

IN-PERSON WORSHIP GUIDELINES

Calvary wants in-person gatherings in our building to be as safe and comfortable for as many people as possible. We thank you for following these guidelines.

1. **Masks are required.**

- a. Leaders may drop their mask while speaking as long as they are a safe physical distance from others.
- b. Hymn singing will be part of worship, with reduced liturgical singing.

2. Maintain a **safe physical distance** between others (outside of your immediate family circle).

- a. Sanctuary pews will be taped off to help with the physical distancing.
- b. A few pews will have signs designated for the non-vaccinated.

3. Worship service **length will be 45-minutes to an hour** at most.

4. Worship service will include **communion**. People who are able will walk to the Pastor at the front of the church, maintaining safe physical distance.

Pastor will offer a communion wafer. Pre-filled cups of wine and grape juice will be given by assistants.

- a. A clear traffic flow, including place to dispose of the cups, will be provided, also to maintain safe physical distance.
- b. Those who prefer to remain seated may ask Pastor to meet them in their seat to receive communion.
