

WIFI[®]BER TERMS OF SERVICE

THIS SUBSCRIBER AGREEMENT (THE "AGREEMENT") STATES THE TERMS AND CONDITIONS UNDER WHICH YOU ("YOU" OR "CUSTOMER") MAY USE THE SERVICE PROVIDED BY WIFI[®]BER (HEREINAFTER "WIFI[®]BER"). READ THIS AGREEMENT CAREFULLY AND COMPLETELY AS IT SETS FORTH YOUR RIGHTS AND OBLIGATIONS WITH RESPECT TO YOUR USE OF THE SERVICE.

Scope of this Agreement

WIFI[®]BER provides its service to Customer conditioned upon Customer's acceptance, in its entirety, of the terms and conditions contained in this Agreement. WIFI[®]BER may, in its sole discretion, change, modify, add/or remove portions of this Agreement, and the service provided hereunder, at any time. WIFI[®]BER will notify Customer of any such changes by posting the modified Agreement on the WIFI[®]BER Web site: www.wifiber.net, or sending notice via email, postal mail, or other means to Customer. Customer's continued use of the service following notice of such change shall be deemed to be Customer's acceptance of any such modification. If Customer does not agree to any such modification, Customer must immediately stop using the service and notify WIFI[®]BER that Customer is terminating this Agreement in accordance with the notice provisions contained herein.

Equipment

Customer understands and agrees that the service requires certain equipment required to be provided by Customer (the "Customer Equipment") such as a personal computer with an Ethernet jack and appropriate operating system, as well as certain equipment that will be provided by WIFI[®]BER or its designee such as an antenna. Customer represents that it owns the Customer Equipment or otherwise has the right to use the same in connection with the service. It is the responsibility of Customer to provide and maintain all equipment that is not provided by WIFI[®]BER. It is Customer's responsibility to make sure that all Customer Equipment is working properly and to troubleshoot and resolve problems with such equipment if it is not functioning properly. Customer is provided with WIFI[®]BER equipment as part of their monthly subscription fees. It is the responsibility of WIFI[®]BER to make sure that WIFI[®]BER equipment is working properly.

I. Terms and Conditions

1. Service Term.

As consideration for the subscription Customer agrees to pay WIFI[®]BER the applicable subscription fees set forth on our Web site at the time of your selection, or, if applicable, upon receipt of your invoice from WIFI[®]BER. All fees are due immediately and are non-refundable, except as otherwise

expressly noted in section VIII: Termination and Expiration. Unless otherwise specified on our Web site, each WIFIBER service plan is for a one-year initial term. After the initial term, unless Customer renews the one year subscription, Residential service will be supplied on a month to month automatically renewing basis. Business services will renew for a like term unless service is terminated by written notice to WIFIBER prior to 30 days before the end of the current term. Any renewal of your services with us is subject to the then current terms and conditions. Customer acknowledges that at the time of renewal the subscription fee may be higher or lower than the price paid for the initial term of service. Notwithstanding any other part of this agreement, Customer will be required to pay for service for each month of the current term.

2. Non-Recommended Configuration.

Customer agrees that (i) Customer will not be entitled to Customer support relating to any issues other than the quality of the signal delivered to Customer's antenna and wall jack, and (ii) the following limitations of liability shall apply: WIFIBER DOES NOT ASSUME ANY LIABILITY WHATSOEVER FOR ANY DAMAGE OR FAILURE TO CUSTOMER EQUIPMENT OR CUSTOMER'S INABILITY TO ACCESS OR USE THE SERVICE. The foregoing limitation of liability is in addition to and shall not limit any other limitation of liability set forth in the remainder of this Agreement.

3. Access to Customer's Premises.

Customer authorizes WIFIBER and its employees, agents, contractors, and representatives to enter Customer's premises (the "Premises") in order to install, maintain, inspect, repair, and if necessary remove the WIFIBER equipment. All such services will be conducted at a time agreed to with Customer. If Customer is not the owner of the Premises, upon request, Customer will supply WIFIBER with the owner's name and address, evidence that Customer is authorized to grant access to the Premises on the owner's behalf, and (if needed) written consent from the owner of the Premises to install the necessary WIFIBER equipment. WIFIBER assumes no responsibility for any damage, personal or property, to the Premises or the Customer Equipment as a result of the installation or removal of the WIFIBER equipment. In the event Customer elects to remove or move any WIFIBER equipment, Customer assumes all responsibility for any damage, personal or property, caused by such action.

