## **Have You Ever Been to a Retirement Workshop? Do you know When or if you can Retire? Start with Cal STRS workshops!**

They have workshops for members who are at every stage of their career. Even teachers at the beginning of their careers need to plan! Click on the button below to see what workshop(s) you should attend. I started young and found out I would only get 60% of my paycheck for retirement. Can you live off 60%? I couldn't. So then I researched 403Bs and started supplementing my retirement and talking to members who had invested and came up with a plan for ME. I now have a plan and won't have to work beyond what I want. I encourage you to look into this.
