

June 2021

Dear Friends,

As police officers poured into the restaurant for our outreach lunch, I was again reminded of God's power to bring people to hear the gospel and be ministered to. God is using us to encourage them and proclaim the gospel to them. Many of the officers are discouraged as cities and states across this country have made it more difficult than ever before for police to do their jobs.

I have been encouraged as police officers that I have been discipling for many years are growing in their faith. We have seen God save marriages as we have counseled them and prayed for them over the years. Though many have been discouraged because of the attack on law enforcement officers in our country, we have been able to encourage them to not give up as

we pray for law and order to prevail again in our country.

A police officer we are discipling told me that for the first time she is witnessing to people she encounters as she is working on patrol. Police work is a wonderful opportunity for officers to help and minister to people that are in difficult situations. Years ago, when I worked for Los Angeles County Sheriff's I was able to share my faith with many people that I encountered.

I believe God is going to expose corruption and wickedness in our country sooner than later. I believe He still has plans to bless and use our country for His purpose and glory. I am praying for revival and awakening in the church in America. I believe the greatest time of evangelism and harvest will take place in the years to come. We need to continue to pray and trust God as He builds His church knowing that the gates of hell will not prevail against it.

Thank you for your prayers and financial support that enable us to minister to law enforcement officers in our country. As we partner together, we will know that we have done our part in fulfilling the Great Commission.

Sincerely,

Randy Green
