

April 2019 Newsletter

Finally, the light evenings and the sun is starting to let us know Winter is on its way out and Spring is on its way. Stacey the Sparrow certainly believes so as shes beaten Bella the Blue Tit to the nesting box and as the children are witnessing on the monitor, starting to collect straw, grass and feathers and make her nest. Its great to see the progress and will be interesting to see the difference in Bella's nest from last year.

findmykit.c

We have signed up with a company with a revolutionary way to label clothing and belongings. Instead of the traditional name tag they have developed it into a Smart Tag. This can be either an iron-on or sticker QR code as above. The tag not only bears the owners' name in the traditional format but is specific to one family no matter how many children or which school they attend. Should something be lost, the QR code can be scanned and automatically sends to the account holder an email or a text mess notifying them what is lost, where it is located and how it can be collected. More schools and buses are using this now too. For £20 you receive 25 iron on labels, 25 stickers and 3 QR keyrings for bags, lunchboxes etc. If this is something you feel would benefit you, please go to www.findmykit.com
