## A MESSAGE FROM DAY BY DAY

Novel coronavirus (COVID-19) is disrupting business-as-usual for individuals and organizations across our community and around the world. At Day by Day, we are committed to caring for you and our staff - as we have done for forty years - while adapting to the new realities imposed by the pandemic.

First and foremost, know that we will continue to provide you with tasty, nutritious and safe food. Currently our restaurant is closed for in-store lunch and brunch. Please check social media for updates on when we will restore this service. However, we do have two wonderful options for you - "Grab + Go" and delivery. We have created a new simplified menu featuring some of your long-standing favorites and comfort food specialties. No matter how you order, you can be confident that our emphasis on food safety and sanitation will protect you, from food preparation in our kitchen to delivery by our own staff to your door.

So what are we doing to insure the health and safety of our customers, staff and community? Here's a partial list of the actions we're taking:

- Add additional sanitation stations for our kitchen, floor and delivery staff.
- Cashiers sanitize after handling cash or credit cards.
- Take orders for boxed lunches and individually wrapped items for home delivery.
- You can order ahead or "Grab + Go" prepared foods for pick up at the restaurant (more on this soon).
- Our team of ServSafe certified managers enforces our standing safety procedures.
- Consult with an Associate Professor of Nursing and Health Policy at the University of Pennsylvania, with a PhD in Community Health Sciences, to establish additional guidelines.
- Monitor advisories from WHO, CDC, ServSafe, as well as state and city governments for evolving best practices.
- Encourage our employees to choose solitary travel above mass transit; a number of our employees travel by bike to limit their exposure.
- Strongly recommend that our staff avoid large gatherings and high-risk activities in their personal time.

And we would like to hear from you. If you have suggestions for menu items, food handling practices or how best to stay in touch, please share them with us via email, text, Facebook, Instagram, or on the poster sheets in the store..

We are so grateful to you, our customer, for your trust and confidence in our business. We will remain open and ready to serve you through these challenging days. If there is anything else we can provide to support you please contact us by email, [daybydayinc@gmail.com](mailto:daybydayinc@gmail.com), or by phone at 215.564.5540.
