05-June-2014

The Honorable Senator Joe Negron, District 32  
District Office  
3500 SW Corporate Parkway, Suite 204  
Palm City, FL 34990

Dear Senator Negron,

It is my distinct pleasure to endorse this Letter of Commendation on behalf of the Board of Directors and members of the Florida Local Environmental Resource Agencies (FLERA) to recognize and appreciate your achievements this past legislative session. Your actions in support and defense of local government environmental programs were brought to the attention of the FLERA Board, which was greatly impressed by your steadfast commitment to preserving and protecting our unique Florida environmental resources.

You were instrumental in securing funds for the Loxahatchee River Preservation Initiative. The Initiative, Made up of Palm Beach County, Martin County, Town of Jupiter, Village of Tequesta, Loxahatchee River Environmental Control District, South Indian River Water Control District, Jupiter Inlet District, South Florida Water Management District, Friends of the Loxahatchee River and the Florida Department of Environmental Protection, dedicates itself to the restoration of the Loxahatchee River. The funding you helped secure, will provide water storage in the basin, restore wetland habitat and will assist homeowners currently on septic systems to convert to municipal wastewater treatment. FLERA was grateful that you made the time in your busy schedule to learn the facts, understand the science, and support local government efforts.

Please accept this Letter of Commendation as a small token of the gratitude and respect the members of FLERA have for you. It is encouraging to see informed and dedicated individuals such as yourself in critical leadership positions in the state and moreover, within the Florida Legislature. We wish you success in the upcoming session.

Sincerely,

Kristen Hoss  
Executive Director  
FLERA
