

# 34<sup>th</sup> Annual Shawsville 5K

July 4<sup>th</sup>, 2015

The temperature at race time was about 68 degrees with high humidity. About a half-hour before the start of the race, the sun threatened to come out and heat things up, but by the 0800 start, clouds had moved in again and the race proceeded under overcast skies with a slight breeze. Overall, these were comfortable conditions for running.

Precisely 200 entrants participated in the races, eleven of whom were family teams. This year's unusual features were the greatly increased number of runners in the youngest boy's age-group, and in the women's 40-44 age-group as well.

There were no problems with clocks and scoring this year, with one exception. Apologies to Ignacio Moore, whose first-place age-group time of 17:01 (taking the category by more than four minutes!) was inexplicably recorded in 10<sup>th</sup> place on the results form and therefore not properly recognized at the awards ceremony. Others in the 40-44 group, however, exercised good sportsmanship to ensure Ignacio received the proper medal, even though he was not called to the stage. Thanks, guys.

Finally, I think it is important to recognize that because of changes in the way that we both recorded and reported times and medals this year, the entire post-race program was fully one hour shorter than it was last year. All trophies and medals had been awarded long before the largest raffle prizes had been drawn, to the benefit of many of those who chose to stay to the end. I encourage all participants to email us ([shawsville5k@gmail.com](mailto:shawsville5k@gmail.com)) with your opinion as to whether our race should continue to maintain its low entry fee or switch to a chip-timing system that would require a higher one.

## Overall Winners

Special recognition goes to men's winner, **Patrick Woodford**, who moved up from second overall in last year's race by running nearly a full minute faster than he did in 2014. Also, **Mina DeMarco** took the champion's trophy for the second year in a row.

Fastest Family Results

There were a total of eleven families who registered for and completed this year's race.

And there was again an intense competition for the coveted photo-plaque. Two families registered low scores of five, with their tie being resolved by summing the total elapsed time for members of their team. This year the **Dominy family** from Christiansburg, who finished third last year, won the title by edging out the two-time former champions, the **Edwards family**. Perennial contenders, the **Fortner family**, once again ran well as a team to take home bronze medals.

For the purposes of the report, I shall include the Top Five families, even though only the first three received a set of medals for their efforts.

Family	Name	Age	Score	Time
<b>1. Dominy</b>	Trevor	19	1	16:35
	Nate	17	2	16:59
	Caitlin	13	2	22:30
			<b>Total 5</b>	
<b>2. Edwards</b>	Ethan	16	3	18:31
	Marc	51	1	18:48
	Ailene	14	1	20:39
			<b>Total 5</b>	

3. <b>Fortner</b>	Katie	19	1	19:54
	Shawn	51	1	24:11
