

SUPPLEMENTS FOR DOGS & CATS

Available at Tabby & Jack's

Supplements allow for optimal health and vitality by tailoring an animal's diet to his or her specific needs. Age, disease, certain susceptibilities, weight, urinary tract infections and crystals, skin conditions, intensive training, digestion and absorption are just a few examples of conditions that can be improved through dietary supplements in addition to a balanced diet. ALLERGIES

- **Doctor Harvey's Bee Pollen:** Bee pollen is a "super food," meaning it contains all the nutrients essential for life. It is also an antioxidant that helps prevent early onset of heart disease, arthritis, and many degenerative diseases. However, one of its most impressive attributes is the ability to reduce allergic reactions in humans and animals.

DENTAL HEALTH

- **ProDen Plaque Off:** The specially selected Scandinavian seaweed *D1070* has a natural defense mechanism against bacterial biofilm. This strand of seaweed is the active ingredient in Plaque Off that works systemically once ingested by the animal. Coming out in the saliva, Plaque Off breaks down the bacterial biofilm on the teeth and gums to reduce plaque, tartar, and bad breath.
- **Wysong DentaTreat:** The dental-active natural cheeses, probiotics, minerals, and apple polyphenols in DentaTreat promote overall tooth and gum health. It prevents tooth decay, gingivitis, and growth of bacteria that cause plaque and bad breath.

DIARRHEA AID

- **NaturVet Anti-Diarrhea:** The active ingredient kaolin absorbs toxins that cause diarrhea while pectin relieves cases of simple diarrhea and gastroenteritis in dogs and cats. This product comes in a flavored liquid for dogs or cats.
- **Nummy Tum Tum 100% Organic Pumpkin:** Pumpkin is loaded with fiber and adding a couple scoops to your dog's food naturally gets rid intestinal irregularity as shown by loose stool or constipation.

ENZYMES AND PROBIOTICS

- **Arc Naturals Gentile Digest:** Gentile digest includes a blend of prebiotics and probiotics to promote growth of good bacteria in the digestive tract.
- **NaturVet Enzymes & Probiotics:** This product contains a concentrated enzyme blend from vegetable sources and live, naturally occurring microorganisms to support a healthy digestive tract. Adding enzymes and probiotics to your pet's diet allows for a more complete absorption of food nutrients, thereby stopping gas, loose stools, and the desire to eat feces.
- **Solid Gold D-Zyme:** D-Zyme contains enzymes from all natural plant sources that are destroyed during commercial pet food cooking and/or processing. These enzymes help alleviate gas, stool-eating and vomiting. They can also help with pancreatic problems, some allergies and skin problems, excessive shedding, and immune disorders.

- **Wysong Pet Inoculant:** Inoculant contains probiotic cultures, immunoglobulins, and cow's milk colostrum antibodies that assist in digestive health during birth, weaning, in conjunction with antibiotics, or while under stressful conditions.

FECES INGESTION

- **Solid Gold S.E.P (Stop Eating Poop):** The amino acid L-Glutamate deters dogs from eating their stool by making it taste bad.

GRASS DISCOLORATION

- **NaturVet Grass-Saver:** This all-natural food supplement neutralizes the pH of your pet's urine so that it does not "burn" or "discolor" lawn.

GROWTH AND DEVELOPMENT

- **NaturVet Bone Meal:** This natural and sterilized source of calcium and phosphorus aids in proper development of bones, teeth, and tissue. NaturVet bone meal comes from USDA approved beef, which are tested BSE free.

HAIRBALL PREVENTION

- **Laxatone:** By preventing hair from clogging the cat's digestive system, this flavored lubricant helps eliminate and prevent hairballs. Laxatone's white petroleum and light mineral oil formula has no known side effects or possibility of overdosing, therefore is a safe and effective way to stop hairballs.

IMMUNE SYSTEM

- **Herbsmith Boost Immunity:** The herbs jumpstart the body's innate ability to fight off the bacteria and viruses it encounters every day, which maximizes an immune-compromised dog's bodily defenses.

JOINT HEALTH

- **MSM (Methyl-Sulfonyl-Methane):** MSM is natural sulfur from ocean kelp that is an antioxidant, cell rejuvenator, and joint healer. It has anti-inflammatory properties and is able to enhance the connectivity between tissues. Using MSM in tandem with glucosamine and chondroitin provides the best joint care for older animals and those with joint problems.
- **NaturVet Glucosamine:** Maintains healthy joints cartilage and has anti-inflammatory properties. Joint health is essential for older pets, large breeds, and those with history of dysplasia. Glucosamine supplements come in liquid or chewable pills, and are available in multiple strength levels.
- **Pure Vida Total Arthro-Solution:** This human and animal pill supplement contains glucosamine sulfate (the sulfate version has been proven in studies most successfully absorbed for joint health), MSM, Chondroitin, and CetylMyristoleate.

