Updating the information in the FSG and IDPS Guide

**Asgard**

This update dated 10 February 2017, relates to the Financial Services Guide and IDPS Guide dated 1 July 2014, as supplemented on 30 September 2017 (Guide) for the Asgard Infinity eWRAP Investment product. This update is issued by Asgard Capital Management Limited ABN 92 009 279 592, AFSL 240695 (ACML) and should be read together with the Guide. Unless otherwise stated or the context requires otherwise, words or expressions defined in this update have the same meaning as in the Guide.

We have recently discovered an issue with ACML's Australian Financial Services Licence (AFSL) that prevents us from dealing in financial products that are 'derivatives' as defined in the Corporations Act 2001 (Cth).

Perth Mint Gold (ASX Code: PMGold) is such a product that is available on the ASX and has been classified as a derivative.

Until further notice, your financial adviser is not permitted to place trades on your behalf in PMGold or any other derivative product through our Asgard eWRAP Investment or Asgard Infinity eWRAP Investment products.

We apologise for any inconvenience this may cause you. We are working to rectify this issue as soon as practicable and will notify your financial adviser when trading in PMGold is permitted.

## Supplementary Financial Services Guide and IDPS Guide (SFSG)

This SFSG, dated 30 September 2017, supplements information contained in the Financial Services Guide (and IDPS Guide) (Guide) dated 1 July 2014 for Asgard Infinity eWRAP Investment.

In this SFSG, unless otherwise stated, a reference to a page number is to a page number in the Guide. This SFSG is issued by Asgard Capital Management Limited ABN 92 009 279 592, AFSL 240695 (Asgard). This SFSG replaces the SFSG dated 1 July 2017 and should be read together with the Guide.

**Throughout the Disclosure Documents, replace references to E\*TRADE with Share Investing Limited.**

**On page 1, replace the last paragraph under the heading 'About Asgard' with the following:**

We're authorised by our AFSL to operate Investor Directed Portfolio Services (IDPS), provide general financial product advice and deal in certain financial products such as securities and managed investment products.

**On page 5, replace the third bullet point under the heading 'Authority to operate' with the following:**

- changing your Nominated Bank Account and any external linked accounts

**On page 5, replace the paragraph under the heading 'Authority to transfer cash' with the following:**

You can elect to give your financial adviser authority to initiate one-off or regular cash transfers between your Cash Account and bank accounts approved by you (i.e. your Nominated Bank Account, external linked accounts and any other Cash Accounts held under your client number), on your behalf using AdviserNET. For more information on these account types, refer to the Cash Account PDS.

**On page 12, under Heading ‘Fees and Other Costs’ replace the shaded box with the following:**

## Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website ([www.moneysmart.gov.au](http://www.moneysmart.gov.au)) has a managed funds fee calculator to help you check out different fee options.

**On page 13, replace the entire Fees and costs table with the following:**

**Asgard Infinity eWRAP Investment<sup>1</sup>**

- The administration fee is deducted from your Cash Account monthly in arrears (at the beginning of every month) and paid to us.
- Where your Custodial share account<sup>4</sup> and/or CASH Connect account is set up during the month, the related optional feature administration fee will be charged on a pro-rata basis. This fee is calculated on a daily basis and deducted from your Cash Account monthly in arrears (at the beginning of the month).

The minimum annual administration fee is \$75 p.a. No administration fee is payable for cash and term deposits.

Asgard Infinity eWRAP Investment <sup>1</sup> (continued)		
Fee type	Amount	How and when paid
	<b>Plus</b>	
	<b>Expense recovery</b>	Calculated based on the expenses incurred and deducted from your Cash Account at the time the expense is applied.
	Estimated to be approximately \$10 p.a. The exact amount charged to your account will be reported in your annual Investor Report.	
	We have discretion in deciding to pass on all or a portion of expenses we incur to investors. We may exercise our right to charge expense recovery for costs such as complying with legislative requirements.	We are entitled to retain all expense recoveries to meet our costs and will not pass on any such entitlement to any other persons, including your financial adviser or your financial adviser's dealer group.

#### Service fees<sup>5</sup>

<b>Switching fee<sup>6</sup></b> – the fee for changing investment options	Nil	Not applicable
--	-----	----------------

1. This fee table does not include any investment fees and costs, including any performance fees, that may be payable for investments you choose. See the 'Additional explanation of fees and costs' section in this Guide.
2. We reserve the right to reduce some of the management costs for certain large investors. Asgard Infinity eWRAP Investment is not eligible for fee aggregation.
3. The total administration fees charged will depend on the additional features you have added to your account (whether you are actively using them or not). Administration fees for optional features are charged in addition to the Core administration fee.
4. The Custodial share account fee applies whether or not you hold shares through your Custodial share account.
5. Additional service fees may apply as this table does not take into account all the fees and costs that may apply to your account for example (a) advice fees and (b) transaction costs (that is buy/sell differential and brokerage). See the 'Additional explanation of fees and costs' section in this Guide.
6. While there are no fees associated with switching, a cost associated with the buy/sell differential may apply. See 'Buy/sell differential' in the 'Additional explanation of fees and costs' section in this Guide for information on the costs charged by investment managers when managed investments are bought and sold.

**On page 14, replace the heading and entire section under 'Example of annual fees and costs for a balanced investment option' with the following:**

#### Examples of annual fees and other costs for a balanced investment option or other investment option

This table gives an example of how fees and costs for accessing a balanced investment option or other investment option within the Asgard Infinity eWRAP Investment account can affect your investment over a one year period. You should use this table to compare this investment product with other platform investment products.

Example – balanced investment option or other investment option		Balance of \$50,000 with a contribution of \$5,000 during the year
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.
<b>PLUS</b> Management costs	0.30% <sup>1</sup> (Administration fee) + \$10 <sup>2</sup> (Expense recovery)	<b>And</b> , for every \$50,000 you have in the investment option you will be charged \$160.00 <sup>3</sup> each year.
<b>EQUALS</b> Cost of Asgard Infinity eWRAP Investment		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of \$160.00 <sup>4</sup> .  <b>What it costs you will depend on the investment option you choose and the fees you negotiate.</b>

This example is illustrative only and fees and costs may vary for your actual investment. The above example only shows the fees and costs that relate to accessing investments through Asgard Infinity eWRAP Investment and not the fees and costs of the underlying investments. Additional costs will be charged by the issuers of those underlying investments that you decide to invest in. Please refer to the example in the following section that illustrates the combined effect of the fees and costs.

1. This example is based on the management costs for Asgard eWRAP Infinity Investment assuming all investments are in a balanced investment option with no balance retained in the Cash Account and you select the Core feature only. It does not take into account costs incurred for investments that may be accessed through Asgard Infinity eWRAP Investment, such as management costs relating to a managed investment or transaction fees for listed securities.
2. The expense recovery used in this example is an estimate only. The exact amount charged to your account will be reported in your Investor Report as an expense recovery.
3. This example assumes that \$50,000 is invested for the entire year, the value of the investment is constant over the year and that the additional \$5,000 is invested at the end of the year. It doesn't take into account any required minimum Cash Account balance. Refer to 'Your cash account' under the 'How your account works' section in the AIB for information about the minimum Cash Account balance requirement. Therefore management costs are calculated using the \$50,000 balance only.
4. Additional fees may apply. Refer to 'Additional explanation of fees and costs' in this guide for more information.

Example of total costs

This table illustrates the combined effect of fees and costs of Asgard Infinity eWRAP Investment and the fees and costs for an investment in the Advance Balanced Multi-Blend Fund through Asgard Infinity eWRAP Investment over a one year period, based on the same assumptions as the ‘Example of annual fees and other costs for a balanced investment option or other investment option’ set out in the previous section.

EXAMPLE – Advance Balanced Multi-Blend Fund		Balance of \$50,000 with a contribution of \$5,000 during the year
Cost of Asgard eWrap Infinity Investment Account		\$160.00 <sup>1</sup>
PLUS Fees and costs for an investment in Advance Balanced Multi-Blend Fund	0.86% <sup>2</sup>	And, for every \$50,000 you have in the Advance Balanced Multi-Blend Fund you will be charged \$430.00 <sup>3</sup> each year.
EQUALS Total cost of investing in the Advance Balanced Multi-Blend Fund through Asgard Infinity eWRAP Investment		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of \$590.00 <sup>4</sup> .  What it costs you will depend on the investment option you choose and the fees you negotiate.

This example is illustrative only and fees and costs may vary for your actual investment. For information regarding the fees and costs of underlying investments, please refer to the List of Available Investment Options booklet available at any time from your financial adviser or our Customer Relations team.

- 1. Please refer to ‘Example of annual fees and costs for a balanced investment option or other investment option’ for information regarding this amount and applicable assumptions.
- 2. This amount includes management fees charged by the Advance Balanced Multi-Blend Fund and estimated indirect costs, such as performance-related fees and other indirect costs, incurred in managing the underlying investments but not directly charged by the Advance Balanced Multi-Blend Fund. The indirect costs are an estimate in relation to the year ended 30 June 2017. For more information regarding the fees and costs applicable to underlying investment options, please refer to the ‘Investment fees’ section of the ‘Additional explanation of fees and costs’ section of this guide.
- 3. This example assumes that \$50,000 is invested in the Advance Balanced Multi-Blend Fund through Asgard Infinity eWRAP Investment for the entire year, the value of the investment is constant over the year, that the additional \$5,000 is invested at the end of the year and only the Core feature is selected. It doesn’t take into account any required minimum cash account balance. Refer to ‘Your cash account’ under the ‘How your account works’ section in the AIB for information about the minimum Cash Account balance requirement. Accordingly, fees and costs are calculated using the \$50,000 balance only.
- 4. Additional fees may apply. This example does not take into account other fees and costs that may apply to some or all of the available investments, such as Adviser contribution fees, other advice fees, cash account fees, transaction fees or costs or any applicable buy/sell spread charges. The actual fees and costs incurred are dependent on the investments you decide to transact in. Refer to the ‘Additional explanation of fees and costs’ in this guide for information about the fees and other costs that may apply

On page 17, replace the ‘Investment fee’ and ‘Investment fee rebates’ sections with the following:

Other Transactional and operational costs

Where transactional and operational costs arise from trading activity to execute the investment strategy for an underlying managed investment, and are not the result of buying or selling units in the managed investment, these costs are not recouped by the relevant management investment (e.g. by the buy/sell spread in the case of a managed fund). They are an additional cost to you at the time of the managed investment directly or indirectly undertaking the trading activity, and are included in the managed investment’s unit price.

Further information regarding the amount of the transactional and operational costs for each managed investment available through eWRAP Investment is provided in the product disclosure statement or other disclosure document(s) for the relevant managed investment, which may be obtained on request and free of charge from your adviser.

Fees and costs of underlying investments

The managed funds and exchange traded funds (‘managed investments’) available through eWRAP Investment are managed and operated by investment managers that charge fees and other costs for the management and administration of the managed investments. The investment returns for each managed investment are net of fees and other costs. That is, the fees and other costs are deducted from the value of the managed investment before the unit price is calculated.

Some of the underlying investment managers may be entitled to performance fees in addition to the management fees they receive. The method for calculating these performance fees varies between the managed investments and details are set out in the product disclosure statement or other disclosure document(s) for the relevant managed funds. If charged, typical performance fees for an underlying managed investment are estimated to be between 15% and 30% of the investment’s out-performance of a defined benchmark, but actual performance fees may fall outside this range.

In addition to the ongoing fees and other costs for the managed investments, some investment managers charge contribution and withdrawal fees. These may be charged either:

- as an amount added (or subtracted) as part of the entry (or exit) price, when you acquire (or dispose of) an investment (depending on whether a contribution or withdrawal fee is being charged) or
- by deducting an amount from your account balance, when you acquire (or dispose of) your investment.

The amount of these fees varies between investment managers.

For further information regarding the fees and other costs for each managed investment, refer to the List of Available Investment Options booklet and the product disclosure statements or other disclosure document(s) for these managed investments. The fees and other costs for each managed investment may vary from time to time. The fees and other costs disclosed in this document or provided in the List of Available Investment Options booklet are provided by external investment research providers or the relevant product issuers and are not verified by the Administrator. The method of calculation of the fees and other costs is not uniform and varies between managed investments. This should be considered when comparing investment options.

#### **Wholesale prices and management fee rebates**

The managed investments offered through eWRAP Investment are predominantly wholesale managed investments. By investing in these investments through eWRAP Investment, investors will generally be charged lower management costs than other retail investors.

We have been able to negotiate rebates on the management fees charged by some investment managers and responsible entities. Any management fee rebate will be paid in full to investors with an account open at the time the rebate is received and processed by us, which is generally quarterly.

Management fee rebates are estimated to range from 0% to 60% of the management fees charged by the investment managers or responsible entities and may vary from time to time. Please note the range of management fees shown in the List of Available Investment Options booklet does take into account any management fee rebates.

**On page 18, replace the text under the heading 'Platform service fees and other payments' with the following:**

Where permitted by law, we may receive remuneration from investment managers or responsible entities, including service fees or other payments of up to \$21,500 p.a. per responsible entity (or in some cases, per investment manager) (which is subject to annual review and may increase by up to \$500 p.a.) plus up to \$8,600 p.a. per managed investment (which is subject to review and may increase by up to \$200 p.a.). We may also receive payments of up to 100% of the investment/product fees from investment managers or responsible entities whose financial products are available through the Asgard Infinity eWRAP Investment account, in exchange for providing access to services and information. The amount of these payments may change from time to time. This remuneration is paid by the investment managers or responsible entities out of their own resources and is not paid by you.

**On page 18, insert the following new section before the 'Performance fees' section:**

#### **Related party investment arrangements and transactions**

Some of the managed investments and term deposits available through Asgard Infinity eWRAP Investment are issued or managed by companies within the Westpac Group. These Westpac Group companies receive fees in relation to your investment in the relevant managed investments and term deposits, which may include contribution fees, management fees, performance fees, withdrawal fees and other fees as specified in the product disclosure statement or other disclosure document for the relevant managed investments and term deposits. Your Cash Account is a bank account offered by a company in the Westpac Group. Related parties will receive fees for services they provide. All arrangements are on an arm's length basis.

Where a managed investment is issued or managed by a company in the Westpac Group, the same investment selection criteria applicable to managed investments issued or managed by unrelated parties applies. We also have policies that govern how we manage actual and perceived conflicts of interest that may arise and these policies apply to the managed investment selection process.

**On page 18, replace the 'Performance fees' section with the following:**

#### **Indirect costs**

Indirect costs are an estimate of the costs incurred in managing an underlying managed investment's assets which directly or indirectly reduce the return on the managed investment. These costs are not directly charged or retained by the issuer (or manager) of the managed investment. They are reflected in the unit price of the relevant managed investment and are an additional cost to you. Indirect costs for a managed investment may comprise expense recoveries, performance-related fees, and other indirect costs. Please refer to the disclosure document for the relevant managed investment for further information regarding indirect costs that may apply.

## Buy/sell spread

When buying and selling units in a managed fund, the fund manager is generally entitled to charge the unit holder an amount representing a contribution to the cost of purchasing or selling the underlying assets. These costs include things like brokerage and stamp duty.

The charge is usually reflected in the difference between the entry price and exit price of a unit and is commonly referred to as the buy/sell spread. The buy/sell spread is charged by the fund manager and is applied before the unit price is provided to us. The buy/sell spread has two components:

- an amount added as part of the calculation of the entry price, payable when you acquire an investment and
- an amount subtracted as part of the calculation of the exit price, payable when you dispose of your investment.

For example, if you invest \$50,000 in a managed fund at a buy-sell spread of 0.05%, you will generally incur this cost, being \$25.00, at the time you invest.

The buy/sell spread is an additional cost to you. Generally the buy/sell spread is retained by the relevant managed fund and applied to defray transaction costs; it is not a fee paid to the fund manager. Further information regarding the amount of buy/sell spread for each managed fund is provided in the product disclosure statement or other disclosure document(s) for the relevant managed fund. These may be obtained on request and free of charge from your adviser.

When carrying out a managed fund transaction, the Administrator may offset your instructions to buy or sell assets against another investor's instructions to sell or buy those assets so that only net transactions are acted on. This process is known as 'netting'. The Administrator may retain any benefit that may be secured from netting. These include the fees and charges that would have applied had the transaction been processed without netting.

## On page 18, replace the entire section under the 'Variation of fees and other costs' with the following text:

Our ability to charge fees and expenses, including both maximum amounts and the introduction of new fees, is not restricted under the Custody Service Deed (the trust deed for Asgard Infinity eWrap Investment, a copy of which can be obtained by calling our Customer Relations team). We may change or introduce fees and other costs payable to us at any time and will give you at least 30 days' prior written notice if we consider the change is materially adverse to your interests.

In the event of any change in tax laws or their interpretation, including changes which affect the rate of GST payable or the input tax credits, the amounts deducted from your Cash Account in respect of the fees and costs applied to your Asgard Infinity eWRAP Investment account may be varied or adjusted to reflect such changes without your consent or further notice to you.

We may, at our discretion, either generally or on request from you, your financial adviser or their dealer group, reduce or waive any of the fees and costs applying to your account.

Any such reduction or waiver of fees and costs will cease to apply, and those fees and costs will generally revert to the un-reduced amount on 30 days' notice, or without notice if you cease to be advised by your financial adviser or their dealer group.

## On page 19, under the heading 'Total ongoing fee examples' insert the following new paragraph at the end of the current text:

The below case studies are not intended as an illustration of the cumulative effect of fees and costs on an investment through Asgard Infinity eWRAP Investment and do not account for the fees and costs of the investments that may be selected, including indirect costs. Please refer to 'Example of total costs' within the 'Fees and other costs' section of this Guide for a worked example showing the combined effect of fees and costs of Asgard Infinity eWRAP Investment and the fees and costs for an investment in the Advance Balanced Multi-Blend Fund through Asgard Infinity eWRAP Investment over a one year period.

