

- Parade maps are not drawn to scale.
- Watch for directional signs & parade banners near each parade home.
- Detailed directions are on each home page.
- Some parade attendees prefer touring the parade in order. To make it easier, parade planners try to follow a simple tour path, when possible. Certain roads and highways may not be familiar, but are suggested to save time & miles driven. Tour the homes in any order...the maps and suggested routes are strictly for your convenience!
