I became apart of WEW, Inc. because of a conversation that I shared with the founder Cynthia Williams, we were on the phone sharing our hearts desire for Gods women. And she said WOW the reason I called you today was to offer you a seat on the board of this organization that God has blessed me with, and she shared her history about her parents and what she had in mind for this ministry. And I was floored because it was like God had just sent an Angel to let me know that this is part of my purpose, I got off the phone and cried like a baby because the presence of God was on me so much that I was overwhelmed. I don't think I ever shared that with her.

I have been apart of this great organization since the beginning, and I can truly say that I remain apart of this organization because of the wonderful women that works here. This organization has really stood up to it's name Women Empowering Women and has done so with EXCELLENCE! I have seen so many women blessed and so many lives changed because of WEW, and I have been blessed also. And another reason that I stay is because of this woman of God Cynthia Williams she is truly genuine and a true definition of A Woman after Gods Own Heart. AND TO GOD BE THE GLORY!!!
