

Our Endeavor is to Honor the Past & Inspire the Future

Dedication, determination and drive - that's what it takes to be a Marching Knight. During a typical band season, band members dedicate over 600 hours of practice and performance in grueling weather. This determination has made the Knights of Old Bridge stand out above the rest.

This drive for excellence has given the band the honor of being selected to perform at several patriotic events like the 2013 Washington, D.C. Independence Parade and the 2015 Normandy D-Day Memorial. Now, the band has been asked to perform at the 2018 Pearl Harbor Anniversary Event. It is important for young people to honor those that made the ultimate sacrifice for their future.

As you can imagine, it is costly to transport over 100 band members & crew, chaperones, luggage and instruments across the country and over an ocean. Your monetary contribution will not only help honor the military personnel that sacrificed so much for our freedom, but it will also inspire a new generation of students. Please consider one of the many sponsorship opportunities listed on this flyer to help support our endeavor. Help us honor the past and inspire the future!

***The Old Bridge Marching Knights thank you
for your support!***