SKIN AND COAT HEALTH

- **Alaskan Bear Treats Wild Alaskan Salmon Oil:** This 100% pure wild Alaskan salmon oil is a rich source of Omega-3 fatty acid, DHA, and EPA. Salmon oil reduces inflammation, conditions skin and coat, and promotes healthy heart, brain, and immune function.
- **Nature's Logic Sardine Oil:** Pure wild Norwegian sardine oil is a higher source of Omega-3 fatty acids, DHA, and EPA than salmon oil with naturally less environmental contaminants. It is further purified so contaminants are less than one part per million.

- **NautrVet Unscented Salmon Oil:** This Icelandic salmon oil contains Omega-3 and 6 fatty acids, EPA, and DHA to reduce inflammation, condition skin and coat, and promotes healthy heart, brain, and immune function. Unscented is less pungent than regular salmon oil due to its filtration process.
- **Solid Gold Flaxseed Oil:** Rich in Omega-3 and Omega-6 fatty acids, flaxseed oil adds shine to coat and aids in elimination of scratching and feet licking. Flaxseed is a good alternative for dogs sensitive to fish products.
- **Wholistic Pet Organics Coconut Oil:** This 100% human grade, GMO-free, extra virgin coconut oil contains Lauric acid, a medium chain fatty acid. Coconut oil is a natural anti-fungal, anti-viral, and anti-bacterial germ-fighter that helps keep your dog's coat beautiful by working from the inside out. Your pet's healthy immune system, cellular metabolism, and cardiovascular system will be shown by a silky skin and coat.

STRESS REDUCER

- **ArcNaturals Happy Traveler:** This all natural calming product helps with motion sickness, nervous behavior, separation anxiety, persistent crying, fear, aggression, and general stress. Active ingredients are Valerian, German chamomile, L-Tryptophan, and St. John's Wort.
- **Comfort Zone with D.A.P:** These products release D.A. P. (Dog Appeasing Pheromone) through diffusers or spray, reducing stress and stress-related behaviors in dogs.
- **Comfort Zone with Feliway:** These products release Feliway (Feline Facial Pheromone) through diffusers or spray, reducing stress and stress-related behaviors in cats.
- **Earth Heart Travel Calm:** An all-natural aromatherapy mist with many calming essential oils. Take it anywhere to spray in stressful situations such as the car or a travel carrier.
- **Good Behavior Calming Pheromone Collar:** These breakaway collars are tailored to mimic the cat or dog's mother's natural calming response. Animals react to these pheromones throughout life to cope with new or fearful situations.

URINARY TRACT HEALTH

- **Solid Gold Berry Balance:** Supports a healthy urinary tract in dogs and cats. The cranberries and blueberries prevent crystals from forming on the urinary tract wall by acidifying urine.
- **Wysong Biotic pH- :** Assists cats and dogs that need help maintaining acidic urine. This helps prevent struvite or triple phosphate crystal formation.
- **Wysong Biotic pH+ :** Assists cats and dogs that need help maintaining alkaline urine. This helps prevent oxalate, urate, or cystine crystal formation. Also, biotic pH+ helps animals with metabolic acidosis.

VITAMINS/MINERALS/DIGESTIVE AIDS

- **Lifeline Organic Ocean Kelp:** Naturally contains 12 vitamins and over 60 minerals including essential trace elements for balanced growth, health and reproduction. Boosts the immune system, maintains the thyroid gland, and aids in digestion. Also, kelp is an excellent source of fiber for dogs with anal gland problems or loose stool.

- **Nature's Logic All Food Fortifier:** All vitamins, minerals, enzymes, and trace elements from 100% natural food sources for cats and dogs. Nothing is synthetically manufactured, which alleviates the risk of accidental toxicity.
- **NaturVet All-in-One:** Contains essential vitamins and minerals, digestion aids (enzymes and probiotics), skin and coat conditioners (Omega-3,6, and 9 fatty acids), and joint support (glucosamine HCL and MSM) all in one powder food topper.
- **Norwegian Kelp Tablets:** All of the natural vitamins, minerals, trace elements, digestive aid, and fiber of kelp, but also fortified with Vitamins A and D from fish liver oil.
- **NuHemp Omega Sauces:** Improves skin and coat, rich in Omega 3, 6, and 9 fatty acids, improves digestion, promotes healthy joints (the glucosamine variety) and comes in 4 delicious flavors.
- **Solid Gold Multi-Vitamin Mineral:** A complete and balanced natural supplement for cats and dogs. This multivitamin contains no chemical preservatives and can be alternated with Solid Gold's SeaMeal.
- **Solid Gold SeaMeal:** A multi-vitamin supplement with seaweed to boost immune systems, improves coat condition, alleviates itchy skin, and contains digestive enzymes to increase digestibility and absorption.
- **Wysong Call of the Wild:** A multi-vitamin and mineral supplement designed to complement and balance a fresh meat diet with digestive aids and enzymes that mimic the innumerable micronutrients naturally found in prey in the wild.
