BASE ACCESS -Drill Sun, 04 Jun, will be at the Navy Operational Support Center (NOSC), not 4th LEBN(our usual drill center). The NOSC is located inside the 934 AW (USAFRes) base (off Crosstown 62, 34th Ave exit. Like on all military installations, security is tight. Everybody visiting us, incl the Senior Farewell ceremony, has to pass thru the Air Force security police at the base entry gate . Unless you have a military (incl retired military) ID, your name must be on the Entry Authorization List (EAL). If you have a Sea Cadet ID, we add your name to the EAL automatically. If you don't have a sea cadet ID, we need to enter your Last name, first, DOB and driver license # (if any). We need this info EXACTLY in this order. The Air Force will conduct a cursory background check, that's why we have to submit these names five days in advance. When you get to the base guard, tell them you are on the Sea Cadet EAL (they have other EALs there, too). After you pass the base gate, the NOSC is the first large building on your left. You need to park in the lot across the street from the NOSC (on your right) and walk to the NOSC entrance. There will be a Sea Cadet watch who will tell you where to go (depending what time of day you arrive).

2017/2018 NSCC Cadet Leadership Billets are open. Submit applications (see PAY POM) by 01 JUN to the CO at AllysonMcCormack86@gmail.com.