**On page 19, replace the case study with the following:**

### Case study – Total ongoing fees (p.a.) for an investment of \$100,000

The balance of your account is \$100,000 (excluding your Cash Account balance). The first table assumes you only hold managed investments through your account spread equally across five asset classes (that is, \$20,000 in each) on the Core investment menu. The second table assumes that you only hold shares through your account and you are also on Core menu. The annual administration fee, investment fees and total ongoing fees applicable to your account are shown in the tables below:

Asset Class	Core Administration fee (% p.a.) <sup>1</sup>	% p.a. charged by Investment managers <sup>2</sup>	Total ongoing fees (% p.a.)	Total ongoing fees (\$ p.a.)
Cash	0.3000	0.1900	0.4900	98.00
Australian Fixed Interest	0.3000	0.1900	0.4900	98.00
Property Securities	0.3000	0.1900	0.4900	98.00
Australian Shares	0.3000	0.1900	0.4900	98.00
International Shares	0.3000	0.1933	0.4933	98.67
<b>Total annual fee<sup>3</sup></b>			<b>0.4907</b>	<b>490.66</b>
<b>Total annual fee (incl. expense recovery)<sup>4</sup></b>			<b>0.5157</b>	<b>515.66</b>

1. The administration fee charged on managed investment holdings is net of RITC. Refer to 'RITC for managed investments' in the Fees and other costs section in the Guide.
2. These percentages are an average of the most recently published investment fees for the managed investments in the relevant asset class. See the Available Products List and relevant underlying product disclosure statement for the current investment fees.
3. You won't actually see this whole amount deducted from your account, since investment fees are deducted from the unit price of your managed investments. However, the value of your account will effectively be reduced by this amount.
4. The estimated expense recovery amount for the 2017/18 financial year is approximately \$10 p.a.

	Core Administration fee (% p.a.) <sup>1</sup>	% p.a. charged by Investment managers	Total ongoing fees (% p.a.)	Total ongoing fees (\$ p.a.)
Listed securities	0.4000	0.0000	0.4000	400.00
<b>Total annual fee</b>			<b>0.4000</b>	<b>400.00</b>
<b>Total annual fee (incl. expense recovery)<sup>2</sup></b>			<b>0.4100</b>	<b>410.00</b>

1. The administration fee charged on listed securities includes GST of 10%.
2. The estimated expense recovery amount for the 2017/18 financial year is approximately \$10 p.a.

**On page 23, insert the following after the last paragraph under the heading 'Addressing your concerns':**

# How Asgard Infinity eWRAP Investment works

### Your financial adviser

Your financial adviser is integral to your account. You need to have a financial adviser to open and operate your Asgard Infinity eWRAP Investment account.

Your financial adviser has online access to your account via AdviserNET. Through AdviserNET, your financial adviser can make amendments to your account (e.g. update your personal or bank account details, set up new features and so on), transact on your account (such as submitting buy and sell instructions) and generate various types of reports to help them make informed decisions about your investments.

Whether your financial adviser can transact or make amendments to your account on AdviserNET without notifying you first, depends on the level of authority you grant to your financial adviser.

### Giving your financial adviser authority to send us instructions

You can decide what level of authority your financial adviser holds for operating your account. There are two levels of authority:

**Investor directed authority** – You must authorise each instruction (transaction or account amendment) in writing before your financial adviser submits it to us online (and, in the case of listed securities, to a panel broker).

**Authority to operate** – This allows your financial adviser to submit investment instructions to us online (and, in the case of listed securities, to a panel broker) and amend your account details on your behalf, without prior authorisation from you. Unless we advise you otherwise, the authority to operate allows your financial adviser to submit all instructions on your behalf except instructions such as:

- changing the name of your account
- transferring funds out of your Cash Account to fund a payment request

- changing your nominated bank account and any external linked accounts
- changing your name or address if you hold listed securities in your account
- applying for a share trading account
- addition or removal of optional features to your account, and
- in relation to any other matters outlined in this Guide that may require your personal instructions.

### Authority to transfer cash

You can elect to give your financial adviser authority to initiate one-off or regular cash transfers between your Cash Account and bank accounts approved by you (i.e. your nominated bank account, external linked accounts and any other Cash Accounts held under your client number) on your behalf using AdviserNET. For more information on these account types, refer to the Cash Account PDS.

## Change of authority or financial adviser

If you change your financial adviser or cancel your financial adviser's authority to operate, you must tell us immediately. If you change your financial adviser and don't inform us, we'll continue to act on the level of authority you granted to your previous financial adviser.

## Removal of financial adviser from your account

Asgard Infinity eWRAP Investment is designed to be used by you together with your financial adviser. For that reason, you will need to have a financial adviser to open your account and to optimise account features and fee structures. If your relationship with your financial adviser ends, you will need to take certain steps. These include notifying us immediately and letting us know whether you will be appointing a new financial adviser. If you do not appoint a new financial adviser, you will need to manage your account directly. In addition you will be unable to access a number of account features and functionalities.

❶ For more information on the consequences of not having a financial adviser, see the 'What will occur if you no longer have a financial adviser' in the 'General information' section in this Guide.

## Investment options

Asgard Infinity eWRAP Investment gives you access to a range of managed investments, listed securities and term deposits.

With the help of your financial adviser, you can quickly and easily change and mix your investments at any time as investment markets change. Together with your financial adviser, you are in control of where your money is invested and you can create the financial strategy that is best suited to your financial needs and goals.

## Managed investments

You can choose from an extensive range of managed investments, including investments from the different asset classes of cash, fixed interest, listed securities or equity, and property as well as multi-sector (diversified) funds managed by some of Australia's leading investment managers.

The Available Products List specifies the managed investments available through Asgard Infinity eWRAP Investment. You can obtain this list free of charge from your financial adviser or by calling our Customer Relations team.

### How we select managed investments

We generally take into consideration the quality of the investment manager's business, stability of its investment team, past performance and investment management process before selecting managed investments to be included on the Available Products List. We also generally assess whether there is sufficient demand and take into account things such as research house ratings, liquidity, underlying funds under management and the ability of the managed investment to meet our administration and service level requirements.

We do not currently take into account labour standards or environmental, social or ethical considerations in selecting, retaining or realising investments. However, the various investment managers of the managed investments available may have their own policy on the extent to which labour standards or environmental, social or ethical considerations are taken into account when making investment decisions.

Where a managed investment is issued by a company in the Westpac Group, the same investment selection criteria applicable to managed investments issued by unrelated parties applies. We also have policies that govern how we manage actual and perceived conflicts of interest that may arise and these policies apply to the managed investment selection process.

The managed investments are monitored by us on a regular basis (generally, at least quarterly) to ensure they continue to comply with our requirements. Additions to the Available Products List are approved by us on an ad-hoc basis and communicated to your financial adviser. Where we consider it

appropriate to remove an investment option from the Available Products List, we will communicate this to your financial adviser. We do not accept any responsibility or liability for any movement in asset prices or costs as they relate to any delay in admitting or removing investments from the Available Products List and make no representation on the suitability of those investments either generally or in your particular personal circumstances.

You can obtain a copy of the product disclosure statements for the available managed investments free of charge on request from your financial adviser or by calling our Customer Relations team.

❶ For more information on managed investments, please refer to 'Investment options' in the 'Your investment options' section in the AIB and 'Transacting in managed investments' in the 'How your account works' section in the AIB.

## Listed securities

You have access to most CHESS approved ASX listed securities including direct shares, listed property, exchange traded funds (ETFs) and listed property/investment trusts.

You can choose between a Sponsored or Custodial share account with regards to how listed securities in your account are to be held and managed. You cannot select both. For information on Sponsored and Custodial share accounts, please refer to 'Transacting in listed securities' in the 'How your account works' section in the AIB.

### How we select listed securities

All CHESS-approved ASX-listed securities (excluding mFunds and exchange-traded Australian Government Bonds) are available for inclusion on the investment menu. Securities listed on exchanges other than the ASX will not be available for selection. If a security ceases to be listed on the ASX, it will automatically be removed from the investment menu.

❶ For more information on listed securities, please refer to 'Investment options' in the 'Your investment options' section in the AIB and 'Transacting in listed securities' in the 'How your account works' section in the AIB.

## Term deposits

Through Asgard Infinity eWRAP Investment, we offer a range of term deposits with differing maturities/terms and interest payment options. The current terms and rates are available free of charge from your financial adviser or by calling our Customer Relations team.

Term deposits provide a fixed interest rate for a fixed length of time which means that you are protected from any decreases in interest rates during the term of your investment in the term deposit. However, you may not be able to take advantage of interest rate increases should the interest rates rise during the term of your investment.

Term deposits are suitable for investors who have an understanding of when they are likely to need to access funds in the future. They are not suitable for anyone who may suddenly need access to any funds in their term deposit as term deposits cannot be withdrawn before maturity.

### How we select term deposits

We only consider term deposits issued by deposit taking institutions (with a Banking licence) that are rated equivalent to 'Investment Grade' by S&P, Moody's or Fitch. Whether the term deposit is manageable through our existing administrative processes is also taken into account.

The decision to add, remove or restrict a term deposit product will be made by us. While our investment policy does not constrain term deposits to those issued by or associated with a company in the Westpac Group, currently only term deposits issued by St.George are offered. These term deposits are subject to the same investment selection criteria applicable to term deposits issued by unrelated parties. We also have policies that govern how we manage actual and perceived conflicts of interest that may arise and these policies apply to the investment selection process.

❶ For more information about term deposits, including how we select term deposits, please refer to 'Investment options' in the 'Your investment options' section in the AIB and 'Transacting in term deposits' in the 'How your account works' section in the AIB.

❷ For information on the terms, conditions and restrictions that apply to term deposits, please refer to the relevant term deposit disclosure document, which you can obtain free of charge from your financial adviser or by calling our Customer Relations team.

## Transferring investments

You can in-specie transfer managed investments that you hold through another IDPS provider into your account without a change in beneficial ownership, provided those assets are on the Available Products List. You can also transfer listed securities (excluding mFunds) you already own into your account and still retain beneficial ownership. Generally, no capital gains tax is payable on the transfer of the managed investments or listed securities into your account and no transfer fees apply. You should seek professional advice on the taxation and stamp duty implications of transferring investments into your account.

Once the investments have been transferred to your account, we'll report on them along with the other investments held through your account.

The conditions that apply to transferring assets into your account are explained in 'Transferring managed investments into your account' and 'Transferring listed securities into your account' in the 'How your account works' section in the AIB.

You can also transfer managed investments and listed securities out of your Asgard Infinity eWRAP Investment account (conditions apply).

eWRAP Investment Account**

### Core features

Asgard Infinity eWRAP Investment starts off with a Core offer providing you with a cost effective way to meet your basic investment needs. The Core offer gives you access to:

- an eCASH online bank account with a competitive interest rate; and
- a Core managed funds menu, which includes a range of diversified and index managed investments across various asset classes.

The Available Products List specifies the managed investments available through Asgard Infinity eWRAP Investment. You can obtain this list from your financial adviser or by calling our Customer Relations team.

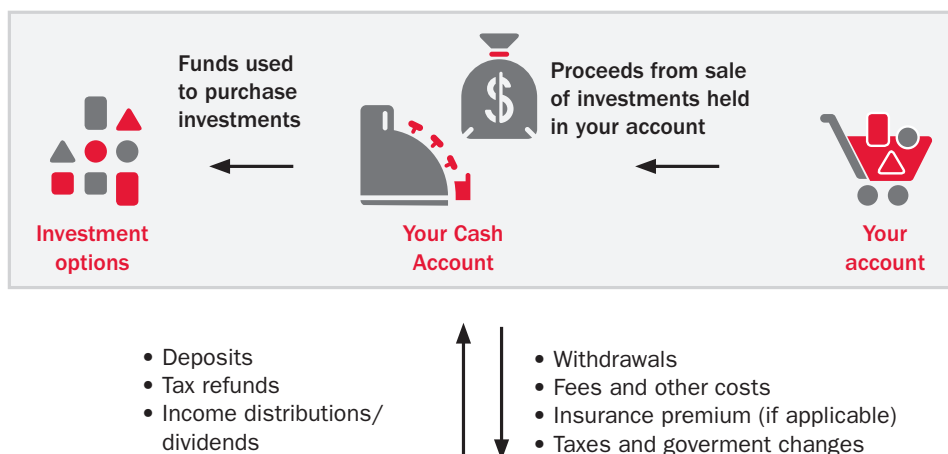

## Your Cash Account

The Cash Account is the central component of your Asgard Infinity eWRAP Investment account and it allows your financial adviser to easily buy and sell investments on your behalf. This in-built connection between your Cash Account and the investment options makes it easy for you and your financial adviser to quickly respond to changes in market conditions or your investment needs.

### How the Cash Account works

The diagram below shows the flow of money in and out of your Cash Account.

You can easily transfer money in or out of your Cash Account through various means via Internet Banking (initiated by you) and/or AdviserNET (initiated by your financial adviser). Furthermore, if you have a CASH Connect account, you have access to St.George, BankSA and Bank of Melbourne branches and can elect to have a VISA debit card (conditions apply). For more information on the deposit and withdrawal options available to you, refer to the Cash Account PDS.

Through AdviserNET, your financial adviser can also set up regular direct deposit and withdrawal plans providing you with a disciplined approach to investing and a regular income stream (if required).

### Maintaining a minimum balance in your Cash Account

You have to maintain a minimum balance of \$1,000 in your Cash Account to cover fees and other costs. You can monitor your Cash Account balance by regularly checking the details of your account on Investor *Online* or on Internet Banking.

When your Cash Account balance is close to, or less than the minimum, you may wish to deposit additional funds into your account. You can also instruct your financial adviser to sell specific managed investments or listed securities. The sale proceeds will be paid into your Cash Account.

If you don't top up your Cash Account balance, we may automatically sell your managed investments. Please refer to 'Your Cash Account' in the 'How your account works' section in the AIB for more information.

## Optional features

As your needs change, you can easily add optional features such as share trading capability and more sophisticated managed investments. If you and your financial adviser decide you no longer require any of these features, you can remove them easily, at any time.

## Investing involves risks

Risk is often defined as the likelihood that an investment will fluctuate in value. Generally the higher the potential return of an investment, the greater the risk of loss.

It is important to note that all investments involve varying degrees of risk. There is a multitude of factors beyond the control of investors that may affect investment returns, such as:

Risk	Description
Security-specific risk	An investment in or with exposure to a company or managed investment may be affected by unexpected changes in that company's or managed investment's operations (due to quality of management, use of technology and so on) or its business environment.
Market risk	Markets are affected by a host of factors including economic and regulatory conditions, market sentiment, political events, and environmental and technology issues. These could have a negative effect on the returns of all investments in that market. This may affect investments differently at various times.
Currency risk	If an investment is held in international assets, a rise in the Australian dollar relative to other currencies may negatively impact investment values or returns.
Interest rate risk	Changes in interest rates can have a negative impact, either directly or indirectly, on investment value or returns on all types of assets.
Derivatives and gearing risk	Underlying funds may use derivatives and gearing. The use of derivatives (which may be used to reduce risks and buy investments more effectively) may reduce potential losses and may also reduce potential profits. The use of gearing (borrowing) will magnify the variability of investment returns.
Alternative investments risk	Underlying funds may invest in 'alternative investments'. Alternative investments is a category that includes a range of sophisticated investments including hedge funds, venture capital, private equity, leveraged and management buyouts, commodities and futures trading funds. Alternative investments are subject to certain risks that may include periods of large market falls, high volatility or reduced liquidity.
Credit risk	There is always a risk of loss arising from a debtor or other party to a contract failing to meet their obligations. This potentially arises with various securities including derivatives, fixed interest and mortgage securities.
Liquidity risk	Liquidity risk is the risk that an investment may not be easily converted into cash with little or no loss of capital and minimum delay because of either inadequate market depth or disruptions in the marketplace.
Legal and regulatory risk	Changes in domestic and foreign investment and taxation laws may adversely affect your investment.
Operational risk	Asgard Infinity eWRAP Investment depends on the integrity of its administration and computer systems. However, there is a risk that these systems may not be available in certain circumstances.
Insurance risk	Where you do not take out sufficient insurance to provide adequate cover for you or your beneficiaries, this is known as underinsuring. Your financial adviser may be able to help you identify the appropriate amount of insurance cover for your circumstances.

## Fees and other costs

### DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower administration fees. Ask us or your financial adviser.

### TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website ([www.moneysmart.gov.au](http://www.moneysmart.gov.au)) has a managed investment fee calculator to help you check out different fee options.

Fees and other costs payable in relation to your Cash Account are disclosed in the Cash Account PDS. The total fees and other costs payable in relation to your account include not only the costs of Asgard Infinity eWRAP Investment fees, but also the cost of the investments you choose.

It's important you understand the fees of any investments you choose and that they are in addition to the fees for Asgard Infinity eWRAP Investment and any transaction and account costs incurred on your behalf. The costs of any investment you choose will generally be set out in a disclosure document for that investment. These are available from your financial adviser.

The fees and other costs shown do not take into account any income tax benefit (if applicable) but do include GST and any applicable stamp duty unless otherwise stated.

**Any fee negotiated with your financial adviser will be disclosed in the Financial Services Guide or Statement of Advice you receive from your financial adviser.**

### Fees and other costs

This document shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of your account.

Taxes are set out in the 'Tax features' section in the AIB. Insurance costs are set out separately in the disclosure document for any insurance offer you choose.

You should read all the information about fees and costs because it is important to understand their impact on your investments.

We are entitled to retain all expense recoveries to meet our costs and will not pass on any such entitlement to any other persons, including your financial adviser or your financial adviser's dealer group.

### Service fees<sup>5</sup>

<b>Switching fee<sup>6</sup></b> – The fee for changing investment options	Nil	Not applicable
--	-----	----------------

1. This fee table does not include any investment fees and costs, including any performance fees, that may be payable for investments you choose. See the 'Additional explanation of fees and costs' section in this Guide.

