Financial Assignment and Agreement

1. Please remember that insurance is considered a method of reimbursing the patient for fees paid to the doctor and is not a substitute for payment. Some companies pay fixed allowances for certain procedures, and others pay a percentage of the charge. **It is your responsibility to pay any deductible amount, co-insurance, any other balance not paid for by your insurance, and any collection agency fees.**
2. **In order to control your cost of billings, we request that your charges for office visits be paid at the conclusion of each visit unless you are covered by Medicare.**
3. I request that payment of authorized Medicare and/or insurance benefits be mad on my behalf for any services furnished me. I authorize that any holder of medical information about me to release to the Health Care Financing Administration, its agents, or any insurance carrier I may have, any information needed to determine these benefits or the benefits payable for related services.
4. This assignment will remain in effect until revoked by me in writing. A photocopy of this assignment is to be considered as valid as an original. I understand that I am financially responsible for all charges whether or not paid by said insurance. I hereby authorize said assignee to release all information necessary to secure the payment.

CANCELLATION AND MISSED APPOINTMENT POLICY

We understand that situations arise in which you must cancel your appointment. Our Physicians request that if you must cancel your appointment you provide more than 24 hours' notice.

Effective August 16, 2016 a $30.00 missed appointment fee will be charged on all missed appointments, and appointments cancelled with less than a 24-hour notification. We want to insure the best possible physician availability to all of our patients. The missed appointment fees are the sole responsibility of the patient and must be paid in full before the patient's next appointment can be scheduled.

I do know and understand that my insurance, Medicare, and/or Medicaid will not be billed for the missed appointment fee. I am responsible for the missed appointment fee.

Please sign to confirm that you have read the above and understand this Cancellation Policy.

Refraction Service and Fee

The refraction test is the process of determining if there is a need for corrective eyeglasses or contact lenses. It is an essential part of an eye examination and necessary to write a prescription for glasses or contacts.

Most medical insurance plans, including Medicare, do NOT cover routine refractions or routine eye examinations (when no medical eye problem is known or suspected). Medicare allows that we charge separately for that portion of the examination, since it is not a covered service.

If you have a separate vision plan that covers routine or annual eye examinations and/or glasses, please let us know. Your vision plan may assist you with your eye care needs that are not covered by your medical plan.

Our office fee for a refraction is $30.00, and this fee is collected at the time of service in addition to any copayment your plan may require. Should your plan pay us for the refraction, we will reimburse you accordingly.

If you have any questions regarding Medicare and insurance policies and procedures, please do not hesitate to ask. We will do our best to assist you.

Patient Acknowledgement

I have read the above information and understand that the refraction is a non-covered service. I accept full financial responsibility for the cost of this service and understand it is due at time of service. I understand that any copayment, coinsurance, or deductible I may have are separate from and not included in this refraction fee.