4. Relocating Equipment.

Customer shall not relocate the WIFIBER equipment as this may affect Customer's ability to receive service. If Customer decides to move locations, Customer will contact WIFIBER for additional information concerning the procedures for transferring the WIFIBER equipment and service to Customer's new location. If the service is not available to Customer at their new location, then the Agreement shall terminate and Customer shall comply with the termination provisions of this Agreement. If the service is available at the new location, upon request

by Customer and approval by WIFIBER, WIFIBER may relocate the WIFIBER equipment to Customer's new location at a time agreed to with Customer. Customer acknowledges that Customer will be billed for the removal and reinstallation of the WIFIBER equipment at WIFIBER's then current hourly rates plus materials. In all cases, Customer shall notify WIFIBER as provided herein.

5. Replacement or Repair of WIFIBER Equipment.

Customer shall be solely responsible for the cost of replacement or repair of any lost, stolen, damaged, sold, transferred, leased, encumbered, or assigned WIFIBERS COMPUTING equipment or part thereof, together with any incidental costs incurred by WIFIBER relating to the replacement, repair, or installation of the WIFIBER equipment.

6. Back-up Requirements.

The installation, use, inspection, maintenance, repair, and removal of the WIFIBERS COMPUTING equipment may result in service outage or potential damage to Customer's computer and other Customer Equipment. If Customer does not back up all existing computer files by copying them to another storage medium prior to such activities, Customer understands and accepts the associated risks of such a decision. IN ANY EVENT, EXCEPT AS OTHERWISE SET FORTH HEREIN, WIFIBERS COMPUTING SHALL HAVE NO LIABILITY WHATSOEVER FOR ANY DAMAGE TO OR LOSS OR DESTRUCTION OF THE CUSTOMER'S COMPUTER, PERIPHERALS, SOFTWARE, OR DATA.

7. Customer Equipment Liability.

WIFIBER has no liability whatsoever for any damage, loss, or destruction of Customer Equipment, including loss or destruction of any software, files, or data. This includes harm resultant from any computer upgrades. Customer must perform for service eligibility, including the installation of an Ethernet Network Interface Card.

8. Installation.

WIFIBER or its agents will install the WIFIBER equipment. The Customer will be billed separately for installation according to the selected billing plan.

9. Service Fees.

Customer agrees to pay the monthly service fees, plus applicable taxes, as set forth in the current price list effective at the time of installation, as modified from time to time in accordance with the terms of this agreement. The initial service fee, together with applicable taxes, will be charged to Customer at the time of installation. Thereafter, the service fee together with applicable taxes will be billed to Customer. The service fee together with applicable taxes will be billed at the beginning of the applicable service period, on the day of the month that the Customer installation was completed (the "Anniversary Date"). WIFIBER reserves the right to change prices and

institute new fees at any time upon notice to Customer by posting new prices on the WIFIBER Web site or by sending notice via email or postal mail.

10. Installation Charges.

The installation charge, any additional installation equipment required plus applicable taxes, is as set forth in the Price List. At WIFIBER's option, the installation charge, together with any additional equipment required and applicable franchise fees and taxes, will be charged to Customer at the time of installation, or (ii) in accordance with WIFIBER's then-current billing policies.

11. Agreement to Pay.

For the term chosen by Customer in the Service Request application, Customer agrees to pay all WIFIBER equipment fees, installation charges, maintenance fees and service fees, including applicable taxes. Customer hereby authorizes WIFIBER to charge Customer's debit or credit card, invoice customer, or use other billing option in accordance with WIFIBER's then-current billing policies, for all such fees, charges and taxes. Customer agrees to pay for WIFIBER service through the end of the term or in accordance with WIFIBER's then-current billing policies. Further, Customer hereby authorizes Gonzo to charge Customer's debit or credit card for all fees related to termination, including pay out of the fees owed to WIFIBER for the remainder of the selected term of the Agreement, equipment charges and any and all other fees related to termination to which the Customer is subject pursuant to the terms of this Agreement.

12. Late Payments; Failure to Pay.

Administrative charge may be assessed and the service may be disconnected. If the service is disconnected, Customer may be required to pay a reconnect fee in addition to all past due charges before the service is reconnected. The administrative charge is intended to be a reasonable advance estimate of WIFIBER's costs resulting from Customer's late payments and non-payments. In the event of a disconnection of Customer's service hereunder, Customer will remain liable for all service Fees and other fees due through the end of the term selected in the service Request application.