2. We reserve the right to reduce some of the management costs for certain large investors. Asgard Infinity eWRAP Investment is not eligible for fee aggregation.

3. The total administration fees charged will depend on the additional features you have added to your account (whether you are actively using them or not). Administration fees for optional features are charged in addition to the Core administration fee.

4. The Custodial share account fee applies whether or not you hold shares through your Custodial share account.

5. Additional service fees may apply as this table does not take into account all the fees and costs that may apply to your account for example (a) advice fees and (b) transaction costs (that is buy/sell differential and brokerage). See the 'Additional explanation of fees and costs' section in this Guide.

6. While there are no fees associated with switching, a cost associated with the buy/sell differential may apply. See 'Buy/sell differential' in the 'Additional explanation of fees and costs' section in this Guide for information on the costs charged by investment managers when managed investments are bought and sold.

Example of annual fees and costs for a balanced investment option

This table gives an example of how the fees and costs in a balanced investment option for this product can affect your investment over a 1 year period. You should use this table to compare this product with other products.

EXAMPLE – the balanced investment option		Balance of \$50,000 with a contribution of \$5,000 during year
Contribution fee	Nil	For every additional \$5,000 you put in, you will be charged \$0.
PLUS Management costs <sup>1</sup>	0.30% <sup>2</sup> + \$40 <sup>3</sup>	And, for every \$50,000 you have in the balanced investment option you will be charged \$190 each year.
EQUALS Cost of balanced investment option <sup>3</sup>		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of:  <b>\$190<sup>4</sup></b>  <b>What it costs you will depend on the investment option you choose and the fees you negotiate.</b>

1. The management costs do not include the investment fees (which may include performance fees) and costs that may be deducted by the manager of the balanced investment option.
2. In this example, it is assumed that your entire account balance of \$50,000 is invested in the balanced investment option, you selected the Core feature only and any minimum Cash Account balance is not included.
3. The expense recovery used in this example is an estimate only. The exact amount charged to your account will be reported in your Investor Report as an expense recovery.
4. Additional fees may apply as this example does not take into account all the fees and costs that may apply to your account, for example: a) investment fees b) Custodial share account fee c) adviser fees and d) transaction costs (that is any buy/sell spread and brokerage). Refer to the 'Additional explanation of fees and costs' section in the Guide for information about the fees and other costs that may apply.

a) The investment fee is dependent on the investment option you decide to invest in. If, for example, you invested in the Advance Balanced Multi Blend Fund (this Fund) and selected the Core feature only, the investment fee (including performance fee) applying to this Fund as at 31 December 2013 was 0.50% p.a. For a \$50,000 investment in this Fund, the investment manager of this Fund would have charged you \$250 p.a. in investment fees (as at 31 December 2013). The amount of any investment fees you pay for a specific managed investment is shown in the product disclosure statement of that managed investment.

b) If you invest in listed securities through a Custodial share account, you will be charged a Custodial share account fee.

c) Adviser fees are negotiated between you and your financial adviser and paid to your financial adviser.

d) The actual transaction costs incurred are dependent on the managed investments and listed securities you decide to invest in.

Additional explanation of fees and costs

Administration fee

The total administration fee you will be charged depends on the optional features on your account. Any administration fee for optional features will be charged in addition to the Core administration fee. The percentage based administration fee is calculated based on the total value of managed investments and shares in your account (excluding funds held in your Cash Account and term deposits).

Optional feature administration fee

When you add an optional feature to your account, the additional 'optional feature administration fee' will apply, subject to the optional feature(s) you select.

When you remove an optional feature from your account, any adviser fees applicable for that feature will cease. However, the optional feature administration fee will continue until the feature is no longer actively used. For example, once the managed investments from an optional managed investment menu are sold from your portfolio.

Asgard may, without prior notice, add an optional feature to your account where it is required to facilitate a transaction. For example, where the proceeds of a corporate action are received after you have removed a share feature.

Where this occurs, the relevant optional feature administration fee will apply.  
  
For margin lending, the administration fee will only commence when your application for margin lending has been approved.

**Example: Optional features**

Colin’s account has the following features to complement his Core account which has a Core administration fee of 0.30%p.a.:

Feature	Balance	Administration fee (% p.a.)
Select managed investments	\$25,000	0.15
Sponsored Shares	\$25,000	0.10
Term Deposits	\$20,000	Nil
eCASH	\$5,000	Nil
Total	\$75,000	0.55*

Administration fees don’t apply on the balance in his Cash Account or term deposits. This means that the administration fee of 0.55%p.a. is payable on the \$50,000 held in managed investments and shares:

0.55% X \$50,000 = \$275 p.a.

\*The administration fee related to managed investments qualifies for an input tax credit, which will reduce the fee payable. The 0.55% is inclusive of the 0.30% Core administration fee.

## RITC for managed investments

The part of the administration fee which is charged on the value of any managed investments (including term deposits) held through your account qualifies for a reduced input tax credit (RITC) of up to 7.5%. No RITC applies to the administration fee charged on listed securities. If you only hold managed investments through your account, the applicable fee scale (assuming a net GST expense recovery of 2.5%) will be by way of example as follows:

### Example

Gary has an Asgard Infinity eWRAP Investment account through which he holds only managed investments (using the Select menu) valued at \$100,000. The administration fee applying to his account is:

$\$100,000 \times 0.45\% = \$450$  (inc. GST)

### How to calculate RITC on managed investments (assuming 7.5% RITC applicable)

GST portion of the administration fee:	\$40.91
RITC (75% of the GST):	\$30.68
Total administration fee:	$\$450 - \$30.68 = \$419.32^*$

\*Includes a net GST expense recovery of 2.5% on the part of the administration fee related to managed investments (GST of 10% less a RITC of 7.5% of the GST). If you are registered for GST purposes, you may be able to claim either a full or reduced input tax credit for any GST paid on the portion of our administration fee charged on listed securities in your account and any adviser remuneration you have agreed to pay your financial adviser. If you intend to make a claim, you can request we provide you with monthly tax invoices.

## Adviser remuneration/fees

Our fee structure provides you and your financial adviser with flexibility when determining the fee payable for the financial advice and related services they provide to you in relation to your account. You can negotiate these fees by speaking with your financial adviser. The following optional fees are available for you to select the most appropriate remuneration arrangement with your financial adviser:

- Adviser fee - Establishment,
- Adviser fee – Upfront,
- Ongoing adviser fee, and
- One-off adviser fee.

You may agree to one or more of these options.

The payment of fees that you agree to pay to your financial adviser in relation to financial product advice and related services that you receive will be facilitated by us in accordance with your directions.

Please note that all of the adviser fees are deducted by us and then paid to your financial adviser, or to your financial adviser's dealer group on behalf of your financial adviser. However, we will not deduct any amounts in relation to adviser fees unless you agree and we do not retain any portion of these adviser fees for our own benefit. By consenting in the relevant form to the deduction and payment of agreed fees to your financial adviser (or to your financial adviser's dealer group on behalf of your financial adviser), you direct us to make those payments to your financial adviser (or to your financial adviser's dealer group on behalf of your financial adviser).

Restrictions apply to the adviser fees that can be deducted from your account when you have an eWRAP Margin Lending facility attached to your account. The adviser fees deducted from your Cash Account can only be a flat dollar amount (i.e. a fixed amount). You cannot pay your financial adviser an Adviser fee – Upfront and/or an ongoing adviser fee that is percentage based.

## Opting-out from advice

You may opt-out of receiving financial advice and related services from your financial adviser and paying your financial adviser ongoing fees for future services by notifying us. We encourage you to talk to your financial adviser first before requesting to change the fees applying to your account. We reserve the right to cease paying to your financial adviser any adviser fees on your behalf on receipt of a written request from either you or your financial adviser.

If you opt-out of the ongoing adviser fees paid to your financial adviser, we will generally cease paying the ongoing adviser fees from the day your request is processed by us. That is, we will pay the ongoing adviser fees on a pro-rata basis to the date we process your request to opt-out. For the Adviser fee – Upfront, we will generally cease paying this fee from the date on which your request is processed by us. However, if you have instructed us to cease paying adviser fees without terminating or opting out of an ongoing fee arrangement with your financial adviser, then you may still be personally liable to pay the adviser fees as agreed under that arrangement. For more information on disclosure of your financial adviser's remuneration, refer to the 'Disclosure of fees and costs received by your financial adviser' section.

Opting out from advice is not the same as ending your relationship with your financial adviser. This needs to be separately requested (if required). If the relationship with your financial adviser has ended and you do not appoint a new financial adviser, this may have an effect on the fees you pay and your account features. For more information, see the 'What will occur if you no longer have a financial adviser' in the 'General information' section in this Guide.

### Adviser fee - Establishment\*

You can agree the initial fee for advice on the establishment of your account with your financial adviser. It must be specified on your application. If no fee is specified, the fee will be nil.

\*The Adviser fee – Establishment may be described as an 'Establishment fee' in your periodic statements and the information accessed via Investor Online.

### Adviser fee – Upfront

You can agree the upfront fee that is to apply with your financial adviser which will apply to the financial advice provided in relation to each managed investment buy. It can be between nil and 5.5% (including GST) and will apply to managed investment buys only. If no fee is specified, the fee will be nil.

### Ongoing adviser fee

An ongoing adviser fee may also be paid to your financial adviser in addition to the administration fee which is payable to us on a monthly basis in arrears. The ongoing adviser fee amount is calculated on the basis agreed between you and your financial adviser.

You may select from the following monthly adviser fee options:

1. **Flat percentage amount (%)** – select a flat percentage between 0% and 11% p.a.(including GST) to apply to the value of managed investments, listed securities and your Cash Account balance (a different percentage can apply to each category);  
OR
2. **Sliding scale** – specify a tiered percentage p.a. applied to the combined value of managed investments listed securities (not applied to your Cash Account balance).  
OR
3. **Flat dollar amount (\$)** – select a flat dollar amount per month which can be increased annually in line with the Consumer Price Index (CPI). You can indicate the month and year in which the increase will first occur in your application. (The monthly dollar amount will be increased by the annual CPI percentage released for the previous quarter).

The flat percentage and sliding scale monthly adviser fee options are calculated on the daily balance of managed investments, listed securities and/ or your Cash Account balance, as applicable and deducted monthly in arrears.

Ongoing adviser fees are deducted monthly in arrears from your Cash Account. Where your account is opened during the month, the ongoing adviser fee charged for the first month will be pro-rated based on the number of days your account was open in that month.

### One-off adviser fee

You can agree with your financial adviser to have a one-off flat dollar fee charged to your account. The one-off adviser fee can be paid to your financial adviser in addition to the administration fee which is payable to us.

The one-off adviser fee can be charged on an ad-hoc basis but is limited to being charged once a month. It is deducted from your Cash Account in arrears at the beginning of the month or, if applicable, at the time your account is closed.

### Disclosure of fees and costs received by your financial adviser

Your financial adviser must disclose to you any benefits they receive in relation to your investment, including all fees and costs that you have negotiated with them. See your financial adviser's Financial Services Guide and/or Statement of Advice for further information on these benefits.

If an ongoing fee arrangement exists between you and your financial adviser, your financial adviser will also be required to give you a Fee Disclosure Statement on an annual basis. It is also your and your financial adviser's responsibility to notify us to cease payment of adviser remuneration or fees in the event that the ongoing fee arrangement is either terminated or is not renewed.

### Platform payments

In limited circumstances and to the extent permitted by law, we may pay to your financial adviser's dealer group or an appropriate licensed related body corporate of their dealer group up to 100% of the fees/other payments we receive. We pay these amounts out of our own funds and they are not additional costs to you.

### Expense recoveries

We have discretion in deciding to pass on to investors all or a portion of expenses we incur. In general we choose to absorb the costs associated with running your account, however, we intend to charge expense recoveries for costs such as complying with changes in legislation and regulatory requirements. Your portion of any expense recoveries will be deducted from your Cash Account and will be reported in your Annual Investor Report as an expense recovery. These expenses are costs incurred by us and payable to us only. They will not be passed on to your financial adviser or your financial adviser's dealer group.

### Taxes and insurance

Income from investments held through your account may be taxed. For more information refer to the 'Tax features' section in the AIB. Insurance costs are set out separately in the disclosure document for any insurance offer you choose.

## Transactional and other operational costs

These are an additional cost to you.

Fee type	Amount	How and when paid?
<b>Buy/Sell differential</b>	The buy/sell differential typically ranges from 0.00% to 3.50%, but can be higher.	When units in a managed investment are bought and sold, transaction and brokerage costs are incurred. These costs are applied to those investors who buy and sell units in particular managed investments and this is done through the use of two different unit prices – a buy price and a sell price. The difference between the buy price and sell price takes into account these costs and is called the buy/sell differential.  The buy/sell differential is an additional cost to you payable at the time of the buy/sell.  For example, if you wanted to invest \$10,000 in a managed investment and the buy price was \$1.00 per unit, you would receive 10,000 units. If you subsequently sold all of the units on the same day, the units would be sold at the sell price. If the sell price was \$0.995 per unit (that is, a 0.50% buy/sell differential applies), you would only receive \$9,950 for the sale of those 10,000 units.
<b>Share brokerage</b> – the fee charged by the broker for each share trade. May include charges for phone booking and posting trade confirmations.	Determined by the broker <sup>^</sup> and the financial adviser. May include an amount paid to your financial adviser. Specified in the trade confirmation you receive from the broker. Does not include the share settlement fee, except for trades placed through E*TRADE.	The net trade confirmation amount will include any share brokerage charged.  For share purchases, brokerage is added to the share purchase price, with the total amount deducted from your Cash Account* at the time of the buy.  For share sales, brokerage is deducted from the sale proceeds at the time of the sell with the net amount credited to your Cash Account.*
<b>Share settlement fee</b> – the fee charged by our settlement services provider, E*TRADE, for effecting the settlement of your share trades.  For trades placed through E*TRADE, this fee is included in the brokerage charged.	\$22.00 per share trade.	The share settlement fee is deducted from your Cash Account* at the time of the share buy or sell.
<b>Failed settlement fee</b> – the fee charged by E*TRADE, as set by the ASX.	The fee is determined by our settlement agent, E*TRADE, in conjunction with the ASX, and varies according to the situation.  The minimum fee is \$55 per day.	The failed settlement fee will be deducted from your Cash Account.*
<b>Broker fail fee</b> – a fee may be charged by the broker if your share trade fails.	The fee is determined by the broker and varies according to the situation.	The broker fail fee will be deducted from your Cash Account.*
<b>Margin lending fees</b> – fees that may be charged by St. George when you borrow to invest.	Disclosed in the eWRAP Margin Lending PDS.	See the eWRAP Margin Lending PDS.

<sup>^</sup> Excluding E\*TRADE. A typical brokerage amount is estimated to be between \$0 and \$50, but actual brokerage may fall outside this range.

\* Note: If you have an eWRAP Margin Lending facility, share buys and sells, and related fees, are settled through your Margin Loan account instead of your Cash Account.

### Investment fee

The investment fee is the amount you pay for specific managed investments in your account. These fees are payable to the investment managers of the managed investments in your account. Depending on the investments you choose, the investment fee is estimated to range from 0% p.a. to 10.50% p.a. (before investment fee rebates). These fees are generally reflected in the unit prices of managed investments and deducted by each investment manager from the relevant managed investment, usually on a monthly basis.

Investment fees may be varied at any time by an investment manager without notice to you. See the 'Available Products List' for the full list of investment fees.

Details of current fees and costs, including changes to underlying managed investment fees and costs, are available through Investor *Online* (see 'Electronic notifications, eStatements and online communications' in the 'General information' section of this Guide for more information about electronic notification).

### Investment fee rebates

We have been able to negotiate rebates on the investment fees charged by some investment managers and responsible entities. Any investment fee rebate will be paid in full to investors with an account open at the time the rebate is received and processed by us, which is generally quarterly.

Investment fee rebates can range from 0% to 60% of the investment fees charged by the investment managers or responsible entities and may vary

from time to time. This remuneration is paid by the investment managers or responsible entities out of their own resources and is not paid by you.

### **Platform service fees and other payments**

We may receive remuneration from investment managers or responsible entities, including service fees or other payments of up to \$20,000 p.a. per responsible entity (or in some cases, per investment manager) (which is subject to annual review and may increase by up to \$500 p.a.) plus up to \$8,000 p.a. per managed investment (which is subject to review and may increase by up to \$200 p.a.). We may also receive payments of up to 100% of the investment/product fees from investment managers or responsible entities whose financial products are available through eWRAP Investment in exchange for providing access to services and information. The amount of these payments may change from time to time. This remuneration is paid by the investment managers or responsible entities out of their own resources and is not paid by you.

### **Performance fees**

Some of the investment managers of the managed investments available through your account may be entitled to performance fees in addition to the investment fees they receive. Performance fees, if applicable, will increase the management costs for a managed investment option. Investment fees include an estimate of the cost of any applicable performance fee, however, the actual amount may vary in the future. To find out whether any performance fee applies, ask your financial adviser for a copy of the current underlying product disclosure statement for your relevant managed investments, or existing investors can access them through the PDS link on Investor *Online*.

### **Other service fees**

#### **Cash Account service fee**

We may receive a service fee of up to 0.70% (including GST) p.a. from St. George for the introduction of your banking business and for performing client service activities and transaction reporting on your Cash Account. This service fee is calculated as a percentage of the daily balance of your Cash Account. **This is not an additional cost to you.**

#### **Share trade service fee**

When E\*TRADE is used as the broker, we receive service fees from E\*TRADE for the introduction of your share trading business and for performing client service activities on your broking account. The service fee will range between 40% and 50% of the brokerage charged by E\*TRADE, depending on trade volumes, and does not apply to trades through other brokers. **This is not an additional cost to you.**

#### **Share settlement service fee**

We receive service fees for share settlement from our settlement agent, E\*TRADE, for the introduction of your share settlement business and for performing client service activities on your settlement account. The service fee will range between 30% and 45% of the settlement fee charged for trades placed through panel brokers other than E\*TRADE. **This is not an additional cost to you.**

#### **Interest on other accounts**

After we withdraw money from your Cash Account to buy managed investments on your behalf, the money passes through investment clearing accounts before being paid to the relevant investment manager(s).

