

Bikes for Books Program Form

Program is for students grades Kindergarten through Fifth Grade.
Please type or print: This form will be used for the drawing.

Name: _____

Mather Elementary School Grade: (K) (1) (2) (3) (4) (5) (Circle one)

Mailing Address: _____

City: _____ State: _____ Zip: _____

Phone: _____ Parent Email: _____

Boy **Girl**

I have read the following four or more books and have completed the A.R. test for each book read. Please place my name in the drawing for a bike and helmet.

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____

_____ Parent/Guardian Signature

_____ Mrs. Luoma

Please mail or drop off this completed form to:

**Mather Elementary School
411 Elm Avenue
Munising, Michigan 49862**

Drawing entry deadline is: March 29, 2018

**Grand Island Lodge No. 422, Masons
228 W. Onota Street
Munising, Michigan 49862
(906) 387-2015**

Introducing the Bikes for Books Program

Dear Parent or Guardian,

The Munising Masons in cooperation with Mather Elementary School are sponsoring a new program to encourage students in grades Kindergarten through five to read. The program requirements are simple; Students need to read four "grade appropriate" books approved by their teacher during the "March reading month" period and pass the A.R. test for that book. If the student meets those requirements and has turned in their completed entry form to the teacher or office, their name will be added to a drawing that will take place in the spring at an assembly, for a new bike and helmet.

Reading is one of the most important tools we can give our children!

This program is a mutual commitment between the student, teacher, principal, Our Lodge, and especially you, the parent/guardian. When we all work together, we are all winners.

Enclosed is a sheet with the simple guidelines for the program and entry form that will be completed by the student, parent/guardian and teacher. After completion, please return the completed form to the Mather Elementary Office.

Thank you for your consideration!

Sincerely,

Bill LeVeque

Program Chairman
