

SK800

SmartKiosk

The SK800 is an ADA compliant self-service kiosk solution with an impressive 23.8" touchscreen display that serves a variety of unattended use cases including ordering at restaurants, ticketing, hospitality self-service, and entertainment self-service. The integrated payment modules and peripherals support all forms of secure electronic payments certified to the highest standards. Powered by a high-performance processor and the *PAXBiz*®, the SK800 allows fast and intuitive payment, along with business application development and integration.