Similarly, any proceeds from the sale of your managed investments and distributions will also pass through the same clearing accounts before being credited to your Cash Account.

If you use the eWRAP Margin Lending facility, any proceeds from the sale of your managed investments and distributions will pass through a margin lending clearing account (instead of an investment clearing account) before being paid to St. George to reduce or repay your margin loan.

If you have a Custodial share account set up, any payments for corporate actions will pass through a Custodial share clearing account before being paid to the relevant share registry. Similarly, dividends for listed securities held in a Custodial share account will also pass through this Custodial share clearing account before being credited to your Cash Account.

When we withdraw fees from your Cash Account to pay your financial adviser, this money also passes through a clearing account. If you choose an eCASH Account, all cheque deposits must be posted to us and we deposit these into a cheque clearing account. If you ask us to transfer

money from an external bank account using a direct debit, the amount of the direct debit will also pass through this clearing account. When the cheques and direct debits clear, the proceeds will be deposited into your Cash Account. See the Cash Account PDS for more information.

All these clearing accounts are in our name and we'll retain the interest earned on the money passing through these accounts. You won't pay any fees in relation to those accounts. We'll pay any fees from the interest or from our administration fee.

### **Variation of fees and other costs**

Our ability to charge fees and expenses, including both maximum amounts and the introduction of new fees, is not restricted under the Custody Service Deed (the trust deed for Asgard Infinity eWrap Investment, a copy of which can be obtained by calling Customer Relations). We may change or introduce fees and other costs at any time and will give you at least 30 days' prior written notice if we consider the change is materially adverse to your interests.

In the event of any change in tax laws or their interpretation, including changes which affect the rate of GST payable or the input tax credits, the amounts deducted from your Cash Account in respect of the fees and costs applied to your Asgard Infinity eWRAP Investment account may be varied or adjusted to reflect such changes without your consent or further notice to you.

We may, at our discretion, either generally or on request from you, your financial adviser or their dealer group, reduce or waive any of the fees and costs applying to your account.

Any such reduction or waiver of fees and costs will cease to apply, and those fees and costs will revert to the un-reduced amount on 30 days' notice, or without notice if you cease to be advised by your financial adviser or their dealer group.

### **Fees and costs for existing investors**

Different fees and costs may apply to investors who established their Asgard Infinity eWRAP Investment account before the date of this Guide, in accordance with the terms that applied at the date their account was established (as modified in accordance with those terms or by subsequent agreement).

## Alternative Forms of Remuneration Register

We are required to comply with various obligations limiting the amount and kinds of non-monetary benefits that can be given and received by us. The purpose of these requirements is to eradicate any practices that may influence product providers and financial advisers to act outside of your best interests.

We are also required to maintain a register to record non-monetary benefits of small value (being between \$100 and \$300 per item) which are received by us or any of our representatives.

Our register is available for inspection by you. You can request a copy of the register by calling our Customer Relations team on 1800 731 812.

### Total ongoing fee example

Your account's total ongoing fees will vary depending on your choice of investments and the value of your account. For example, the fees for investing in Australian and international share managed investments tend to be higher than those charged for investing in cash or fixed interest.

The following case study provides current estimates of the average total ongoing fees you could pay for investing in managed investments (with respect to cash, Australian fixed

interest, property securities, Australian shares and international shares) and listed securities through your account.

The case study is based on account values of \$100,000 and does not allow for variations to the fees and other costs set out in this Guide which you may separately authorise. Because we cannot control the fees charged for accessible investments, we cannot guarantee the figures won't fluctuate in the future.

The following case study doesn't take into account any fees which are paid to your financial adviser. Such fees are negotiable between you and your financial adviser and are in addition to administration and investment fees. They also don't take into account any Custodial share account, Cash Account or margin lending fees.

### Case study – Total ongoing fees (p.a.) for an investment of \$100,000

The balance of your account is \$100,000 (excluding your Cash Account balance). The first table assumes you only hold managed investments through your account spread equally across five asset classes (that is, \$20,000 in each). The second table assumes that you only hold shares through your account. The annual administration fee, investment fees and total ongoing fees applicable to your account are shown in the tables below:

Asset Class	Administration fee (% p.a.) <sup>^</sup>	% p.a. charged by Investment managers *	Total Ongoing fees (% p.a.)	Total ongoing fees (\$ p.a.)
Cash	0.45%	0.30%	0.75%	\$150.00
Australia Fixed Interest	0.45%	0.44%	0.89%	\$178.00
Property Securities	0.45%	1.24%	1.69%	\$338.00
Australian Shares	0.45%	1.20%	1.65%	\$330.00
International Shares	0.45%	1.26%	1.71%	\$342.00
Total annual fee			1.34%	\$1,338.00
Total annual fee (incl. expense recovery)**			1.38%	\$1,378.00

<sup>^</sup> The administration fee charged on managed investment holdings is net of RITC. Refer to 'RITC for managed investments' in this section in the Guide.

\* These percentages are an average of the most recently published investment fees for the managed investments in the relevant asset class. See the Available Products List and relevant underlying product disclosure statement for the current investment fees.

# You won't actually see this whole amount deducted from your account, since investment fees are deducted from the unit price of your managed investments. However, the value of your account will effectively be reduced by this amount.

## General information

### What will occur if you no longer have a financial adviser

You must have a financial adviser when you open your Asgard Infinity eWRAP Investment account. However, if you wish to end the relationship, you must notify us immediately by taking the steps described below. Alternatively, if we become aware of an event that ends the relationship between you and your financial adviser, we will notify you. In these cases, you can appoint a new financial adviser to manage your account. **We encourage you to have a financial adviser to allow you to access all account features and to enable efficient processing of your investment instructions.**

### What do you need to do

If you wish to appoint a new financial adviser, you need to complete and return to us a 'Change of Adviser' form. If you wish to end the relationship with your current financial adviser, but will not be appointing a new financial adviser at the same time, you will need to complete a 'Request to remove a financial adviser from an account' form. You can obtain both forms by contacting our Customer Relations team. **It is important to complete the relevant form, to assist you in managing your adviser fee arrangements and deciding on who can access your account.**

### What happens if you don't appoint a replacement financial adviser

If you do not appoint a new financial adviser, you will assume responsibility for managing your account directly.

Once we process your 'Request to remove a financial adviser from an account' form or, alternatively, after we have notified you that your relationship with your financial adviser has ended, some features of your account will automatically change (within a period that is appropriate in the circumstances or is required by law). For example you will be:

- able to provide investment instructions relating to managed investments, term deposits and (if you have a Custodial share account) listed securities, but only where you complete and lodge a form with us (the form is available through our Customer Relations team)\*
- unable to provide us with your corporate action elections if you have a Custodial share account
- unable to access certain account functionalities, including:
  - Automatically invest excess cash
  - Automatically rebalance your account
  - Regular buy
  - Regular sell
  - Regular deposit/direct debit plan
  - Regular withdrawal plan
  - Reinvestment of income distributions, and

- unable to utilise the 'tax management' functionality described in the 'How Asgard Infinity eWRAP Investment works' section in this Guide. This will impact your ability to manage your capital gains tax position with respect to selling managed investments and listed securities held through your account.

\* If you have a Sponsored share account, you will not be able to provide instructions relating to listed securities unless you open a trading account with our default broker. Alternatively, you can switch to a Custodial share account (in which case you will be charged a Custodial share account fee).

### Further information

We have a policy that outlines how we deal with investors who do not have a financial adviser attached/linked to their account. You can access this policy free of charge by contacting our Customer Relations team. We may amend this policy from time to time and will notify you of any change to our policy that requires your consent.

### eStatements and online communications

You can view your correspondence, including reports, account actions and most letters, in the one secure location on *Investor Online* via [www.investoronline.info](http://www.investoronline.info).

You can make the choice to receive correspondence online when completing your application, by notifying your financial adviser, registering on *Investor Online* or calling us. As important information about your Asgard Infinity eWRAP Investment account may be sent to the email address you nominate in your application, it's important that you nominate a current and active email address and notify us immediately if the email address provided changes.

Refer to the 'Other information' section in the AIB for the terms and conditions applying to eStatements and online communications.

### Electronic notifications and updated information

We may provide you with all information required or permitted to be given to you under the relevant law, including transactional and periodical statements, ongoing disclosure and product disclosure statements and supplementary product disclosure statements (or the equivalent information) for underlying managed investments (Information):

- where it is or may become permissible under relevant law, via your financial adviser in writing or notice by email or other electronic communication (including by making it available at *Investor Online*), and
- directly:
  - by email (including emails containing a hypertext link), and
  - by other electronic communication (including documents containing a hypertext link or by making it available online at *Investor Online*).

If you're:

you agree that Information can be provided to you in any of these ways.

### When we send you documents

You agree we may give you documents and other communications by any of the methods specified below including by sending them to any address for you, your financial adviser or your representative provided by you which we reasonably believe is correct. In this case, those documents and other communications are taken to be given if:

- online, when available
- sent by post (including a letter containing a reference to a website where the relevant documents or other communications can be found) three business days after posting
- sent by fax, on production of a transmission report
- sent by email (including an email containing a hypertext link to one or more documents), one business day after the email is sent, or
- given personally, when received.

You will also have access to the above information through your financial adviser and we may choose to send some or all of this information to you.

Disclosure documents for underlying managed investments

If we become aware that an interest in an underlying managed investment held by you is affected by a materially adverse change or a significant adverse event and it is something that would be required to be specified in a product disclosure statement for the managed investment, we will give to you (or you will have access through Investor *Online*) an updated product disclosure statement, and any supplementary product disclosure statement, for the managed investment. Refer to the 'Electronic notifications and updated information'

section and the 'eStatements and online communications' section above for more information. Where this occurs, you will be able to select a new investment option.

The purchase of managed investments may occur without you having been given the current product disclosure statement (including any supplementary product disclosure statement) for those managed investments (the 'missing document') if you give instructions to us to acquire an interest in the managed investments immediately or by a specified time. In this situation, the relevant 'missing document' must be

provided to you as soon as practical and in any event by the fifth day after the purchase was made.

Please note:

- The purchase of managed investments will continue to be made under the arrangement until instructions are given to us to the contrary, or the arrangement is terminated.
- We may (but we are not obliged to) cease to act on any instructions, including a Regular Buy instruction, if we are not reasonably satisfied that the relevant information has been provided or made available to you prior to investing.

Your rights when investing through this account are different to when investing directly

Investing through Asgard Infinity eWRAP Investment	Investing directly
<p><b>Cooling-off rights will not apply</b></p> <p>As a wholesale investor, Asgard is not entitled to any cooling-off rights when investing in the underlying financial products on your behalf. As the beneficial owner of the financial products, you will also not be entitled to any cooling-off rights. This is particularly important when considering investing in managed investments with limited liquidity as longer withdrawal periods and transaction fees will apply.</p>	<p><b>Cooling-off rights will apply</b></p> <p>If you are a retail client, you may be entitled to a 14 day cooling-off period with respect to certain financial products such as managed investments. If you exercise your right within the cooling-off period, you can have your application money returned (subject to some adjustments such as in respect of fees and market movements).</p>
<p><b>No direct voting rights</b></p> <p>Your managed investments and listed securities (other than any listed securities in a Sponsored share account) are held in our name, as custodian for you. We are therefore the legal owner of these investments. Although you retain beneficial ownership, you won't be able to directly exercise any investor rights usually available to the legal owner, including the right to vote on company and scheme resolutions.</p> <p>We won't exercise any voting rights in relation to your investments, unless we ask for and receive instructions from you. If we do ask for and receive instructions from you about exercising voting rights, we will generally exercise any discretion in accordance with your instructions.</p> <p>We have a voting policy which contains more information about our voting practices. You can obtain a copy free of charge by contacting our Customer Relations team on 1800 731 812.</p>	<p><b>Voting rights</b></p> <p>As you are the legal and beneficial owner of your investments, you are free to exercise any investor rights available to the legal owner, including the right to vote on company and scheme resolutions.</p>
<p><b>Communications from investment managers</b></p> <p>As your investments are held in our name (other than any listed securities held in a Sponsored share account), we receive various communications from investment managers and listed entities, such as annual reports, financial statements and notices about corporate actions.</p> <p>You may elect to receive copies of these communications by writing to us.</p>	<p><b>Communications from investment managers</b></p> <p>As your investments are held by you in your name, you will receive communications from investment managers and listed entities, such as annual reports, financial statements and notices about corporate actions that relate to your investments.</p>

**Withdrawal rights may not apply – Defective disclosure**

The withdrawal rights usually available under the Corporations Act when a product disclosure statement/disclosure document is found to be defective or a disclosure condition in it is not met before the issue or sale of the related investment applied for, may not be available to you if you invest through Asgard Infinity eWRAP Investment. This means that the issuer of the investment may not be required to return the investment or provide you with other options such as notification of an option to withdraw in accordance with section 724 or 1016E of the Corporations Act.

Where practicable, we will communicate to your financial adviser where there is an option to withdraw and provide them with any accompanying disclosure (including supplementary or replacement disclosure) as soon as possible (but no later than 5 days from receipt of notification to us). We will also generally act on any instructions received as to how to exercise the withdrawal option.

Any withdrawal rights that may be available may also be affected where you invest through Asgard Infinity eWRAP Investment rather than directly and a redemption is offered on a scaled-back basis, for example, where the investment is 'illiquid'. This may result in you receiving a lesser amount where your investment through Asgard Infinity eWRAP Investment is pooled with that of other Asgard Infinity eWRAP Investment investors and, for example, the distribution of the scaled-back amount differentiates between different investment amounts.

**Withdrawal rights apply – Defective disclosure**

Withdrawal rights under the Corporations Act will usually be available and may be exercised by you when a product disclosure statement/disclosure document is found to be defective or a disclosure condition is not met before the issue or sale of the related investment that you applied for directly. You will be notified directly by the product issuer of any option to withdraw and provided with any accompanying disclosure (including supplementary and replacement disclosure).

Your financial adviser may submit your application electronically using AdviserNET, or the application in this application booklet can be completed and sent to us.

## 1. Existing account details

If you have an existing account that is in **exactly the same name** as this account, complete this section and your existing account details will be applied to this account, and you don't need to complete section 2.

## 2. New account details

If you have not completed section 1, you will need to complete the corresponding parts of this section depending on your investor type.

**Partnerships** – we're unable to set up partnership accounts. You may be able to apply as a joint or company applicant.

**Trusts** – if you have a trust deed, choose 'Trust' as the account type. The account name should reflect the actual name of the Trust Deed. We're unable to accept trusts that have more than five trustees.

## 3. TFN/ABN

If you choose to provide your Tax File Number (TFN) or Australian Business Number (ABN), you'll need to provide:

- your full name,
- your TFN/ABN or, if you're exempt from having to provide a TFN/ABN, the exemption code identifying the reason.

If you're a pensioner, you'll need to advise the pension exemption code (if known). If you're a trust, you should supply the TFN/ABN of the trust. If you're an organisation not required to lodge a tax return, you'll need to quote the code 'NL'. Any TFN/ABN information supplied on your application will be automatically applied to all future investments in your account.

You're not obliged to provide your TFN or ABN, **but if you don't and you're not exempt, tax may be deducted at the highest marginal rate plus Medicare levy from any dividend**, interest or other income arising from your investments and interest income on your Cash Account. **You will also not be eligible to access the Custodial share account.** If you have a joint account, this will apply should either applicant not provide a TFN and that applicant not be exempt. Any TFN withholding tax deducted will be remitted to the Australian Taxation Office and will be shown on your Annual Tax Report.

For more information about the use of TFNs/ABNs, contact your local Australian Taxation Office.

## 4. Residency details

Provide all residency details. If you do not reside in Australia, Asgard may decide not to accept any instructions from your financial adviser to buy managed investments. If you're not an Australian resident for tax purposes, you must include your country of residence. Non-residents are not eligible to access or continue to hold the Custodial share account. **A joint account is a non-resident account if at least one applicant is non-resident.**

### Adviser remuneration/fees

Sections 5 and 15 set out amounts which you consent to Asgard deducting and paying from your Infinity Account to your financial adviser (or to their dealer group on their behalf) whose details are set out in section 17 of this application, or as notified to Asgard from time to time in writing. The fees are payable for financial advice and related services that they provide to you in relation to your interest in this product. For more information, please refer to the 'Fees and other costs' section of the Guide.

## 5. Feature selection and adviser remuneration

In this section you can customise the features of your Infinity account and nominate the adviser fee to be paid to your financial adviser.

### a) Account management fee

Select the ongoing adviser fee option – either flat dollar, flat percentage or sliding scale – and indicate the fee (before GST). Where a percentage is specified, the maximum is 5% (excluding GST) per category.

### b) Optional account features and ongoing adviser fees

Choose the optional features to apply to your account. If you don't select any optional features, then the Core account features will apply. Any nominated adviser fees on an optional feature will be calculated on to the value of assets in that optional feature.

### c) One-off adviser fee

Nominate a one-off fee to be paid to your financial adviser, deducted as a one-off payment from your Cash Account.

### d) Other fees

Indicate the maximum upfront fee (before GST) that will apply to all managed investment purchases. This fee will not apply to deposits to your Cash Account or share purchases.

## 6. Authority to operate

Indicate if your financial adviser will have an authority to operate your Infinity eWRAP account.

## 7. Cash Account

Select your Cash Account option or provide the details of an existing eCASH or CASH Connect Account in **exactly the same name** as this account that you wish to use as the Cash Account for your Infinity eWRAP account. If you wish to link an existing Cash Account, it cannot already be linked to an Infinity eWRAP Investment account or eWRAP Investment account.

