/2 of the track shall be on non-vegetated surfaces such as gravel, dirt, sand, mulch, brick, concrete or asphalt. The remaining parts of the track shall be on vegetation. At least the first 25 metres of the track shall be on vegetation.
- (e) The track shall contain at least 5 turns and no more than 7 turns; both left and right; with no acute angles less than 45 degrees. At least one 90-degree turn shall occur in a non-vegetated area and plotted in such a manner as to allow the next leg to be at least 25 meters long before changing back again to a vegetated surface.
- (f) No conflicting track shall be plotted, but naturally occurring crosstracks are to be expected in an urban environment, so if they should happen, they will not invalidate the track.
- (g) Obstacles such as guardrails, stairs, open buildings (ie. gazebos and breezeways) are permitted. No track may enter a closed building.

10.11 Disqualification

- 10.11.1 Any dog disqualified for biting or viciousness shall automatically be disqualified from entering in any other event in any other discipline until such time as the dog is officially reinstated.

10.12 End of Test

- 10.12.1 The judge shall sign each plotting sheet showing on each the time the tracklayer started, the time the dog started and finished tracking, a brief description of the ground, the wind direction and weather conditions, and whether the dog passed or failed.

11 SANCTION TRACKING TESTS MATCHES

- 11.1 A club wishing to hold a sanction tracking test must submit an application on the form provided by CKC for the approval of the CKC Board member for the zone.
- 11.2 The application should be submitted at least 60 days prior to the date of the sanction tracking match.
- 11.3 A club may offer ribbons or prizes. If ribbons are offered, they can be of any colour except blue and must be made of fabric.
- 11.4 As far as practicable, the rules that apply to a tracking test apply to a sanction tracking test.
- 11.5 *(37-06-12)* The person judging a sanction tracking test should be an available tracking judge or an experienced tracking person with a title obtained or competition and training experience at the level they are judging.

12 PROTESTS

- 12.1 A protest against a dog may be made by an exhibitor/handler, any member of the CKC, or a member of the club or association holding the tracking test. It must be in writing, on a form provided by the CKC
-

(or facsimile thereof), and be lodged with the Tracking Test Committee Chair before the closing of the test. A hearing shall be held prior to the departure of all parties. No protest will be entertained unless accompanied by a deposit. This deposit will be returned if the protest is sustained. If the protest is not sustained, the deposit will be forwarded to the CKC with the Tracking Test Committee's report.

- 12.2 Where the Test Committee consists of more than 5 persons, the president of the test-giving club shall name 5 members of the Tracking Test Committee to act on any protest received by the test-giving club.
- 12.3 Written copies of all decisions on protests must be forwarded immediately to the Discipline Committee of the CKC. The Discipline Committee may take such action as it deems fit in connection with such protest, provided no appeal is submitted to the CKC within 10 days of the date on which the decision of the Tracking Test Committee was rendered. Such action may include barring the dog from future CKC approved events, imposition of an administrative fee, and/or cancellation of awards. The fact that the Tracking Test Committee did not sustain a protest in no way inhibits the right of the Discipline Committee to take such action as it deems advisable.
- 12.4 An appeal to the Discipline Committee of the CKC from a decision of the Tracking Test Committee where a dog has been protested must be forwarded to the CKC within 10 days of the date on which the decision was rendered, together with a deposit.
- 12.5 If a test-giving club fails to hear a protest as prescribed above, or in the opinion of the Discipline Committee improperly handles a protest, the Discipline Committee shall have the authority to take such action as it deems fit and necessary, and it may at the same time take disciplinary action against the officials of the test-giving club concerned.

