**I really enjoyed taking this class. I have been certified in Utah for over twelve years and found this to be the most informative training in backflow testing I have attended. Learned alot of things this old dog didn't know. GREAT CLASS! CP / Salt Lake, Utah**

**NOT easy but I am so glad I took this class. I had no idea how much there was to learn about backflow prevention and testing. Super Duper instructors! They made it fun even though it was stressful. ST - Twin Falls, Idaho**
