

## REVAMP

MAKE YOUR WARDROBE WORK FOR YOU

May 2010

Dear Revamp Clients and Friends,

Happy May!

I was having coffee with a friend the other day and we were discussing how strange our spring weather has been and how challenging it can be to figure out what to wear. We are almost to summer, but in San Francisco we all know that means...it may get colder and not warmer! It is tricky to look summery in cool weather. Things like lighter shades of jeans, cute summer tops with light cardigans and thin cotton scarves help nod to the season without freezing! The sandals this season are all over the board, from fun wedges to flats that cover much of the foot. A sandal always helps an outfit say summer. Have fun dipping into your lighter weight items, but be practical, it's no fun being cold!

Looking forward to seeing you late summer to rethink, rework and *Revamp* all those great fall items hanging in your closet!

Happy summer.

Beth
