

Red and Yellow Unique Hair Clouser

Kevin Cohenour

HOOK	Mustad 34007 or equivalent, sizes 2 to 6
THREAD	Red 3/0 or size "G" thread
EYES	Dumbbells
BODY	Red and yellow "Unique Hair" (or substitute "super hair")
FLASH	Pearl krystal flash and silver or gold flashabou

1. Secure hook in vise and wrap thread to the 1/3 hook shank point. Not wrapping back far enough causes many tiers to crowd the eye and not get a nice cone shaped head.

2. Using 8-10 diagonal wraps each direction, secure the eyes at this point. Make 4-5 horizontal wraps around the base of the eyes to lock in. Place a small drop of super glue on bottom of wraps. This helps to better secure the eyes.

3. Cut a fat matchstick's diameter of yellow "unique hair" (for a size 2, less for smaller sizes). I pre-cut the butts. Secure immediately in front of the dumbbell eyes with 3 or 4 wraps. Wrap over the butts towards the hook eye and make a small cone. Wing length should extend at least a hook shank's length past the bend. Pull wing over the eyes and make 5-6 wraps immediately behind the eyes. Move thread to in front of eyes.

4. Secure 8-10 fibers of krystal flash on top of and slightly longer than the bucktail. Repeat with 8-10 strands of flashabou.

5. Cut a slightly fatter bunch of red "unique hair". Again I pre-cut the butt ends to make the red wing the same length as the yellow. Attach on top of flashabou. Wrap and make a neat, tapered head. Whip and cement. If desired, coat head and eyes with epoxy.
