Dear Madame or Sir:

Our company contracted with Theco Electric to deliver Centennial High School, New Mexico's largest Construction Management At Risk (CMAR) project to date. This delivery method requires a true team effort that, in this case, spanned three (3) years. Theco Electric was exceptional in providing quality service and a level of professionalism that gets projects like these done.

I feel highly confident recommending Theco Electric. Our company has worked with them on other successful projects. However, I note Centennial High School above because this is the largest project we have collaborated on with Theco Electric to date. Their contract was approximately \$11,000,000 and the site is located on 72 acres.

Very truly yours,

A handwritten signature in black ink that reads "Victoria E. Martin". The signature is fluid and cursive, with a large, sweeping flourish at the end.