13. Additional Charges.

The service will allow Customer to access the Internet, online services, and other information, and provides Customer access to e-mail. Customer acknowledges that Customer may incur charges while using the service in addition to those billed by WIFIBER. For example, charges may be incurred as a result of accessing certain online services or purchasing or subscribing to certain other offerings. Customer agrees that all such charges, including all applicable taxes, are the sole responsibility of Customer.

14. Billing Errors.

Subject to applicable law, Customer must notify WIFIBER of any billing errors or other requests for credit within 60 days of the related billing. WIFIBER will not be responsible for disputes in billing not brought within this time.

II. Unforeseen Interruption of Services

1. Notification.

To the extent possible, WIFIBER shall notify Customer as soon as it is practical in the event that WIFIBER is required to interrupt, either partially or fully, the services being provided to Customer. Such interruptions shall not be deemed a default hereunder.

2. Refunds.

Except as expressly set forth in or contemplated by this Agreement, in the case of refund for lost services, credit will be issued only for periods of lost service greater than twenty four (24) continuous hours. In the event of lost services greater than 24 continuous hours, not including lost service due to the failure of Customer Equipment, unauthorized Customer relocation of WIFIBER equipment, through any other fault of Customer, or due to the failure of any upstream network outage, WIFIBERS COMPUTING will prorate the refund for the lost service time in respect to the Customer's monthly service Fees. No refund will be given for any lost time under 24 continuous hours. Customer is not eligible for any refunds if Customer is in violation of any of the terms of this Agreement.

3. Repair.

WIFIBER will use commercially reasonable efforts to (at WIFIBERS COMPUTING's option), repair or replace any WIFIBER equipment damaged due to normal wear. If determined by WIFIBER, that (i) a repair was not related to the WIFIBER equipment, or (ii) WIFIBERS COMPUTING equipment was not damaged by normal wear, then the Customer will be billed at WIFIBER's then-current hourly rates plus materials.

WIFIBER will not be responsible for the repair or replacement of any Customer Equipment or any interruption of service due to failure of Customer Equipment.

4. Providers.

WIFIBER will not be held responsible for the external Internet connections provided from third parties.

5. Relocation.

In the event the Customer moves or relocates to a location where WIFIBERS COMPUTING service is not available, Customer is responsible to fulfill the terms of this Agreement as set forth in section VIII:

Termination and Expiration.

III. Conduct

1. Customer understands that all information, data, text, software, music, sound, photographs, graphics, videos, messages, or other materials ("Content"), whether publicly posted or privately transmitted, are the sole responsibility of the person from which such Content originated. Customer is entirely responsible for all Content that Customer uploads, posts, emails, or otherwise transmits via the service. WIFIBERS COMPUTING does not control the Content posted via the service and, as such, does not guarantee the accuracy, integrity, or quality of such Content. Customer understands that by using the service, Customer may be exposed to Content that is offensive, indecent, or objectionable. Under no circumstances will WIFIBER be liable in any way for any Content, including, but not limited to, any errors or omissions in any Content, or any loss or damage of any kind incurred as a result of any Content posted, emailed, or otherwise transmitted to Customer via the service.

2. Customer agrees not to use the service to: (i) upload, post, email, or otherwise transmit any Content that is unlawful, harmful, threatening, abusive, harassing, tortuous, defamatory, vulgar, obscene, libelous, invasive of another's privacy, hateful, or racially, ethnically, or otherwise objectionable; (ii) harm minors in any way; (iii) impersonate any person or entity, including, but not limited to, a WIFIBER representative, forum leader, guide or host, or falsely state or otherwise misrepresent Customer's affiliation with a person or entity; (iv) forge headers or otherwise manipulate identifiers in order to disguise the origin of any Content transmitted through the service; (v) upload, post, email, or otherwise transmit any Content that Customer does not have a right to transmit under any law or under any contractual or fiduciary relationships (such as inside information, proprietary and confidential information learned or disclosed as part of employment relationships or under nondisclosure agreements); (vi) upload, post, email or otherwise transmit any Content that infringes any patent, trademark, trade secret, copyright or other proprietary rights of any party; (vii) upload, post, email, or otherwise transmit any unsolicited or unauthorized advertising, promotional materials, "junk mail," "spam," "chain letters," "pyramid schemes," or any other form of solicitation; (viii) upload, post, email, or otherwise transmit any material that contains software viruses or any other computer code, files, or programs designed to interrupt, destroy, or limit the functionality of any computer software or hardware or telecommunications equipment; (ix) interfere with or disrupt the service or servers or networks connected to the service, or disobey any requirements, procedures, policies, or regulations of networks connected to the service; (xi) intentionally or unintentionally violate any applicable local, state, federal, or international law, including, but not limited to, regulations promulgated by the U.S. Securities and Exchange Commission, any rules of any national or other securities exchange, including, but not limited to, the New York Stock Exchange, the American Stock Exchange, or the Nasdaq, and any regulations having the force of law; (xii) "stalk" or otherwise harass another; or (xiii) collect or store personal data about others.

