

Minutes for National Major Trauma Nursing Group- Sub Group Rehabilitation

Date 19/10/2018

- Rehab group introduced selves and locality they were representing  
From this it was clear that the group was adult physio heavy. With representation for paediatrics but no representation from all AHPs.
- Group decided at this early stage they would like to remain on the shared website
- Discussed to look at the nursing models as they next step to try to achieve consistency
- Suggested that we could adopt the ICF
- Could split into paed /Adults but agree on a framework first

Actions:

Karen to have brain storming sheets typed up

Future meetings: emails to invite wider AHP colleagues to the meetings to further grow the AHP representation