### CASH Connect

If you choose a CASH Connect Account, each signatory must sign the signature card (included in this application booklet).

Each signatory must also complete a reference from an acceptable referee (included in this application booklet) or provide details of a current St.George or BankSA account for which they have already been identified (see the supporting documentation checklist in this booklet for the rules that apply in this case). You may also need to send copies of supporting documentation to us with your application. The supporting documentation checklist in this booklet details the requirements.

If there's more than one signatory, indicate the method of operation that applies to CASH Connect Account transactions initiated by you:

- **'one to sign'** – one person can initiate withdrawals and CASH Connect Account amendments,
- **'two to sign'** – two people must initiate withdrawals or CASH Connect Account amendments. If you choose this option, you cannot have card access and you won't be given access to Phone and Internet Banking.

**Note: The method of operation you choose only applies to withdrawals and account amendments in relation to your CASH Connect Account. It does not apply to your Infinity eWRAP account.**

If you have a personal, joint or company account with 'one to sign', indicate whether you want card access. Trust and Superannuation Fund/Approved Deposit Fund accounts cannot have card access.

## 8. Phone and Internet Banking

If you have an existing eCASH Account or CASH Connect Account in **exactly the same name** as this account and would like to access information on these accounts through Phone and Internet Banking using your existing Phone and Internet Banking access number and security number, provide the details of your existing Cash Account in this section. If you choose this option, you won't be sent a new Phone and Internet Banking access number or security number for this Cash Account. You'll use your existing Phone and Internet Banking access number and security number.

## 9. Account password

Please provide an initial account password that will be used to identify you when you make enquiries about your account and a password prompt to help us remind you of your password if you forget it.

**For security purposes you should change your account password and prompt on Investor Online once you've received your logon details from us.**

## 10. Nominated bank account

This section must be completed if you choose an eCASH Account, but is optional (although highly recommended) if you choose a CASH Connect Account. Your nominated bank account will be linked to your Cash Account to facilitate cash transfers.

You can also give your financial adviser an authority to transfer cash from your Cash Account to your nominated bank account. See section 12, 'Authority to transfer cash'. Your nominated bank account must be held in the same name as your Cash Account.

## 11. External linked accounts

Provide the details of other financial institution accounts (in addition to your nominated bank account) to which you would like your financial adviser to be able to transfer funds using AdviserNET. (If you want to be able to transfer funds to these accounts using Phone and Internet Banking, you will need to logon to Internet Banking and set them up as third party accounts).

## 12. Authority to transfer cash

You can give your financial adviser authority to transfer cash from your Cash Account to your nominated bank account, any external linked accounts and any other Cash Accounts held under the same client number, using AdviserNET. This means that your financial adviser can initiate one-off or regular cash transfers without you needing to sign each instruction prior to your financial adviser electronically submitting it to us.

If you don't give an authority to transfer cash, you'll need to sign each instruction for one-off or regular cash transfers before they are submitted by your financial adviser.

### 13. Share trading

This section must be completed in order to trade/hold listed securities through your Infinity eWRAP account. You must also have nominated a share account in section 5. You need to indicate how you want your listed securities to be held. You can choose between a:

- Sponsored share account – listed securities will be held in your name, or
- Custodial share account – listed securities will be held in our name.

Under the Sponsored share account, you can choose to receive a new Holder Identification Number (HIN) or you can transfer an existing HIN (this must be in the same name as your account). If you want to transfer an existing HIN, you'll need to complete the CHESSE Sponsorship transfer form – Broker sponsored which is provided in the application booklet. For Custodial share accounts, you will be issued with a new HIN and, if you wish to transfer listed securities, you will be required to complete a standard off-market transfer form for each share holding.

If you are setting up a Custodial share account, you will need to nominate whether you wish to receive dividends as cash or have them reinvested under a Dividend Reinvestment Plan (DRP). Please note that your dividend election will apply across all listed securities held in your account.

You can choose to apply for a **Share Investing Limited online share trading account**. If you do, you'll need to complete the Share Investing Limited Online Share Trading Application in the application booklet (applies to Sponsored share accounts only). Once complete, please email the form to Share Investing Limited at [AsgardSupp@anz.com](mailto:AsgardSupp@anz.com). Ensure that you complete all the details on the form, including your Infinity eWRAP Investment account number and your financial adviser details on the back page. We'll contact your financial adviser when your online share trading account has been established.

You can also choose the tax parcel selection method that is applied to the sale of listed securities in your account.

### 14. Reports and information

Indicate whether your preference for receiving reports and correspondence is online or by mail.

### 15. Initial fees and deposit

#### Adviser fee – Establishment

If an Adviser fee – Establishment is to be charged, indicate the fee (before GST) which will be deducted from your initial deposit into your Cash Account.

#### Initial deposit

Enter the amount of your initial deposit into your Cash Account. It's important to note that depositing funds electronically may be more efficient than a cheque. If you'd prefer to deposit initially by cheque, make your cheque(s) payable to Infinity eWRAP Investment – name of investor (for example, John Smith Pty Ltd) and cross it 'not negotiable'. If you'd like us to arrange a direct debit deposit on your behalf, complete the Direct Debit Request.

### 16. Regular direct debit deposits

If you wish to make regular direct debit deposits from a bank account into your Cash Account, complete this section. You must specify the amount you wish to deposit and the frequency of the required deposit.

You must also complete the Direct Debit Request in the application booklet and forward the original with your application. You can only have one Direct Debit Request for each account. Therefore, if you also want to make an initial deposit by direct debit, it must come from the same bank account.

### 17. Adviser's details and declaration

Your financial adviser will complete this section. Under the Anti-Money Laundering and Counter-Terrorism Financing Act, your financial adviser is required to verify your identity. The verification procedure is outlined in this booklet.

### 18. Certification of US Tax Status

We are required to identify certain US persons in order to meet account information reporting requirements under local and international laws. If you meet the criteria outlined in this section, you will need to contact us on 1300 725 863.

### 19. Acknowledgements

Read the 'Investor acknowledgements and authorities', in the eWRAP Investment Additional Information Booklet and the Cash Account Product Disclosure Statement (PDS) carefully and then sign the application.

The application must be signed personally by all applicants. If the applicant is a company, the application must be executed in accordance with the company's constitution.

Applications may be signed or executed by individuals or companies under power of attorney. Where the applicant signs under power of attorney, a certified copy of the relevant power of attorney must be enclosed with the application. Your power of attorney can be certified by a Justice of the Peace, a Commissioner for Declarations or your solicitor.

## 19. Acknowledgements

I/We:

- confirm that, at the time this application was given to me/us, I/we were given access by the same means to (or a paper copy of) the current (as confirmed by my financial adviser) Asgard Infinity eWRAP Investment Financial Services Guide and IDPS Guide (consisting of the Guide and the Additional Information Booklet (the Guide)) and any Supplementary Financial Services Guide/IDPS Guide (Guide), accompanied by the current Cash Account PDS and any Supplementary Cash Account PDS, which I/we have read and understood;
- agree to be bound by the Custody Service Deed dated 31 May 2002, the other terms and conditions applying to my/our account set out in the Guide, the CHESS sponsorship terms and conditions (if you choose a Sponsored share account) set out in the Guide and the Cash Account terms and conditions in the Cash Account PDS, as each of them may be amended from time to time;
- acknowledge that Asgard is the custodian for this eWRAP Infinity Investment Account. This means that my/our investments (other than listed securities held under a sponsored share account) are held in Asgard's name, as custodian for me/us. Asgard is therefore the legal owner of these investments;
- acknowledge and consent to the use of omnibus accounts by Asgard in its capacity as custodian. Asgard uses pooling arrangements, under which assets are held in omnibus accounts. The use of omnibus accounts to hold financial assets is common industry practice. Assets held through an omnibus account are held in the name of Asgard, rather than in individual accounts for each underlying client. Records are maintained to allow clear identification of the quantity of assets held for a client through the omnibus account;
- (if you choose a Sponsored Share account) instruct Asgard, after acceptance of my/our application, not to send me/us a further copy of the CHESS sponsorship terms and conditions or a copy of the executed Sponsorship Agreement;
- expressly acknowledge the 'Important information' section of the Guide;
- give the Investor acknowledgements and authorities as described in the 'Other information' section of the AIB;
- confirm all details in the application are true and correct;
- agree to receive any communications (including any confirmation of any transaction or dealing, notice of material changes and significant events and other information I/we may request) and documents (including product disclosure statements for underlying managed investments and periodic reports) which Asgard or St.George is required or permitted to give, or has agreed to give, to me/us relating to my/our account via Investor *Online*, or any other electronic means chosen by Asgard or St.George (and for these purposes, I/we agree I/we will be taken to have received the relevant information whether or not I/we access the information);
- acknowledge that by investing through this account, I/we do not have access to some of the rights and entitlements that would otherwise be available to us as a retail investor if I/we invested in the underlying financial products directly;
- understand that this includes not having the same rights as direct retail investors or not having access to cooling-off rights, withdrawal rights and voting rights;
- have read and understood the information about these rights in the section: 'Your rights when investing through this account are different to when investing directly' in the 'General Information' section of the Guide; and
- acknowledge that I/we have read and understood the information in the section: 'What will occur if you no longer have a financial adviser' in the 'General information' section of the Guide, and that I/we may be adversely affected if I/we no longer have a financial adviser to provide financial product advice or act on my/our behalf in relation to my/our investments held through this account.

By signing this Form, I/we consent to Asgard deducting and paying agreed adviser fees to my/our financial adviser (or to their dealer group who will receive the payment on behalf of my/our financial adviser) from my/our account on my/our behalf, as remuneration for financial advice and related services that my/our financial adviser provides in relation to my/our account.

# Direct Debit Request Service Agreement

This agreement sets out the terms on which we accept and act under a Direct Debit Request (DDR) you give us to debit amounts from your account under the Bulk Electronic Clearing System (BECS). It is additional to the arrangement under which you make payments to us.

Asgard Capital Management Ltd  
ABN 92 009 279 592 ('we' or 'us'),  
User ID: 016103

Level 38, Central Park  
152 St Georges Terrace,  
Perth WA 6000.

You have entered or are about to enter into an arrangement under which you make payments to us. You want to make those payments by use of the BECS.

Ensure that you keep a copy of this agreement as it sets out certain rights you have against us and certain obligations you have to us due to giving us your DDR.

## When we are bound by this agreement

1. We agree to be bound by this agreement when we receive your DDR complete with the particulars we need to draw an amount under it.

## What we agree to and what we can do

2. We only draw money out of your account in accordance with the terms of your DDR.
3. We do not give you a statement of the amounts we draw under your DDR.
4. On giving you at least 14 days notice, we may: change our procedures in this agreement; change the terms of your DDR; or cancel your DDR.
5. You may ask us to: alter the terms of the DDR; defer a payment to be made under your DDR; stop a drawing under your DDR; or cancel your DDR by emailing [client.support@asgard.com.au](mailto:client.support@asgard.com.au) or writing to Asgard, PO Box 7490, Cloisters Square WA 6850. We will require a new direct debit form if you are changing your financial institution or where you have deferred a direct debit for more than three months.
6. You can dispute any amount we draw under your DDR by calling our Customer Relations team on 1800 998 185; or emailing [client.support@asgard.com.au](mailto:client.support@asgard.com.au) or writing to Asgard, PO Box 7490, Cloisters Square WA 6850.
7. We deal with any disputes under Clause 6 of this agreement as follows. We and our bank review our respective records. If necessary we contact your financial institution to review its records. We advise you and your financial adviser in writing within two to four weeks, depending on the nature and extent of the dispute, and the measures taken to resolve it.
8. If the day on which you must make any payments to us is not a business day, we will draw on your account under your DDR on the first business day following that day.
9. If your financial institution rejects any of our attempts to draw an amount in accordance with your DDR, we contact you and your financial adviser in writing. After three consecutive rejections we advise you and your financial adviser in writing that you can no longer make payments by direct debit. Should we purchase managed investments on your behalf with the proceeds of the DDR, and your financial institution does not honour the DDR, managed investments may have to be sold. We cannot be held responsible for the effect of this buying and selling.
10. We will not disclose to any person any information you give us on your DDR, which is not generally available, unless: you dispute any amount we draw under your DDR and we need to disclose any information relating to your DDR or to any amount we draw under it to the financial institution at which your account is held or the financial institution which sponsors our use of the BECS or both of them; you consent to that disclosure; or we are required to disclose that information by law.

## What you should consider

11. Not all accounts held with a financial institution are available to be drawn on under the BECS.
12. Before you complete your DDR, it is best to check account details against a recent statement from your financial institution to ensure the details on your DDR are completed correctly.
13. If you are uncertain when your financial institution processes an amount we draw under your DDR on a day which is not a business day, enquire with your financial institution.
14. It is your responsibility to ensure there are sufficient cleared funds available in your account, by the due date on which we draw any amount under your DDR, to enable us to obtain payment in accordance with your DDR.
15. We request you to direct all requests to stop or cancel your DDR to us initially and all enquiries relating to any dispute under Clause 6 of this agreement to us initially or your financial institution.

# I. Your investment options

Through eWRAP Investment, you have access to managed investments, listed securities and term deposits. By diversifying your investments and investing for an appropriate timeframe, you may reduce the risks associated with your investment. The 'Available Products List' specifies all the managed investments available through eWRAP Investment. You can access this list through your financial adviser or by calling our Customer Relations team. You can also invest in most CHESS-approved listed securities on the Australian Securities Exchange (ASX) (with the exception of mFund products<sup>1</sup> and exchange traded Australian Government Bonds).

## Investment options

### About managed investments

Managed investments (also known as managed funds) give you access to the investment expertise of professional investment teams. Your money is pooled with that of other investors, which enables you to invest in a broader range of assets. You have access to well-researched managed investments that would not normally be available to you if you were investing as a retail client.

You can choose to invest in a managed investment that concentrates on one particular asset class, or structure your managed investments so that you invest in a combination of asset types. The diversification you achieve by investing in a number of managed investments can reduce the risk to your portfolio because you are not relying on the performance of one particular asset or asset class.

### About listed securities

Listed securities are generally bought and sold on a stock exchange through a broker. The returns from listed securities may include capital growth or loss and, depending on the security, income through dividends. Listed securities will generally offer the potential for the highest returns of all asset sectors over the medium to long term. However, listed securities also exhibit the highest fluctuations in values in the short term. The return achieved will be influenced by factors such as company performance and earnings, interest rates and the general economic outlook.

### About term deposits

When you invest in a term deposit, your money is invested for a fixed term and you receive a fixed rate of interest over that term.

## How to decide which investments are best for you

Before investing, you need to carefully consider how much of your money you are prepared to risk in order to receive potential gains. Your financial adviser will help you choose the right investment strategy to match your tolerance to risk, investment goals and timeframe. It is recommended that you regularly review your investment strategy with your financial adviser to accommodate changes in your circumstances or market conditions over time.

Before you make any decision in relation to your investments, you must receive from us a copy of the product disclosure statement or other disclosure document (if any) for any new investments unless there is no requirement for such a document to be provided by us in paper form (for example, the relevant information may be able to be provided to you electronically through *Investor Online*) or in another way. You have a right to receive these disclosure document(s) free of charge from your financial adviser or us. Ask your financial adviser if you have any questions about the relevant investments in terms of whether they suit your financial objectives, situation and needs (including fees and risk/return) before deciding to invest.

## Understanding asset classes

Choose from an extensive range of managed investments, including investments from the different asset classes of cash, fixed interest, listed securities and property, as well as multi-sector (diversified) funds managed by some of Australia's leading investment managers.

The managed investments available through your account invest in one or more of the following asset classes:

Asset class	Classification
Cash	Income
Fixed interest	
Mortgages	
Australian shares	Equity
International shares	
Property securities	Property

<sup>1</sup>. An mFund product is an unlisted managed fund admitted for settlement under the ASX Operating Rules and available to investors through the mFund Settlement Service. mFund products are not currently available through eWRAP.

The 'Available Products List' provides details of the available managed investments that tend to invest exclusively (or almost exclusively) in one of these asset classes. They are grouped into the following three specialist categories: income, equity and property. In addition, there are multi-sector managed investments available, which invest across a range of asset classes.

You have the option to invest in managed investments from each category in order to create a diversified portfolio. Each category offers a choice of managed investments from many of Australia's leading investment managers.

If you would like to know more about the features of a specific managed investment, consult your financial adviser and the relevant product disclosure statement (PDS) which you can access through *Investor Online*. You can also obtain a copy of these disclosure documents free of charge from your financial adviser or us.

## **Investing your money**

eWRAP Investment gives you access to cash, managed investments, term deposits and listed securities and the flexibility to change and mix your investments as your needs change.

There is no 'default' investment option in eWRAP Investment. If no investment option is nominated in the application process, all funds will remain in your Cash Account until your financial adviser submits an instruction online via AdviserNET as to where the funds are to be invested. You can obtain the 'Available Products List' from your financial adviser or by contacting Customer Relations.

## **Changing your investments**

With eWRAP Investment, you can change your mix of managed investments and listed securities at any time, quickly and easily, as your needs or investment markets change. With your financial adviser, you choose which managed investments, term deposits and listed securities to buy and sell, and your financial adviser places your investment instructions online via AdviserNET.

Changes to your account may not be implemented in certain circumstances, such as where we are not reasonably satisfied that you have been given or have access to a copy of the current PDS or other disclosure document for the relevant managed investment, which is not defective, or information about material changes or significant events that affect the managed investment.

## **Consequences of changing your investments**

The sale of some or all of your managed investments or listed securities held through your eWRAP Investment account may result in a capital gain or capital loss that will affect the amount of tax paid on your account. You may also be charged transaction costs – that is, buy/sell differentials charged by the investment managers or share brokerage. Refer to the 'Fees and other costs' section in the Guide for more information.