3. Customer acknowledges that WIFIBER does not pre-screen Content, but that WIFIBER and its designees shall have the right (but not the obligation) in their sole discretion to refuse, restrict or move any Content that is available

via the service. Without limiting the foregoing, WIFIBER and its designees shall have the right to remove any Content that violates this Agreement or is otherwise objectionable, in WIFIBER's sole discretion. Customer agrees that Customer must evaluate, and bear all risks associated with, the use of any Content, including any reliance on the accuracy, completeness, or usefulness of such Content. In this regard, Customer acknowledges that Customer may not rely on any Content created by WIFIBER or submitted to WIFIBERS COMPUTING

4. Customer acknowledges and agrees that WIFIBER may preserve Content and may also disclose Content if required to do so by law or in the good faith belief that such preservation or disclosure is reasonably necessary to: (i) comply with legal process; (ii) enforce this Agreement; (iii) respond to claims that any Content violates the rights of third parties; or (iv) protect the rights, property, or personal safety of WIFIBER, its users, and the public.

5. Customer understands that the technical processing and transmission of the service, including Customer's Content, may involve (i) transmissions over various networks; and (ii) changes to conform and adapt to technical requirements of connecting networks or devices.

6. It is solely Customer's responsibility to evaluate the accuracy, completeness, and usefulness of all opinions, advice, services, and other information provided through the service. WIFIBER does not endorse or represent the reliability, accuracy, or quality of any information, goods, services, or products displayed or advertised on the service. Any items purchased or obtained by any Customer through the service is done at the Customer's sole risk. Any Content related to business, finance, and/or securities matters and the like contained on the service is provided for informational purposes only, and no content included in the service is intended for trading or investing purposes. WIFIBER shall not be responsible or liable for the accuracy, usefulness, or availability of any information transmitted via the service, and shall not be responsible or liable for any trading or investment decisions made based on such information.

7. Customer agrees that the service and the software may contain proprietary and confidential information that may be protected by applicable intellectual property and other laws. Customer further acknowledges and agrees that Content contained in sponsor advertisements or information presented to Customer through the service, advertisers, or suppliers may be protected by copyrights, trademarks, service marks, patents, or other proprietary rights and laws.

8. Customer agrees not to reproduce, duplicate, copy, sell, resell, or exploit for any commercial purposes, any portion of the service, use of the service, or access to service.

9. Dealings with Advertisers and Suppliers.
Customer may enter into correspondence with or participate in promotions of advertisers

and/or suppliers on the service showing their products on the service. Any such correspondence or promotions, including the delivery of and the payment for goods and services, and any other terms, conditions, warranties, or representations associated with such correspondence or promotions, are solely between the corresponding user and the advertiser, and/or supplier. WIFIBER assumes no liability, obligation, or responsibility for any part of any such correspondence or promotion.

10. Links to Third-Party Sites.

WIFIBER provides links to other external sites or resources. Because WIFIBER has no control over such sites and resources, Customer acknowledges and agrees that WIFIBER is not responsible for the availability of such external sites or resources, and does not endorse and is not responsible or liable for any content, advertising, products, services or other information or materials on or available from such sites or resources. If Customer chooses to access third-party services, Customer does so entirely at his/her own risk.

IV. Privacy Policy

1. Subscriber Privacy Notice.

This Privacy Policy contains information pertaining to Customer's privacy rights provided under federal law. WIFIBER may, in its sole discretion, change, modify, add, or remove portions of the Privacy Policy, and the service provided hereunder, at any time. WIFIBER will notify Customer of any such changes by posting the modified Privacy Policy on the WIFIBER Site, or sending notice to Customer via email, postal mail, or other means. Customer's continued use of the service following notice of such change shall be deemed to be Customer's acceptance of any such modification. If Customer does not agree to any such modification, Customer must immediately stop using the service and notify WIFIBERS COMPUTING that Customer is terminating the Privacy Policy and this Agreement. If Customer does not agree to the new policies, Customer's sole remedy is to terminate this Agreement and comply with the terminations provision herein.

