Classroom teachers have Bachelor's degrees with many years of classroom experience

Purpose and Goals

To provide opportunities that enhance the learning of our students by exploring fun educational activities. We work to build the child's self confidence through our planned activities.

We use Creative Curriculum and the Ohio Early Learning Content Standards developing lessons that are aligned to the Common Core Curriculum.

Our Frog and Star students work on many skills to prepare them for elementary school. It is very important that children have the executive functions in place to be successful in their academic careers. We meet the children where they are and help them develop new skills and gain confidence as a learner.

Life in the Frog Classes

Children participate in a structured, yet flexible program designed to build academic, self-help, and social skills through the fundamentals of reading, writing, math, science, social studies and art! Our day is filled with literacy rich activities that keep the children engaged and eager to learn!

Class Options

AM Classes 9:00am-11:30am
PM Classes 1:00pm-3:30pm

Frog Class: AM and PM

Monday, Tuesday, Wednesday and Thursday

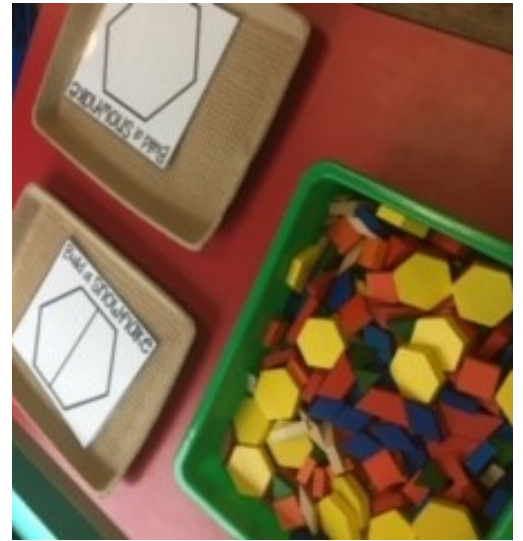

We will have two groups of Frog Classes:
1 group with 9 children and 1 teacher
1 group with 18 children and 2 teachers

Both groups will meet in AM & PM

Frog Pond Class:

Friday Morning and Afternoon

Children must be 5 by May of the year attending these classes or

Frog Pond Class

Our Enrichment class for the Frog Classes is called the Frog Pond Class. In this class the teacher works with students on concepts and activities and extending lessons from the Frog classes.

The teacher plans science and cooking experiences for additional learning! The children engage in more social as well as center time to foster the love for learning, while allowing the children to experience five days a week at school.
