

## Service Coordinator Program

Gail Bourgoïn is the current Service Coordinator at Hillside Apartments, located in Suite #307.

The Service Coordinator Program came into being because the U.S. Department of Housing & Urban Development (HUD) realized that there was more to housing than providing shelter and protection from the environment. They realized that residents sometimes needed services in order to remain independent for as long as possible.

The Service Coordination Program provides for residents the highest quality services possible. These services include but are not limited to Entitlement programs (Medicaid, Medicare), help with insurance problems, transportation, meals, and housekeeping. Whatever the need, she will try to coordinate the best service to accommodate your particular needs.

If you have a problem, or just want to talk, you are welcome to come see me in my office or call me and I will go to your apartment. Office hours are Mon, Tue, Wed 9:00 a.m.–2:00 p.m. Ph # 728-1195.
