

# *Fall Conference*

*November 3, 2018*

Disaster Preparedness for  
Child Care Programs  
(HSN) 9 hours Set 3 (pending)

*Roth's Event Center  
1130 Wallace Road NW  
Salem, Oregon 97304*

Do you know what to do to prepare your child care program for a natural disaster? What about after the event is over and the children are still in your care? This advanced training is designed to go beyond minimum requirements of disaster planning. Participants will analyze current policies and procedures, and determine the implications of caring for children during and after a disaster. Creating an in-depth plan for a natural disaster, including the predicted Cascadia event, will help to support safe and healthy environments during a time of stress and trauma.

**Saturday, November 3, 2018**

8:00-8:30 Check In/Breakfast/Networking

8:30-12:00 Morning Session