- choose your Cash Account option (see the Cash Account PDS)
- decide what level of authority you'll give them to operate your account
- negotiate the fees they'll receive for services in relation to your account, and
- set up your account for share trading if you want listed securities included in your portfolio, and nominate a Custodial or Sponsored share account.

If you are opening an eWRAP Investment account with an eCASH account, your financial adviser can submit your application to us electronically using AdviserNET.

You can use your account once:

- your application has been accepted by us
- your Cash Account has been opened, and
- a deposit has been made into your Cash Account.

Your account will need to be activated before you can access Phone and Internet Banking (provided you are eligible) and trade listed securities through your account. For more information, refer to 'Activating your account' in this section. By opening an eWRAP Investment account, you agree to receive ongoing communications from us electronically through *Investor Online*.

## Processing your application

On accepting your application, we'll:

- open your eWRAP Investment account
- liaise with St.George to open your Cash Account
- send you a welcome letter to confirm your eWRAP Investment account and Cash Account details and
- send you a Personal Identification Number (PIN) to access *Investor Online*.

For security purposes, we'll send your PIN separately to your welcome letter.

## Activating your account

**You won't be able to trade listed securities or have access to Phone and Internet Banking (if required) on your Cash Account until you've accepted all the terms and conditions and your account is activated.**

We'll automatically activate your account on your behalf if you complete a paper-based eWRAP Investment application and post it to us. If your financial adviser submits your application electronically to us using AdviserNET you will need to activate your account by logging into *Investor Online* (once you receive your welcome letter and PIN from us) and accept the terms and conditions. Submitting applications electronically is only available if you select eCASH as your Cash Account.

## B. Your financial adviser

Your financial adviser is integral to the operation of your eWRAP Investment account. All buying and selling of term deposits, managed investments and listed securities must take place through your financial adviser.

You can only open an eWRAP Investment account if you have a financial adviser.

Some of the features described in this Booklet may not be available to you if you choose to remove your financial adviser from your account. For more information, see 'What will occur if you no longer have a financial adviser' in the 'General information' section in the Guide.

## C. Your Cash Account

Your Cash Account is the central component of your eWRAP Investment account. It allows your financial adviser to buy and sell investments on your behalf.\* We pay income distributions from managed investments and dividends from your listed securities (if you have the Custodial share account set up), directly into your Cash Account (see 'Income distributions' and 'Share dividends' in this section for more information). If you have a Sponsored share account set up, you can also direct the share registries to pay dividends directly into your Cash Account.

Interest is calculated on the daily closing balance and credited to your Cash Account each month. The interest rate is variable and may change at any time. You can check the current Cash Account interest rates on *Investor Online* or with your financial adviser.

\* Please note, if you have an eWRAP Margin Lending facility, all buys and sells of investments are settled through your Margin Loan account instead of your Cash Account.

### Opening a Cash Account

When you open an eWRAP Investment account, you can select (on the eWRAP Investment application) whether you want your Cash Account to be an eCASH account or a CASH Connect account. You can only have one Cash Account linked to your eWRAP Investment account. For more information on the Cash Account options, please refer to the Cash Account PDS.

When processing your eWRAP Investment application, we will request St.George to open a Cash Account for you. When your Cash Account has been opened and activated (refer to 'Activating your account' in this section), St.George will send you a welcome letter advising:

- your Phone and Internet Banking Access Number; and
- instructions on how to create your own Phone and Internet Banking Password.

If your Cash Account is a CASH Connect account, provided you are eligible, you will also receive from St.George your cheque book and VISA debit card.

The St.George welcome letter does not include the Password or Security Number. For security purposes, St.George will send you a Phone and Internet Banking Security Number in a separate letter. For joint or company CASH Connect accounts where the method of operation is specified as 'two to sign', St.George will not issue a welcome letter as card access and Phone and Internet Banking are not available.

### Linking your Cash Account to other bank accounts to facilitate cash transfers

You need to provide us with details of another account with a financial institution that is held in the same name as your eWRAP Investment account. We refer to this bank account as your 'Nominated Account'. Your Cash Account cannot be set up without a Nominated Account.

In addition to specifying a Nominated Account, you can provide details of other financial institution accounts to which you would like your financial adviser to be able to transfer funds electronically using AdviserNET. We refer to these accounts as 'external linked accounts'. You can set up external linked accounts on your eWRAP Investment application or by completing a 'Nominated or external linked account amendment' form and returning it to us.

You can transfer funds to both the Nominated Account and external linked accounts using Internet and Phone Banking.

### Depositing and withdrawing monies from your Cash Account

Please refer to the Cash Account PDS for the range of deposit and withdrawal options available to you along with the clearance times and daily withdrawal limits that apply.

Any funds to be deposited are automatically credited to your Cash Account. Once the funds have cleared (refer to the Cash Account PDS for clearance times applying to the different deposit options), they will remain in your Cash Account:

- until we receive investment instructions from your financial adviser
- until we deduct fees and other costs
- unless you have elected to automatically invest excess cash, or
- unless you and your adviser elected to auto-rebalance your managed investments including cash.

### Maintaining a minimum balance in your Cash Account

You must maintain a minimum balance of \$1,000 in your Cash Account to cover fees and other costs. You can monitor your Cash Account balance by regularly checking the details of your account on *Investor Online* or on Internet Banking.

When your Cash Account balance is close to or less than the minimum, you may wish to deposit additional funds into your account. You can also instruct your financial adviser to sell specific managed investments or listed securities. The sale proceeds will be paid into your Cash Account.

If you don't top up your Cash Account balance, we have the right to sell managed investments using one of the following methods.

### **Priority Sell method**

You can nominate a standing Priority Sell instruction on your managed investments specifying the order in which your managed investments will be sold.

#### **Example**

John's Cash Account balance is currently \$100. A fee of \$200 is about to be deducted from John's account. We need to sell managed investments to the value of \$1,100 to restore his Cash Account balance to the minimum \$1,000 required and to fund the outstanding fee of \$200. John has set up a Priority Sell instruction to sell managed investment A, followed by managed investment B. Managed investment A has a value of \$800 and managed investment B has a value of \$500. To restore the Cash Account balance, we'll sell all of managed investment A (\$800) and some of managed investment B (\$300).

### **Default Sell method**

We use the Default Sell method if we've not received any Priority Sell instructions from you (or if the net value of managed investments you nominated under the Priority Sell instruction are insufficient). Under the Default Sell method, we'll endeavour to sell your managed investments in proportion to their estimated current value, subject to price and market changes that may occur during the selling process.

If the value of managed investments in your account is insufficient, we reserve the right to transfer any listed securities held in your account from your ownership to ours, or to sell any listed securities held in your account through a broker of our choice, in order to recover any outstanding fees and other costs.

#### **Example**

The balance in Penny's Cash Account is \$200. A fee of \$300 is about to be deducted from Penny's account. We need to sell managed investments to the value of \$1,100 to restore her Cash Account balance to the minimum \$1,000 required and to fund the outstanding fee of \$300. 80% of Penny's account value is in managed investment A and 20% in managed investment B. There's no Priority Sell instruction in place. Using the Default Sell method, we'll sell from each managed investment proportionately as follows:

Managed investment A: 80% of \$1,100 = \$880

Managed investment B: 20% of \$1,100 = \$220

Total: \$1,100

### **Automatically invest excess cash**

To help you manage your Cash Account balance, you and your financial adviser can select a minimum and/or maximum target Cash Account balance. You can select either a dollar or a percentage value of your account. The automatic cash management process is run monthly. If your account balance exceeds your specified maximum, we will automatically invest the additional balance according to your instructions.

Automatic cash management can only be established and maintained on AdviserNET by your financial adviser.

## **D. Transacting in term deposits**

A range of term deposits are offered through eWRAP Investment with a selection of interest rates and terms. Your financial adviser can instruct us via AdviserNET to purchase term deposits on your behalf.

At maturity, the proceeds from the term deposit (including interest payments) are paid into your Cash Account. We will aim to notify your financial adviser a few weeks before your term deposit is due to mature.

Funds cannot be withdrawn from a term deposit before the term ends.

For information on applicable term deposit terms, conditions and restrictions, please refer to the relevant term deposit disclosure document, which you can obtain from your financial adviser, from *Investor Online* or by calling Customer Relations.

## **E. Transacting in managed investments**

### **Buying managed investments**

We can generally only accept investment instructions submitted to us by your financial adviser on AdviserNET. Your investment instructions will generally be placed with the investment manager on the following business day (a weekday on which banks and the ASX are open for business in Sydney).

The minimum buy amount is \$100 per managed investment each time a buy instruction is submitted. This applies to both one-off buys and regular buys.

Before you instruct your financial adviser to submit an instruction to buy managed investments, you must receive a PDS for the managed investments you are purchasing. These PDSs are available from your financial adviser, or existing investors can access them through the PDS link on *Investor Online*.

If you instruct us to buy a managed investment and there is a pending transaction in place (such as a previous purchase or sale request), we will not place the investment instruction with the investment manager until the pending transaction has cleared.

Please note that if you do not reside in Australia, we may decide not to accept any instructions from your financial adviser to buy managed investments.

### What happens if there are insufficient funds to fund the investment instruction?

We cannot process your investment instructions if there are insufficient funds in your Cash Account. In that event, we will check the balance in your Cash Account each day until the expiry date set for the buy instruction.

The expiry date for your managed investment instructions will automatically default to 28 days (your financial adviser can decrease it to a minimum of zero days or increase it to a maximum of 56 days). If sufficient funds become available before an expiry date, we will automatically place your buy instructions with the investment manager(s).

We record instructions to buy managed investments in order of date. Where you have a number of outstanding instructions, we will process them in the order of the oldest transaction first and then in descending amount order as sufficient cash becomes available in your Cash Account, which means the instructions may not necessarily be processed in the order in which they were placed.

You can monitor the progress of your managed investment buy instructions by viewing the 'Account Actions' menu on *Investor Online*.

### **Regular buy**

Your financial adviser can arrange a regular buy of a dollar amount of one or more managed investments held through your account. We will fund regular buys through your Cash Account. Your financial adviser will help you nominate the:

- amount
- start date
- frequency, and
- optional end date.

The regular buy instruction will be initiated on the nominated date (or the following business day if the nominated date falls on a non-business day). If there are insufficient funds in your Cash Account at the time the regular buy is to occur, the regular buy instruction will fail and your financial adviser will be notified. You will also be notified of a regular buy instruction failure when you log on to *Investor Online* and view the 'Account Actions' menu. AdviserNET will initiate the regular buy instruction again on the next nominated date for the original nominated amount.

Your financial adviser can amend or cancel your regular buy at any time using AdviserNET.

When a regular buy instruction is set up on your account, you acknowledge and agree that when we make further investments on your behalf into a managed investment in which you already have an investment, you may not have received:

- the current PDS for the managed investment, or
- information about material changes and significant events that affect the managed investment (that the responsible entity of the managed investment is required to give a person who acquired an interest in the managed investment directly, unless exceptions apply).

### **Transferring managed investments into your account**

To transfer managed investments into your account, complete and send the following forms to your current IDPS operator (if applicable):

- in-specie transfer request cover sheet
- Australian Standard Transfer Form for each managed investment you're transferring, and
- closure form to close your account with your existing IDPS operator

You'll also need to complete and send the following form to us:

- Transfer of managed investments – transfer authority form including the tax history for each managed investment you're transferring.

All of these forms are available from your financial adviser, with the exception of the closure form, which can be obtained from your current IDPS operator.

We can only transfer managed investments to your account if all the relevant historical information is provided in the Transfer of managed investments – transfer authority form. Your financial adviser will help you obtain the relevant information from your current IDPS operator and complete these forms. We'll send your financial adviser a confirmation notice once the entire transfer is completed.

### **Valuations**

The managed investments in your account are generally valued daily by investment managers and we record and use the valuations they provide for reporting and other purposes. Refer to the individual managed investment PDS for details on unit pricing.

The Portfolio Valuation screen on *Investor Online* shows the most current valuations on your account.

### **Income distributions**

Income distributions from managed investments will be credited to your Cash Account. You may choose to keep them as cash, or instruct us to use distributions from particular managed investments to buy further units in those managed investments. You cannot take part in any distribution reinvestment plan offered by investment managers.

Your financial adviser can set up and change your income distribution option for you via AdviserNET.

At the time the income is reinvested into any managed investments, you can access the current PDS and any Supplementary PDS for those managed investments from the PDS link on *Investor Online*.

The Account Summary and Transaction Details screens on *Investor Online* show the summary of the income distributions you have been paid.

## How distributions affect your account

After the end of the 31 December, 31 March, and 30 September quarters, investment managers generally make a distribution of fund income to investors. After the end of the financial year (30 June), investment managers generally make a distribution of both fund income and capital gains to investors.

This means that following the end of the quarter, you may notice a drop in the value of your managed investments. The size of the drop for each investment is generally related to the size of the distribution the manager of that managed investment pays to the unit holders.

However, it can take a number of weeks before we receive the distribution and pass it on to you. During this time, it may appear that your account has dropped in value but this should be temporary and will be rectified once the distribution has been credited to your account.

The important thing to remember is, with the exception of any market movements, generally the value of your account will return to what it was at the end of the quarter, once the distribution is credited to your account.

## Selling managed investments

The minimum sell amount is \$100 per managed investment. You can nominate either a dollar amount to sell or a specific tax parcel to sell (one-off sells only).

If the sell amount is 95% or more of the value of your entire holding in a managed investment, we will sell your entire holding in that managed investment and credit the proceeds to your Cash Account.

Your financial adviser can submit sell instructions online via AdviserNET. The time it takes for an investment manager to process a sell instruction for a managed investment can vary.

Generally, sells are processed within seven business days unless suspended or frozen for any reason. The individual managed investment's PDS contains details of withdrawal restrictions. When we receive the proceeds from the investment manager, we will credit those funds into your Cash Account.

If you instruct us to sell a managed investment and there is a pending transaction in place (such as a previous purchase or sale request), we will not place the investment instruction with the investment manager until the pending transaction has cleared.

## Selling managed investments initiated by us

In addition to any other rights we may have, you authorise and instruct us to sell managed investments held in your account without your permission if we determine for any reason that:

- we can no longer administer or hold a managed investment, or
- you are in default of any of your obligations under any terms and conditions.

You agree that we may opt to sell your managed investments as if we had received an instruction from you to do so, to the extent necessary. You further agree not to vary this instruction.

## Regular sell

Your financial adviser can arrange a regular sell of a dollar amount from one or more managed investments held through your account every month or quarter. Your financial adviser will help you nominate the:

- amount
- start date
- frequency, and
- optional end date.

We will initiate the sell on the nominated date (or the following business day if the nominated date falls on a non-business day). When we receive the proceeds from the investment manager, we will credit those funds into your Cash Account.

If the specified sell amount is 95% or more of the value of your entire holding in a managed investment, we'll sell your entire holding in that managed investment and credit the proceeds to your Cash Account.

Your financial adviser can amend or cancel your regular sell at any time via AdviserNET.

## Illiquid or suspended managed investments

Generally, we consider a managed investment to be illiquid if it cannot be converted to cash in less than 30 days. A managed investment may also be illiquid if converting it to cash within 30 days would have a significant adverse impact on the value of the investment.

You may invest in an illiquid managed investment or a managed investment may become illiquid after you invest. It may be illiquid, for example, because:

- the investment manager has imposed withdrawal restrictions on the investment, or
- the investment is subject to market liquidity constraints.

### Suspended managed investments

A suspension occurs when the responsible entity of a managed investment suspends the ability to make withdrawals from the managed investment (and may also prevent further applications or investments into the managed investment).

There are various circumstances in which a responsible entity of a managed investment may be permitted under relevant law to suspend withdrawals (and applications, if applicable).

If you have automated features set up on your account (such as regular buy, regular sell or auto-rebalancing etc) that include instructions relating to suspended managed investment(s), these automated features will not be executed in respect of the particular suspended managed investment. For more information on suspended managed investments, please contact your financial adviser or call our Customer Relations team.

### Withdrawals

Withdrawals from suspended managed investments may be allowed from time to time during withdrawal windows declared by the fund manager of the suspended managed investment. We will notify your financial adviser if a fund manager notifies us of an upcoming withdrawal window for a suspended managed investment you hold. Your financial adviser will then be able to place a withdrawal request for you during the withdrawal window dates. If the total amount of withdrawal requests for the suspended managed investment exceeds the amount available for that particular managed investment, the investment manager may meet requests on a pro-rata basis. Each withdrawal window has different conditions that will be communicated to your financial adviser.

We will automatically participate in withdrawal offers on your behalf if you have requested to close your account but continue to hold a suspended managed investment within your account. Note that unless you instruct us otherwise, all amounts received in respect of the suspended managed investment (including distributions) will be retained within your Cash Account until we are able to realise the full amount of your investment in the suspended managed investment.

### **Transferring managed investments out of your account**

You can transfer managed investments to another IDPS operator (provided the account with the other IDPS operator is set up in the same name as your eWRAP Investment account) or directly into your name if the investment manager agrees. Generally, no capital gains tax will be payable on this transfer of managed investments out of your account, however, you should obtain your own tax advice as this may depend upon your particular circumstances. To find out more about transferring managed investments out of your account, contact your financial adviser.

## **F. Transacting in listed securities**

Through eWRAP Investment, you can invest in listed securities. If you wish to hold/trade listed securities through your account, you and your financial adviser will need to:

- nominate on your application or account amendment that you want to hold/trade listed securities in your account
- choose between a Sponsored or a Custodial share account – this will determine how your listed securities will be held and how corporate actions will be managed
- request a Holder Identification Number (HIN) to be assigned to your account or transfer an existing HIN to your account (applies for Sponsored share accounts only)
- choose the tax parcel selection method that is to be applied to capital gains tax reporting on listed securities in your account (see 'Capital gains tax and tax management' in this Booklet), and
- set up a trading account with Share Investing Limited, our online default broker or one of the other panel brokers.

