**A Note from Rick:** Markets stabilized this week and several markets, including slaughter cattle and cows, were a bit stronger. It is nice to see that hopefully we have bottomed out and are heading in the right direction. I'd like to take the opportunity to talk about our Fall Draft Horse Auction. Wow! What an amazing week filled with awesome horses and awesome prices! We couldn't be more excited about what took place that week and where we think this sale is headed. None of this is possible without the support that we receive from great consignors and buyers. We are so appreciative of the opportunity to have such quality horses brought through the ring at TLA. With Thanksgiving this week, it is important to take the time to reflect on all that we have to be thankful for. At Topeka Livestock Auction, we are first and foremost thankful for the people that surround us. We have an impressive team that work tirelessly and are willing to do anything and everything that is asked of them. We are blessed to be a part of something that is so much bigger than any one of us. We had a big sale this Fall and because of that we definitely experienced a few growing pains. We are aware of this and are working together to make a few minor adjustments that will hopefully help to fix some of these concerns as we grow. Happy Thanksgiving!
