

PARTICIPATION LODGE GREY-BRUCE **VOLUNTEERS NEEDED**

Why Volunteer?

Volunteers are the bridge between the community and the services that we provide. Because of the involvement of volunteers, our organization can continually increase the supports to the people who need our services. We make every effort to provide meaningful and rewarding opportunities for our volunteers.

We provide orientation and offer on-going training opportunities, flexible time commitments and numerous opportunities to meet new people, learn new skills, and get involved in your community.

Join us as we explore possibilities to create inclusive communities for people who have an intellectual or physical barrier.

Here are a few things we need volunteers for:

- Spend time with a person and connect them to the community
- Share a skill or talent with a person or a small group
- Make it possible for someone to experience new things
- Share time and interests with someone
- Lead fitness classes
- One-On-One with Personal Support
- Help with fundraising events
- Provide transportation to events, programs, recreational activities and appointments

For more information on our volunteer program please contact:
