

Welcome! The PDX program is run by Sports Car Club of America, the St. Louis Region.

We hold 5 events at Gateway Motorsports Park in Madison, IL. Events are held on the third Wednesday of the month, May through September. We begin at 3pm with registration and check in at the track. We run until dark. Participants will pre-register on MotorsportReg.com the link can be found on the website. When you register, it will ask for previous experience, this helps us get you where you need to be.

The events consist of classroom instruction for a short time before the track sessions begin. We have three run groups, Novice, Intermediate and Advanced. An Instructor is assigned to each participant, they ride with the Novice, but Intermediate and Advanced drivers are able to run alone.

If a person would like to come and observe, this is allowed. We also offer a '\$25 and Ride' option. You would pay \$25 to the registrar at the track and ride along with one of our instructors in a session to see what it is all about!

Street cars are the majority of the vehicles we run. There are, of course, rules and regulations surrounding the event, there is a link on the main page of the website which outline these. It will tell you what kind of vehicles can run and also driver requirements.

These events are about fun and safety. We run 4 twenty minute session for each run group in each event. This gives you plenty of 'seat time'. You can have close instruction or just someone available to answer a question or two.

Again, welcome to the website, we hope to see you at an event! Please use the contact page for any further questions you may have. The checklist for newbies is also very informative.

Charlene Lain, PDX Chair
Bruno Stopke, Chief Instructor
Steve Kleeschulte, Chief of Tech