2. Monitoring the service.

WIFIBER has no obligation to monitor the service, but may do so, and disclose information regarding Customer's use of the service if WIFIBERS COMPUTING, in its sole discretion, believes that it is reasonable to do so, including to: satisfy laws, regulations, or governmental or legal requests; operate the service properly; or protect itself and its Customers. WIFIBER may immediately remove Customer's material or information from WIFIBER's servers, in whole or in part, which WIFIBER, in its sole and absolute discretion, determines to infringe another's property rights or to violate this Agreement or the Privacy Policy.

3. Prohibited Uses of the service.

Customer shall not use the WIFIBER equipment or the service to, directly or indirectly:

(a) participate in any unlawful purposes. Use of the WIFIBER

equipment or service for transmission or storage of any information, data, or material in violation of any U.S. federal, state, or local regulation or law is prohibited. This includes, but is not limited to, posting or disseminating content which is obscene, unlawful, threatening, defamatory, or which infringes the intellectual property of any person;

- (b) post, transmit, or disseminate objectionable information, including, without limitations, any transmissions constituting or encouraging conduct that would constitute a criminal offense, give rise to civil liability, or otherwise violate any local, federal, or international law, order, or regulation;
- (c) access any other person's computer or software without the knowledge and consent of such person;
- (d) upload, post, publish, transmit, reproduce, create derivative works of, or distribute in any way, information, software, or other material obtained through the service which is protected by copyright or other proprietary right, without obtaining permission of the owner;
- (e) alter, modify, or tamper with the WIFIBER service or permit any other person to do the same that is not authorized by WIFIBER;
- (f) restrict, inhibit, or otherwise interfere with the ability of any other person to use or enjoy the WIFIBER equipment or the service, including, without limitation, posting or transmitting any information or software which contains a virus or other harmful feature; or generating levels of traffic sufficient to impede others' ability to send or retrieve information;
- (g) inhibit or have the potential to inhibit the ability of any other person to use the service by serving or attempting to serve faulty IP addresses to other WIFIBER customers. WIFIBER may deny service to Customer until the problem is resolved;
- (h) knowingly disrupt the service;
- (i) resell or share the service or otherwise charge others to use the service. The service is for personal use only and Customer agrees not to use the service for operation as an Internet service Provider or for any other business enterprise in competition with the service;
- (j) attempt to login, access, or attack any of WIFIBER's equipment or network, including radio and network equipment;
- (k) assist (release proprietary software and information) unauthorized users to gain access to WIFIBER's network; or

WIFIBER reserves the right to restrict or block certain activities or immediately terminate this Agreement and the service

- (i) if Customer engages in any of the activities listed above,
- (ii) if WIFIBER receives an appropriate notice or request under the Digital Millennium Copyright Act,
- (iii) if necessary to comply with any law, regulation, rule or judicial or regulatory order,

or

- (iv) if Customer uses the WIFIBER equipment or services in a way which is contrary to any other WIFIBER policy.

Copies of policies are available on the WIFIBER Web site. This

Section shall not in any way limit WIFIBER's rights of termination pursuant to this Agreement. Customer assumes the risk and agrees to indemnify and hold harmless WIFIBER against all claims and expenses (including reasonable attorney fees) resulting from Customer engaging in any of the activities listed above. This provision will survive termination of this Agreement.

4. Intent.

Unless produced by WIFIBER, the information Customer accesses or receives by using the service or information sent to Customer by other users is provided, entered, or posted by the users and is not reviewed, controlled, examined, verified, or endorsed by WIFIBER. The data and information Customer sends and receives may be subject to privacy- and security-invading activities including, but not limited to, eavesdropping, electronic trespassing, "sniffing," "spamming," "nuking," "hacking," "spoofing," imposture, breaking passwords, harassment, fraud, forgery, and system contamination including use of viruses, "worms," and "Trojan" applications causing unauthorized, damaging, harmful access and/or retrieval of information and data on Customer's computer and other forms of activities that may even be considered unlawful. Information and data may also not reach its destination or may reach an erroneous address or recipient.

