January 13, 2014

To the Sherburn and Welcome City Councils,

The department logged 143 calls for service for the month of December. This brought the total to 1,493 for the year which was a record high for the department.

The average response time for the department in the month of December was two minutes and thirty seconds.

The annual report will be completed by the end of January. I am hoping to have them distributed by the second council meeting of the month. There will also be copies made available in each city hall as well as on the web-site.

The department had a busy year overall. While the number of calls fell off slightly toward the end of the year, we were consistently up each month in the number of calls that we received. January has already shown to be very busy, so we will see what 2014 brings.

Sincerely,

A handwritten signature in black ink, appearing to read "BLH", written over a horizontal line.

Brad L. Hughes
