

Hi Friends,

My name is Lynnae, and I am a gymnastic coach at Jump! South. I am currently a junior at UT Austin pursuing a degree in social work. After graduation, I hope to work with children of all ages and backgrounds in various settings. My passion for working with kids matched with my passion for gymnastics makes this job a dream for me! Growing up, I spent many years in a gymnastics gym, and it quickly became my favorite sport. Forming bonds with my coaches was one of the best things about gymnastics, and I hope to do the same with the kids I teach. I still spend every Olympic season being wowed by the gymnasts who compete. I can't wait to be impressed by all of the kids who come to my gymnastics class, and I am so excited to meet everybody!