5. Security, And File and Print Sharing.

WIFIBER's facilities are used by numerous service subscribers. As a result, there is a risk that Customer could be subject to "eavesdropping." This means that other service subscribers may be able to access and monitor Customer's use of the service. This risk of eavesdropping exists not only with WIFIBER's facilities, but also on the Internet and other services to which access is provided as part of the service. Because of this risk, any sensitive or confidential information sent by Customer is sent at the Customer's sole risk, and WIFIBER shall have no liability whatsoever for any claims, losses, actions, damages, suits, or proceedings arising out of or otherwise relating to such actions by Customer.

6. FTP/HTTP Service Setup.

Customer should be aware that when using the service to access the Internet or any other online network or service, there are certain applications, such as FTP (File Transfer Protocol) server or HTTP (Hyper Text Transfer Protocol) server, which may be used to allow other service users and Internet users to gain access to Customer's computer. If Customer chooses to run such applications, Customer should take the appropriate security measures. WIFIBER shall not have any liability whatsoever for any claims, losses, actions, damages, suits, or proceedings resulting from, arising out of, or otherwise relating to the use of such applications by Customer, including without limitation, damages resulting from others accessing Customer's computer.

7. Local Area Network (LAN) in that each Customer is a node on the network. As such, users outside the Customer's home may be able to access the Customer's computer. It is important that the Customer take appropriate steps to protect their information on the computer from being accessed by others. To this end, we encourage Customers to acquire

a firewall, utilize virus protection, and implement other security measures the Customer deems necessary to protect the integrity of the data on Customer's computer. In addition, some software includes capabilities that permit other users across a network, such as the service and the Internet, to gain access to the Customer's computer and to the software, files, and data stored on the computer. Operating systems can include file sharing and print sharing capabilities which, when enabled, will permit other users to gain access to the Customer's computer even if the Customer is not using the service. Notwithstanding the foregoing recommendations, Customer hereby acknowledges and agrees that the Customer's use of the service is at the Customer's own risk, and WIFIBERS COMPUTING shall not have any liability whatsoever for any claims, losses, actions, damages, suits, or proceedings arising out of or otherwise relating to such use by the Customer.

8. Permission Grant. WIFIBER grants to you permission to use the WIFIBER equipment (antenna, radio modem, Category-5 cable, wall jack), but does not grant permission to:

- (a) attempt to login/reconfigure/attack the WIFIBER equipment
- (b) open WIFIBER equipment
- (c) remove any proprietary notices or labels on the WIFIBER equipment
- (d) modify, translate, reverse-engineer, de-compile, disassemble (except to the extent applicable laws specifically prohibit such restriction), or create derivative works based on the WIFIBER equipment
- (e) rent, sell or otherwise transfer the WIFIBER equipment (except to the extent assignable pursuant to the terms of this Agreement).

9. Customer Obligations.

In consideration of Customer's use of the service, Customer agrees to:

- (a) provide true, accurate, current, and complete information as prompted by the service's registration or member sign-up form (such information being the "Registration Information");
- (b) maintain and promptly update the Registration Information to keep it true, accurate, and complete;
- (c) refrain from using the service for any purpose that is unlawful or prohibited by this Agreement. If Customer provides any information that is untrue, inaccurate, not current, or incomplete, or if WIFIBER has reasonable grounds to suspect that such information is untrue, inaccurate, not current, or incomplete, WIFIBER has the right to suspend or terminate Customer's account and refuse any and all current or future use of the service (or any portion thereof); and

10. Service Eligibility.

The service is available only to individuals and entities that can form legally binding contracts under applicable law and their permitted agents and assigns (i.e., family members, friends, etc.).

(a) Customer is responsible for the use of the service by anyone other than Customer at all times without exception. WIFIBER or any of its parents, subsidiaries, affiliates, agents, or assigns, may refuse the use of, and participation in, the service to anyone at any time, in its sole discretion.

(b) Receiving files from third parties, via any application (i.e., email) may be harmful. Before receiving any files from any user, and even if the account from which the file transfer notice is sent looks familiar to Customer, it is strongly recommended that Customer verifies that the person sending Customer these files is indeed the person Customer thinks he or she is, for example by asking for some kind of information known only to the Customer and such other person. Please make sure not to receive files from users Customer does not trust, from users Customer is not sure they are whom they say they are, or whenever Customer is not sure Customer wants to receive the files.

(c) If WIFIBER identifies that a certain IP address/block is the source of illegal network activity, such as hacking, DDOS-Distributed Denial of service attacks, and SYN flood, WIFIBER may block Internet access to/from that IP address/block without any advance notice.

(d) If WIFIBER identifies that a certain email domain is “spamming” or using “email relay,” WIFIBER will block any email coming from that email domain without any advance notice.
