	BASIC TERMS	
Line Dance	Choreographed dance performed in lines or "lined up" in circle formation	
Circle Dance	A choreographed dance performed while moving around the outside of the dance floor in a counter clockwise direction.	
Couples Dance	A dance choreographed specifically to be danced together with a partner	
Social Dance	Choreographed dance in which the dancers interface in some manner ie. Interlinking arms as they weave, holding hands, etc.	
Contra Dance	A line dance performed while lines of dancers face one another	
FLOD	Forward line of dance	
RLOD	Reverse line of dance	
Diagonal	Line of dance at a 45 degree angle from the FLOD or RLOD	
And Restart	1/2 count; generally changing weight from one foot to the other ie right, left, right Start dance over from a point in the dance other than the ending	
Tag	An addition to the basic sequence of dance steps to keep the dance in phrase to the music	
Call	Using the names of steps and sequences to direct dancers	

Count	Using the count of the steps to direct students; each weight change generally requires a half or whole count	
Count-in	Counting to alert dancers when to begin dancing	
	The direction you are facing while you are dancing; named according to the clock face; for instance we start on the 12:00 wall and the wall behind us is the 6:00 wall; Also, you can count the walls as you rotate; the first wall is when you begin the dance the first time; the second wall is when you begin	
Walls	the dance the second time.
