

Follow-Up Information from the CRDC Session from Brandi McBrayer

Kindergarten Students - In the Setup District LEA > Grade Level X-ref (menu path WS\SR\FR\FO\PF\SL), the district Kindergarten grade level should be cross-walked with OCR Grade Level KG - Kindergarten, even if there are 5-year olds in that grade level.

Alternative Schools - The districts who have a separate school number for their alternative school, and have students dual enrolled in both their home school and the alternative, should report those students under the home school since it is the primary enrollment.