### **Share ownership**

You have two options to choose from regarding how listed securities in your account are to be held. You can choose between a Sponsored or Custodial share account. You cannot select both.

#### Sponsored share account

In the Sponsored share account, listed securities are held in your own name. You retain both legal and beneficial ownership of these investments. The share registry communications are received and managed by you. You need to notify the share registries directly of your intention to participate in corporate actions. The Sponsored share account is available to all investors.

#### Custodial share account

In the Custodial share account, listed securities are held in our name, as custodian for you, in the same way we hold managed investments on your behalf.

As custodian, we hold legal title to your listed securities, however, you will retain beneficial ownership of these listed securities. Because your listed securities are held in our name, you won't receive communications relating to corporate actions from the share registries. This arrangement works to reduce paperwork for you and your financial adviser.

The Custodial share account is not available to all investors.

The main differences between the Sponsored and Custodial share accounts are detailed in the table below:

	Custodial share account	Sponsored share account
<b>Eligible investors</b>	<ul style="list-style-type: none"> <li>Australian residents*</li> <li>Investors with an eWRAP Margin Loan facility</li> <li>Investors who have supplied a valid Tax File Number (TFN) or exemption reason</li> </ul>	All investors.
<b>Excluded investors</b>	<ul style="list-style-type: none"> <li>Non-Australian residents</li> <li>Investors whose accounts are held in an external margin lending arrangement under a nominee structure</li> <li>Investors who have not supplied a valid TFN or exemption</li> </ul>	Not applicable.
<b>Share ownership</b>	Listed securities are held in our name as custodian for you. We are the legal owner of the listed securities, however, you retain beneficial ownership of these listed securities.	Listed securities are held in your name. You hold both legal and beneficial ownership of the listed securities.
<b>Share registry communications</b>	Share registry communications are sent to us.	Share registry communications are sent directly to you. You are responsible for responding to these communications.
<b>Participating in corporate actions</b>	Generally, you'll be able to participate in most corporate actions (through your adviser), except shareholder rights including voting and general meetings.	<p>You are entitled to participate in all corporate actions.</p> <p>You need to notify the share registries directly of your intention to participate in corporate actions.</p>
<b>Voting rights and loyalty programs</b>	<p>We have voting rights as a result of holding legal title. Generally, we will not seek instructions from you in relation to the exercise of voting rights.</p> <p>You have no entitlement to any additional benefits (i.e. shareholder discount cards) associated with the listed securities.</p>	You retain voting rights and access to loyalty programs.
<b>Custodial share account fee</b>	We charge a fee of \$300 p.a. (including GST net of RITC) for administering your Custodial share account. This fee applies from the day your Custodial share account is setup even if there are no listed securities held through your account.	Not applicable.

\*You cannot continue to use a Custodial share account if you are not an Australian resident for taxation purposes. If you have a Custodial share account set up and your residency status (for taxation purposes) changes, you must notify us immediately. In this event, we reserve the right to sell any listed securities in your Custodial share account and then close it. We may also decide not to accept any instructions from your financial adviser to buy managed investments.

### Switching between Custodial and Sponsored share accounts

You can switch between Custodial and Sponsored share accounts at any time. Your financial adviser can submit this instruction for you on AdviserNET.

When switching between Custodial and Sponsored share accounts, details regarding your shareholdings (for example, your TFN or instructions for the payment of dividends) will not be retained and will need to be resubmitted by you to the share registries (under the Sponsored share account) or to us (under the Custodial share account).

### Holder Identification Number (HIN)

Before you can trade, a HIN must be assigned to your account. Your HIN is unique to your share trading account and is used to identify the legal owner of the listed securities in your account and also to register your account details on the Clearing House Electronic Subregister System (CHES). You can only have one HIN per share trading account.

When setting up a Sponsored share account, you can elect to transfer an existing HIN to your account or you can ask us to request a new HIN to be generated. Your account will need to be activated before we can assign you a new HIN (see 'Activating your account' in this section in this Booklet). When transferring an existing HIN to your account, the existing HIN must be in exactly the same name and address as your eWRAP Investment account.

Under a Custodial share account, you will be issued with a new HIN as existing HINs cannot be transferred to Custodial share accounts. A new HIN will also be issued when switching between Custodial and Sponsored share accounts. Where permitted, listed securities will be transferred from the old HIN to the new HIN.

### **Choice of broker**

Your financial adviser trades listed securities on your behalf by placing trades directly with any of the panel brokers. A trading account with the relevant panel broker(s) will need to be set up before your trades can be placed. The panel of brokers is appointed by us and may change from time to time. Our default online broker is Share Investing Limited. Share Investing Limited is also a panel broker. If you wish to set up a trading account with Share Investing Limited, you can nominate this on your application or account amendment. You'll need to indicate whether you wish to receive Share Investing Limited trade confirmations via email or post. If you have a Sponsored share account, you'll also need to complete the online share trading application and send it directly to Share Investing Limited in order for your Share Investing Limited trading account to be established. The online share trading application is not required for Custodial share accounts.

You agree that your financial adviser, as your agent, may give or submit instructions to a panel broker to buy or sell listed securities held through either a Custodial or Sponsored share account and, on that basis, all instructions given to a panel broker by your financial adviser are taken to be authorised by you. You're therefore responsible for any order which is placed by your financial adviser. We are not responsible for any incorrect instructions or orders.

You're also responsible for notifying your panel broker (other than Share Investing Limited) where your share trading account changes; for example, your registered details change or you are issued with a new HIN.

### **Trading listed securities**

You can buy and sell listed securities through your account. Please note that we do not facilitate the trading of listed securities if they are trading on a deferred settlement basis. You can also transfer existing listed securities you hold into your account (excluding mFunds). Your financial adviser places trades on your behalf through a panel broker, and the costs or proceeds of share trades are settled through your Cash Account.

### **CHESS sponsorship**

Listed securities are traded electronically through the ASX and their ownership is recorded on CHESS. If you choose a Sponsored share account, you agree to appoint us as your CHESS sponsor, subject to the CHESS sponsorship terms and conditions set out in the 'Terms and conditions relating to share trading' section in this Booklet. You also agree that we can appoint another CHESS Participant to provide settlement services. Currently, we have appointed Share Investing Limited as our settlement agent.

The CHESS sponsorship terms and conditions set out your rights and obligations and our rights and obligations in relation to the sponsorship of your CHESS holdings. In particular, amongst other things, they deal with your obligations to pay for listed securities you purchase and pay brokerage and other trade-related fees. You should read the CHESS sponsorship terms and conditions carefully.

You may seek further explanation of these terms and conditions if required and/or request a copy of the executed sponsorship agreement by calling our Customer Relations team. You may terminate our sponsorship of your listed securities at any time, but if you do this, you'll no longer be able to hold listed securities in the Sponsored share account through your eWRAP Investment account.

### **Buying listed securities**

There's no minimum buy amount for listed securities, subject to panel broker limits and market rules. Your financial adviser submits your buy instruction directly to the chosen panel broker and the panel broker will place your trade with the ASX. Once the trade has been executed, the panel broker will send you a trade confirmation showing the trade details.

The trade is generally settled two business days after the day it is executed. Our settlement agent will act on your behalf to settle the trade. You authorise our settlement agent to withdraw money from your Cash Account to settle the purchase including any brokerage or settlement fees, if applicable.

### **Funding share purchases**

You're required to fund share purchases, including the purchase price, plus any share trading fees, such as brokerage and settlement fees. In order to fund the share purchase, you must have, at the time your financial adviser places your instruction with the broker:

- sufficient funds available in your Cash Account, or
- sufficient pending proceeds from unsettled share sales previously placed through the same broker, or
- a combination of both.

### **What happens if you're unable to fund a share purchase?**

You're responsible for any share buys placed by your financial adviser. When you've decided which listed securities to purchase, you must ensure that sufficient funding will be available to settle the transaction. If there is insufficient funding available and you fail (after a demand has been made) to pay the amount due in respect of the trade, your trade will not be settled. We, or the panel broker, may take the following action to enable settlement of the trade:

- sell or transfer on your behalf any of the listed securities referred to in the trade confirmation, and/or
- sell or transfer any other listed securities held in your account, or any of your assets in our control or possession.

You may also be liable for failed settlement fees charged by the panel broker and settlement agent. You'll be invoiced directly for these fees, or alternatively they will be deducted from your Cash Account by our settlement agent.

You agree to indemnify us and our settlement agent against all costs, expenses and losses incurred including brokerage, stamp duty and administration fees (in accordance with market rules) resulting from your failure to settle by the due date.

### **Cash pledging**

Our settlement agent will instruct the Bank to place a pledge on funds in your Cash Account that are required to settle share purchases. This is in order to hold the funds in your Cash Account until the time of settlement. Whilst the pledge is in place, the funds will be included in your total Cash Account balance, but you will not have access to them. At settlement, our settlement agent will remove the pledge and withdraw these funds from your Cash Account to settle the purchase.

### **Selling listed securities**

No minimum sell amount applies to listed securities, subject to panel broker limits and market rules. Your financial adviser will submit your sell instruction directly to the chosen panel broker. The panel broker will place your trade with the ASX and once it has been executed, the panel broker will send you a trade confirmation showing the trade details.

The trade is generally settled two business days after the day it's executed. Our settlement agent will act on your behalf to settle the trade. You authorise our settlement agent to deduct settlement fees from your Cash Account, if applicable, and deposit the net proceeds from the share sale into your Cash Account after deducting brokerage and any other panel broker fees.

### **What happens if there are insufficient listed securities in your account?**

You're responsible for any sell placed. If you don't have sufficient listed securities in your account and you fail (after a demand has been made) to deliver the number of listed securities needed to settle the trade, your trade will not be settled.

We, or the panel broker, may buy on your behalf the additional listed securities required to complete settlement of the trade. In this event, the purchase cost and associated fees and charges will be deducted from your Cash Account.

You may also be liable for failed settlement fees charged by the panel broker and settlement agent. You may be invoiced directly for these fees, or alternatively they may be deducted from your Cash Account by our settlement agent.

You agree to indemnify us and our settlement agent against all costs, expenses and losses incurred, including brokerage, stamp duty and administration fees (in accordance with market rules), resulting from your failure to settle by the due date. Your financial adviser and you must ensure that you hold the required numbers of listed securities to make certain you are not left with an insufficient quantity.

### **Removing/selling listed securities held through your account**

In addition to any other rights we may have, you authorise and instruct us to sell without your permission, listed securities held under a custodial arrangement through your account if we determine for any reason that:

- we can no longer administer or hold a listed security
- a security is likely to be removed from the ASX
- the issuer intends to de-list the security from the ASX, or
- you are in default of any of your obligations under any terms and conditions or the eWRAP Custody Deed.

You agree that we may opt to sell your investments as if we had received an instruction from you to do so, to the extent necessary. You further agree not to vary this instruction.

If your listed securities are held under a sponsored arrangement through your account, in the event of any of the above scenarios arising, your shareholdings may be transferred to an issuer sponsored arrangement without your permission.

### **Transferring listed securities into your account**

You can transfer existing listed securities into your account. Your listed securities may be held with an existing broker, with another IDPS operator, or they may be issuer-sponsored.

If your listed securities are currently held with another broker or IDPS operator, you'll already have a HIN. For Sponsored share accounts, you may transfer this entire HIN and all associated listed securities to your account. If you do this, any details currently lodged with CHESS regarding your listed securities, such as your TFN or instructions for the payment of dividends, will be retained.

For both Sponsored and Custodial share accounts, you have the option of transferring the listed securities individually to your account. In doing this, we'll ask CHESS to create a new HIN for you. If you have a Sponsored share account, your details, such as your TFN and dividend instructions relating to each of the listed securities you are transferring, will need to be resubmitted by you to the relevant share registries.

If your shares are issuer-sponsored, you'll have a Shareholder Reference Number (SRN) instead of a HIN. Because different listed securities are sponsored by different issuers, you may have multiple SRNs.

To transfer listed securities into your account, you need to:

- complete either the issuer-sponsored or broker-sponsored CHESS sponsorship transfer form with the tax parcel details (applicable to Sponsored share accounts only)
- complete the standard off-market transfer form and provide tax parcel details for each individual shareholding (applicable to Custodial share accounts only), and
- provide the most recent holding statement for each individual shareholding.

Your financial adviser will help you obtain and complete the relevant forms. When we receive the forms, we'll arrange the transfer of the listed securities to your account. To avoid processing delays, you should ensure the correct registered details are supplied on the forms.

### Transferring listed securities out of your account

You can transfer listed securities in your account to another participant or to issuer-sponsored holdings, providing they remain in your name. Since there is no change in beneficial ownership you should not incur any capital gains tax on the transfer; however, you should obtain your own tax advice as this may depend upon your particular circumstances. To find out more about transferring listed securities out of your account, contact your financial adviser.

### Managing corporate actions

Corporate actions are events that affect investors' holdings in listed securities. Some corporate actions provide investors with different options ('voluntary corporate actions') so each investor can elect the option they believe is best suited to their personal circumstances. Other corporate actions simply occur ('mandatory corporate actions'), and investors have no options available to them but to comply with the default election as instructed by the share registry. Examples of corporate actions include bonus issues, rights issues, distributions, buy backs, takeovers and call payments.

The types of voluntary corporate actions available to you and the way you participate in them depends on whether you have a Sponsored or Custodial share account set up. Refer to the table below for more information.

	Custodial share account	Sponsored share account
<b>What types of corporate actions can you participate in?</b>	Generally, you'll be able to participate in most corporate actions through your financial adviser, except shareholder rights including voting and general meetings.  We may choose not to give you the ability to participate in corporate actions (through your financial adviser) where the timeframe does not provide us with adequate time to lodge your elections with the share registries or where the corporate action cannot be reasonably administered by us.	You're entitled to participate in all corporate actions.  You may also be able to gain access through the panel brokers to initial public offerings.
<b>Who receives correspondence regarding corporate actions?</b>	Corporate action notices are sent to us. We'll notify your financial adviser of these events.  No corporate action notices will be sent to you.	Corporate action notices are sent directly to you by the relevant share registry.
<b>How do you lodge an election for a corporate action?</b>	We participate in corporate actions on your behalf.  Where we have given you the ability to make an election, you can submit your election to us online through your financial adviser. This allows you to participate in a corporate action without having to manage this with the share registry – we'll do this for you.	If you want to participate in a corporate action, you need to forward your election directly to the relevant share registry.
<b>When do corporate action elections need to be made by?</b>	Your financial adviser will need to submit your election to us by our cut-off time, which may be earlier than the cut-off time advised by the share registry. (This is to ensure that we have sufficient time to submit your election to the relevant share registry.)  Your financial adviser can advise you of our cut-off times.  If an election is not made prior to our cut-off time, you will be taken to have made no election with regard to the corporate action and the corporate action default (as outlined in the relevant documentation relating to the corporate action) will apply.	You will need to forward your election to the relevant share registry prior to the share registry's cut-off time.  If an election is not made by the share registry's cut-off time, you will be taken to have made no election with regard to the corporate action and the corporate action default (as outlined in the relevant documentation relating to the corporate action) will apply.

	Custodial share account	Sponsored share account
<b>How are corporate actions funded?</b>	<p>If cash is required to fund a corporate action, we'll draw funds from your Cash Account upon receiving your election.</p> <p>If you have an eWRAP Margin Lending facility, you can choose to fund the corporate action either from your Cash Account or the Margin Loan Account. Your financial adviser can make this election for you on AdviserNET. (Please note, this election will apply to all future corporate actions requiring payment, unless an account amendment is submitted through AdviserNET.) If no election is made, the Cash Account will be used to fund the corporate action.</p> <p>If there are insufficient funds (or borrowing limits), we'll continue to check your Cash Account (or Margin Loan Account) each day up until our cut-off time. If there are no funds by this date, your corporate action election will lapse.</p>	<p>Corporate actions (where applicable) are funded as per the instructions you provided to the relevant share registry.</p>
<b>How do you receive proceeds from corporate actions?</b>	<p>Proceeds from corporate actions (where applicable) are deposited into your Cash Account.</p>	<p>You'll receive proceeds from corporate actions (where applicable) as per the instructions you provided to the relevant share registry.</p>

## Share dividends

Depending on the listed securities you hold, you may be able to elect to receive dividends as either additional securities (that is, reinvest dividends under a Dividend Reinvestment Plan (DRP)) or to receive dividends as cash. The payment of dividends and the ability to elect a DRP differs depending on whether you have a Custodial or Sponsored share account set up.

For information on how we treat the receipt of share dividends after your account has been closed, refer to 'Closing your account' in this section on the next page.

When you reinvest dividends under a DRP, you acknowledge and agree that you may not have received the current prospectus for the investment.

### Sponsored share account

With a Sponsored share account, each share registry will send you a form asking you to nominate your preferred method of receiving dividends. You can choose to reinvest the dividend under a DRP or receive it as cash that is paid either by cheque or credited to a bank account nominated by you.\* Simply complete the form sent to you by the share registry and return it to the share registry to inform them of your nomination.

If you wish to change your dividend instruction, you'll need to contact the relevant share registry directly.

\* If you choose to pay dividends into a bank account other than your Cash Account, we'll only be able to report on these dividend payments on a notional basis. We will not be able to verify whether the dividend payments have been received by you.

### Custodial share account

With the Custodial share account, if you elected to receive dividends as cash, any cash dividends you receive must be paid into your Cash Account. (You cannot choose a bank account other than your Cash Account for dividends to be paid into).

You can participate in DRPs, however this election will be applied across all of the listed securities held through your account where DRP is available. You cannot choose to receive dividends as cash for one shareholding while electing to participate in a DRP for another shareholding. Where DRP is not available for a listed security, or there is residual cash portion on your DRP, the dividend will be received as cash and deposited into your Cash Account.

