

Meet Mickey.

He is a 2 year old Doxie / Beagle blend.

He is a very sweet boy who just wants to be loved. He is very affectionate and loving. He does however have a potty training problem because he was neglected and never properly trained, but his foster is working on that with him.

He would be such a great addition to a home that was loving, patient and accepting of his shortcomings as he would make a wonderful pet. Please give him a chance.