13 COMPLAINTS

- 13.1 A complaint against a person regarding a violation of the rules and regulations related to tracking tests must be in writing on a form issued by the CKC (or facsimile thereof), and must be accompanied by a
-

-
- deposit. A deposit is not required on a complaint alleging that a judge officiating at a tracking test held under these rules and regulations has been subject to indignities of any kind during the progress of the test.
- 13.2 A complaint should be lodged with the Tracking Test Committee Chair of the test-giving club no later than 15 minutes after the completion of judging of the test, or should the complainant choose to do so, a complaint may be submitted directly to the CKC within 10 days of the test. All such complaints shall constitute complaints under the CKC By-laws and the provisions of same shall apply.
- 13.3 Any complaint against the club holding the test or any of its officials must be submitted directly to the CKC within 10 days of the test. All such complaints shall constitute complaints under the CKC By-laws and the provisions of same shall apply.
- 13.4 A complaint shall be restricted to any of the following:
- (a) An act of omission or commission on which is based on an allegation of a violation of the Tracking Test Rules and Regulations
 - (b) Any act on which an allegation of misconduct is based.
 - (c) The alleged failure of an officiating judge to excuse or remove from competition, a dog for which a provision for excusing or removal from competition appears in these rules and regulations.
- 13.5 Where the Tracking Test Committee consists of more than 5 persons, the president of the test-giving club shall name 5 members to form a Tracking Test Committee to act on complaints received by the test-giving club.
- 13.6 When a complaint is received against a judge by the test-giving club, the club will hold a hearing while all parties are still in attendance. The report and all statements given by all parties will be forwarded to the Discipline Committee along with the deposit from the complainant. The Tracking Test Committee will not render a decision but will collect all pertinent information.
- 13.7 Upon receipt of a complaint, the Tracking Test Committee of the test-giving club shall conduct an investigation as soon as possible thereafter, but in any event, within 14 days of receipt, shall conduct a hearing in accordance with the procedure for conducting a Tracking Test Committee hearing as provided in these rules and regulations.
-

-
- 13.8 The Tracking Test Committee shall promptly forward the complaint, the deposit and a record of the hearing together with its recommendation on the disposition of the complaint to the CKC. Copies of the record of the hearing and the Committee's recommendation will be forwarded to the parties concerned at the same time.
- 13.9 Notwithstanding any contrary provisions in these rules and regulations, the procedure specified herein for dealing with complaints shall govern.
- 13.10 Disciplinary action will be taken against any official and the test-giving club of which he is an official when it is established to the satisfaction of the CKC that an attempt was made to discourage the submission of a complaint.
- 13.11 Disciplinary action will be taken against a test-giving club which fails to properly deal with complaints as provided in these rules and regulations.
-

14 DISCIPLINE

- 14.1 The Discipline Committee may take disciplinary action against any club, person, partnership, company or organization for any act of omission or commission, which violates any section or sections of the rules and regulations for CKC tracking tests. Such action will be taken as provided for in the By-laws of the CKC.
- 14.2 No person shall abuse a dog on the grounds or premises of a test, or conduct himself in a manner prejudicial to the best interests of the event.
- 14.3 Any club, member, person, partnership, company or organization availing themselves of the privilege of participating in any capacity or manner whatsoever at a tracking test shall, by such participation, be deemed to have agreed to the authority of the CKC and its Board as conferred on the CKC by its By-laws and all other rules and regulations adopted by the CKC.
- 14.4 At its discretion and subject to the appeal process, the Discipline Committee may cancel any or all titles and awards earned by a dog owned by a person debarred, deprived, suspended or expelled of all privileges of the CKC when such wins were earned following the date on which such act occurred that resulted in disciplinary action.
-

-
- 14.5 The administration to a dog competing at a tracking test of a drug or any substance, in any form, which alters the nervous system by stimulation, sedation or tranquilization shall be considered as misleading the judge and will be considered misconduct. The person or persons responsible will be subject to disciplinary action in accordance with this section.
- 14.6 Any person, either within or outside the field, who does anything calculated to attract, distract or otherwise interfere in any way with the attention, deportment or performance of a dog under judgement, may be disciplined by the Discipline Committee in whatever way it considers to be the best interest of the club, or the judge may take summary action.
- 14.7 It shall be the duty and obligation of the test-giving club to see that a judge, club official, volunteer, or any participant at an event held under these rules, is not subject to indignities of any kind. The Tracking Test Committee Chair shall promptly report to the CKC any infringement of this regulation, and the Discipline Committee shall have the authority to take such action as it deems fit on receipt of a report indicating that this has occurred.