When submitting your dividend instruction, your financial adviser must allow up to three (3) business days for us to forward your instruction to the relevant share registry and generally another ten (10) business days (or longer) for the share registry to process this instruction. Failure to provide us and the share registry with adequate time to process your instruction may result in your instruction not being actioned in time for the election to apply to that particular dividend or distribution.

### **Valuations**

Listed securities are valued daily for reporting and tax purposes using the ASX closing price data from the previous trading day.

## G. Rebalancing your account

You and your financial adviser can request us to regularly rebalance your portfolio according to templates you have established for the investments (managed investments and/or listed securities) held through your account. This means that regardless of each of your investment's performance, your portfolio will generally be in line with the investment strategy you have agreed upon with your financial adviser. By choosing the auto-rebalance option, your account can be rebalanced:

- quarterly (on or around 15 February, May, August and November)
- half-yearly (on or around 15 February and August), or
- annually (on or around 15 August).

You and your financial adviser can also choose to rebalance your portfolio on an ad-hoc basis. Auto-rebalancing can only be established and maintained on AdviserNET by your financial adviser.

## H. Margin lending

You may be able to borrow money to invest through your account using margin lending. Margin lending enables you to invest more than would be possible using just your own funds.

St. George provides the eWRAP Margin Lending facility, under which your margin loan is secured against the value of the listed securities and managed investments you hold through your account. You can apply for this facility at the same time you open your account or your financial adviser can help you establish it at a later date. **Please note that if you are not an Australian resident you cannot use the eWRAP Margin Lending facility.**

You should read the eWRAP Margin Lending PDS, the eWRAP Margin Lending Guide and other disclosure documents relating to eWRAP Margin Lending, including the application (available from your financial adviser) to fully understand the risks and benefits of margin lending before you take this option for investing. The eWRAP Margin Lending PDS sets out the features, costs and terms and conditions of the facility. The eWRAP Margin Lending Guide explains any changes to the way your eWRAP Investment account operates with the facility.

Margin lending may also be available through external providers. For more information, contact your financial adviser.

## I. Closing your account

To close your account, contact your financial adviser. Prior to closing your account, you must arrange to redeem, sell or transfer all your managed investments and listed securities through your financial adviser. In exceptional circumstances, such as if a managed investment becomes illiquid or has withdrawal restrictions, it may take longer to close your account. Once we process your account closure request, we'll deduct all outstanding fees and other costs from your Cash Account.

When you close your account, you have the option of closing or retaining your Cash Account.

If you close your Cash Account, we'll credit a final interest payment and deposit the final balance into your Nominated Account. A final benefit statement will be sent to you showing the transfer of funds out of your Cash Account and the resulting nil balance.

We may receive subsequent receipts (for example, dividends and income distributions) from assets held by you after your account has been closed.

- If you keep your Cash Account open, any subsequent receipts we receive will be paid into it.
- If you close your Cash Account, we'll pay any subsequent receipts into your Nominated Account. See the Cash Account PDS for more information.

# 3. Tax features

We recommend you consult a suitably qualified professional when considering tax matters in relation to investing through eWRAP Investment. The following information is of a broad nature and does not take into account your individual circumstances.

To assist you in the preparation of income tax returns in relation to investments held through eWRAP Investment, you or your financial adviser will receive an annual Tax Report and Tax Guide around September each year. You'll also have access to quarterly PAYG information through *Investor Online* (and to your adviser via AdviserNET) to assist you with your PAYG tax instalment obligations.

## What income is taxable?

The income tax position for income from managed investments and listed securities held through your account should be the same as if those investments were held in your name.

However, you should be aware that the Australian Taxation Office (ATO) conducts ongoing reviews of the taxation treatment of investment products, such as eWRAP Investment, and as a result, the taxation treatment or some of the tax features of the product may change. We'll notify you of any material changes that affect your account.

Generally, income derived from assets within your account, together with any imputation credits and/or foreign income tax offsets, will form part of your assessable income. These credits may also be available to offset income tax payable for the year. There are complex rules applying to imputation credits received through trust investments made on your behalf by us, and you should seek specific advice. Where you don't qualify for franking credits, they will not form part of your assessable income.

## Capital gains tax and tax management

Any taxable capital gain calculated in accordance with the law and attributable to investments will generally form part of your assessable income.

Capital losses may only be offset against current year capital gains or be carried forward to be offset against any future capital gains. Where a capital gains discount applies, capital losses must be first offset against gross capital gains before any discount is applied.

In the consolidated Tax Report provided to you each year, we have applied 'specific parcel selection' methodology in matching tax parcels to each sale during the year. The way in

which the parcels have been selected depends on the type of investments you held and the nominations you or your adviser have indicated via AdviserNET. This means you have the opportunity to determine which tax parcels are sold which will affect the amount of capital gain you derive or capital loss you incur when selling managed investments. This is explained in more detail below.

## Managed investments

Through AdviserNET, your financial adviser can select which tax parcels are to be sold as part of any disposal of your managed investments.

Where you and your financial adviser don't select specific tax parcels or fail to choose the correct number of parcels, AdviserNET will deem the parcels as having been sold in the following order:

- managed investments held for more than 12 months (beginning with the oldest) and acquired after 19 September 1985,
- managed investments held for less than 12 months (beginning with the most recently purchased assets),
- managed investments acquired before 19 September 1985 which were transferred into your account.

## Listed securities

You can indicate the order in which tax parcels will be selected for matching to sales. You can choose from one of the following methods:

### • Minimise gain

Listed securities will be treated as having been sold in the order which minimises the net capital gain across the share portfolio at the time of the sale. This method will take into account a range of factors, such as:

- whether a gain has been made
- when each parcel was acquired
- whether a gain can be discounted or a cost base indexed, and
- if there are any capital losses (generated on listed securities sold in that financial year) that can be offset.

There may be other factors (such as a subsequent sale or other losses) that are not taken into account and may result in a different outcome. This will be the default method which will apply if you do not make an alternative selection.

- **Maximise gain**

Listed securities will be treated as having been sold in the order which maximises the capital gain at the time of the sale. The parcel which generates the highest possible net capital gain will be selected first, then the parcel with the next highest net capital gain is selected, and so on.

- **First in first out (FIFO)**

Listed securities will be treated as having been sold in the order in which they were purchased, commencing with those purchased earliest. The parcel that has been held for the longest period will be selected first, then the next longest held parcel is selected, and so on.

- **Modified FIFO**

Listed securities will be treated as having been sold in the following order:

- listed securities held for more than 12 months (beginning with the oldest) and acquired after 19 September 1985,
- listed securities held for less than 12 months (beginning with the most recently purchased assets),
- listed securities acquired before 19 September 1985 which were transferred into your account.

Generally, you make your final selection of tax parcels by the way you calculate your capital gain or loss when you lodge your annual Income Tax Return. If you intend to use our consolidated Tax Report to calculate your capital gain or loss, you should advise us of your selection for investments in listed securities by mid July each year so that we can include this information in preparing the capital gains/losses summary report. If you have used interim capital gains reporting in determining your quarterly PAYG instalment income (e.g. for a self managed superannuation fund) then you should not change the selection later.

We do not accept changes to the tax parcel selections during the tax reporting period from mid July until around the end of November; although any method can still be selected for a new account. Our Customer Relations team can advise the exact July cut-off date each year for changes to tax parcel selections.

The method you choose will be applied to all share sales that occurred from the beginning of the financial year in which your method is chosen, unless you change your method in July. If you change your method in July, the method you choose will also be applied back to the beginning of the previous financial year. Please speak to your financial adviser or taxation consultant to determine which method is most suitable for your financial circumstances.

## **Tax Reports**

Tax Reports are produced annually and are accompanied by a comprehensive Tax Report Guide. Our consolidated Tax Report consists of the Statement of Annual Taxation Summary and supporting schedules. The Statement of Annual Taxation Summary reflects the layout of the information required in the current year's Tax Return, making it easy for you and your taxation consultant to locate and record the correct information for your income tax return. You can view your Tax Report on *Investor Online* by clicking on the link to Investor Reports.

### **Tax Report Guide**

The Tax Report Guide is designed to assist you and your taxation consultant in understanding the Tax Report. It provides important notes on how to interpret your Tax Report, including technical information on how to include this information in your income tax return.

The Tax Report Guide also includes information on the treatment of foreign income, dividends, imputation credits, TFN withholding tax, worked examples and more.

### **Tax reporting**

Your quarterly PAYG statements and annual Tax Report are prepared on the basis of certain assumptions (including application of capital gains tax rollover elections). This may result in the Tax Reports or PAYG Statements not being accurate for your particular circumstances or may require you to recalculate amounts shown. Details of these assumptions will be included in the Tax Report Guide accompanying the annual Tax Report.

The Tax Report is not designed for use by non-resident investors. Such investors will need to make adjustments to details in the Tax Report when preparing an Australian income tax return.

### **Transferring assets into your account**

When transferring managed investments and/or listed securities into your account, you, with assistance from your financial adviser, will be required to provide all of the relevant cost base details. If incorrect details are entered, then your annual Tax Report or PAYG statements will be incorrect.

### **Non-resident investors**

You must indicate your residency status for tax purposes on the application. If you're a non-resident investor, some or all of the information above may not apply to you. Please see your taxation consultant if your residency status changes after you invest through eWRAP Investment. You must notify us immediately if this occurs.

If you become a non-resident and then become a resident again, you may need to provide us with your updated residency details. You'll also need to reconfirm your TFN details with us. In the case of joint accounts, your account will be treated as a non-resident account where at least one investor is a non-resident.

## **Registration of eWRAP Investment as an Entity for GST purposes**

eWRAP Investment was registered for GST purposes on 1 October 2007. As a consequence, from the date of registration, available Reduced Input Tax Credit (RITCs) will be claimed by eWRAP Investment in relation to the portion of our administration fee charged on managed investments and the Custodial share account fee. This credit will be passed on to investors with managed investments in their account.

Adviser remuneration, administration fees charged on listed securities and share settlement fees are treated as a supply to the investor and therefore no RITC is claimed within the eWRAP Investment GST entity.

## **Claiming GST credits**

If you're registered for GST purposes, you may be able to claim input tax credits or RITCs for any GST paid on share settlement fees, the portion of your administration fee charged on listed securities in your account and any adviser remuneration you have agreed to pay your financial adviser. If you intend to make a claim, you can request we provide you with monthly tax invoices. To determine if you're able to claim any input tax credits or RITCs, see your taxation consultant.

## **General**

The above content is an outline of some of the Australian tax issues which may impact investing through eWRAP Investment. These comments should not be relied upon as a complete statement of all the potential tax considerations. These comments are based on the Australian tax laws as at the date of this Booklet. The Australian tax laws are subject to continual change, and as the tax treatment applicable to investors may differ, it is recommended that all investors seek their own professional advice on the taxation implications before investing through eWRAP Investment.

## Related party investment arrangements and transactions

Some of the managed investments and term deposits available through eWRAP Investment are issued or managed by companies within the Westpac Group. These Westpac Group companies receive fees in relation to your investment in the relevant product, which may include contribution fees, management fees, performance fees, withdrawal fees and other fees as specified in the product disclosure statement or other disclosure document for the relevant product. Your

Cash Account is a bank account offered by a company in the Westpac Group. Related parties will receive fees for services they provide. All arrangements are on an arm's length basis.

Where a managed investment is issued or managed by a company in the Westpac Group, the same investment selection criteria applicable to managed investments issued or managed by unrelated parties applies. We also have policies that govern how we manage actual and perceived conflicts of interest that may arise and these policies apply to the managed investment selection process.

- 6.6 This Agreement continues for our benefit in respect of any rights and obligations accruing before the Effective Date and, to the extent that any law or provision of any agreement makes the novation in Clause 6.3 not binding or effective on the Effective Date, then this Agreement will continue for our benefit until such time as the novation is effective, and we will hold the benefit of this Agreement on trust for the new Controlling Participant.

- 6.7 Nothing in this Clause 6 will prevent the completion of CHESS transactions by us where the obligation to complete those transactions arises before the Effective Date and this Agreement will continue to apply to the completion of those transactions, notwithstanding the novation of this Agreement to the new Controlling Participant under this Clause 6.

## 2. Your orders

### 2.1 How to give us an order

You may give us an order to buy or sell a Financial Product, or otherwise deal with Financial Products in accordance with these terms and conditions in one of the following ways (or in any other way we agree):

- a. through an Authorised Person.

You must also provide us with any information that we reasonably request in order to accept your orders.

You are responsible for ensuring the accuracy and completeness of your order.

### 2.2 Authority to act on your orders

We may:

- a. act on your orders (including orders we believe to be from you)
- b. act on the orders of an Authorised Person (including orders or requests we believe to be from an Authorised Person) without referring to you
- c. act on an incomplete or unclear order if we reasonably believe we can correct the information without referring to you or an Authorised Person
- d. act on an order which conflicts with another order and determine the order of acting if multiple orders are received
- e. seek to verify an order by contacting you or an Authorised Person.

## 3. Orders

### 3.1 When we may refuse your order

We may review your order to ensure that it meets our requirements.

We may refuse to accept your order or may limit your order:

- a. if we determine that you may not meet any payment or delivery obligation in connection with your order

- b. if you do not provide any security that we request in connection with the order
- c. if you have failed to meet your payment or delivery obligations on any other trade
- d. if we determine that accepting or executing your order would cause you or us to breach any law or the Rules
- e. if we consider that your order would result in the creation of a disorderly market or negatively affect the integrity of the market
- f. if we do not provide execution services in relation to that Financial Product, or
- g. for any other reason that we determine is appropriate.

We will notify you of any refusal or limitations as soon as practicable.

We may notify you that, until further notice, we will not accept your orders.

### 3.2 Electronic orders

You accept the risks of giving orders by telephone, fax, email, or any other method including but not limited to:

- a. the risk of an order being unauthorised or given by an unauthorised person
- b. the risk that we may process an order twice if you send the same order repeatedly or in different forms, and
- c. the risk that information sent by Electronic Equipment is not secure or free from virus or delay.

## 4. How we act on your order (Best Execution Policy)

### 4.1 Placement of your order

If we accept your order we will place your order on an Approved Market.

### 4.2 Execution of your orders on an Approved Market

In accordance with Part 3.1 of the *ASIC Market Integrity Rules (Competition in Exchange Markets) 2011*, we are required to take reasonable steps to obtain the best outcome for you when handling and executing your orders on an Approved Market. The best outcome is:

- a. for a buy order, the lowest purchase price plus transaction costs, and
- b. for a sell order, the highest sale price less transaction costs.

To meet our obligations to you, all valid orders to be executed on an Approved Market are sent to a market router which considers available trading platforms and determines which trading platform provides the best outcome for you.

Trading platforms considered with respect to achieving the best outcome are:

- i. ASX TradeMatch
- ii. ASX CentrePoint, and
- iii. Chi-X Australia.

Orders entered during the opening and closing auction phases of ASX TradeMatch are sent directly to ASX TradeMatch so long as this venue provides the client with the best outcome.

We place orders on an Approved Market in time priority. This means the first valid order that is received at a given price for a particular Financial Product will be the first order that is submitted to the market router. Amendments to an existing order may adjust the order priority.

You can provide us with an order in writing to handle and execute a particular order in a manner which is inconsistent with you obtaining the best outcome. We will take reasonable steps to handle and execute in accordance with such an order, which may result in you not obtaining the best outcome. If you are a Wholesale Client, you may provide us with standing orders to handle orders in a manner which is inconsistent with the best outcome.

You consent to your order being matched with an order of another client or with one of our orders when we are trading as principal. If your order is matched with an order of another client, we charge brokerage on both orders. We do not charge brokerage if your order is matched with an order we place as principal.

We may fill your order by entering into multiple Market Transactions and accumulating those transactions on a single Contract Note. In these circumstances the Contract Note will show the volume weighted average price of the Market Transactions. If you ask we will provide you with a statement setting out the individual prices of each Market Transaction.

#### **4.3 Delays in the execution of your orders**

There may be a delay between when we receive your order and when we act on your order. This may mean that the price at which your order is traded is different from the price available at the time when you gave us the order. We are not responsible for delays or errors in the transmission or execution of your order.

### **5. How we confirm the details of your trades**

We will issue you with a Contract Note for each trade.

We may issue a replacement Contract Note if we discover an error or omission in an earlier Contract Note.

You acknowledge that a Contract Note relating to Australian Securities is issued subject to:

- a. the directions, decisions and requirements of the Approved Market Operator and the Rules
- b. the customs and usages of the Approved Market, and
- c. the corrections of errors and omissions.

### **6. When orders or trades may be cancelled or amended**

Your orders or trades may be cancelled or amended without your consent if:

- a. we, the operator of an Approved Market consider that the order or trade may negatively affect the integrity or orderly nature of the Approved Market, or
- b. we, the operator of an Approved Market are permitted or required to do so under a law or the Rules of the Approved Market.

You are not entitled to any compensation from the cancellation or amendment of your order or trade under this clause, even if:

- a. we have sent you a Contract Note relating to the transaction, or
- b. it is later determined that your order or trade did not negatively affect the integrity or orderly nature of the market or cancellation of the order or trade was not permitted under a law or the Rules of the Approved Market, provided we have acted in good faith.

If the relevant market operator cancels or amends your order and we are able to partially fill your order, we will do so. We may charge you brokerage for these partially filled orders.

### **7. Meeting your obligations**

#### **7.1 How to settle your trade obligations**

You must provide any funds and/or Financial Products required to meet all obligations arising in connection with your trades (including any fees payable in connection with your trades).

All settlements of Financial Products under these terms and conditions must be made in accordance with the Standard Settlement Instructions.

#### **7.2 Pledge of funds prior to settlement**

If you meet your payment obligations using your Settlement Account, you agree that:

## **29. Unfair contract terms**

If any law relating to unfair contract terms would otherwise make a provision of these terms and conditions void, that provision is to be read down and construed as if it were varied, to the minimum extent necessary, so that the law does not make the provision void.

This clause applies before any other reading down or severance provision in these terms and conditions.

## **30. Exercise of discretions**
