Kodály level 1
July 20 - 31, 2020

Orff-Schulwerk at U of M

Spend part of your summer exploring the magic of Orff Schulwerk and get equipped to lead your students to find their innate musicality and creativity. Level 1 provides an immersive experience of this child-centered approach, while level 2 will prepare you to dive in deeper with upper elementary students.

*Orff de base 2 provides repertoire and pedagogy for francophone and French Immersion contexts and is open to those who have taken Orff level 2 in the past AND also to those who are taking Orff level 2 for the first time.

Kodály-Inspired Pedagogy for the EY & Choral Teacher

A complementary approach to Orff-Schulwerk, Kodály-inspired pedagogy focuses on systematically developing students' capacity to think and do music. Children learn to connect sound and symbol after initial experiences of cultural songs, games, and dances.
