

THE JERUSALEM JUBILEES

The purpose of this chart is to examine the Jubilee pattern as it pertains to the now very famous Judah Ben Samuel 10 Jubilee prophecy. This prophecy is attributed to a Jewish Rabbi that lived Regensburg, Germany in the 13th century and died in 1217. According to research, he was into Jewish mysticism and an alternate form of Kabbalism called *Chassidei Ashkenaz*. Although he wrote much and made some commentaries on the Torah, there is no direct evidence that the so called 10 Jubilee Prophecy is of Ben Samuel. Perhaps it could have been the author as other similar studies had been prevalent in this school of Jewish Kabbalism. This study only seeks to recreate the 10 Jubilee prophecy onto a realistic timeline for illustration purposes. All the current timelines and/or charts that are prevalent currently on the internet are not to scale. This study will only attempt to present a more accurate scaling of time and to make some Christian End-Times observations based on this supposed 10 Jubilee prophetic pattern. This study is not endorsing such a prophecy but only making observations based on the revelation that YHWH has given His Apostles and Prophets through Scripture already. Based on the 10 Jubilee pattern, this study does suggest that there is a prophetic synchronization of time that highlights certain key years. Mainly that at the start of the death of Ben Samuel in 1217, there is a pattern of 'Jubilees' ending in 2017. The prophecy states that at the end of the 10th one, that being 2017, the Messiah would appear. This study suggests an alternative interpretation. The 'Messiah' that could be revealed in 2017 will not be Jesus but the 'One that will come in his own Name', mainly the AntiChrist. Realize that the AntiChrist has to come first before the return of Jesus. Realize that Israel will accept a false Messiah as Jesus foretold.

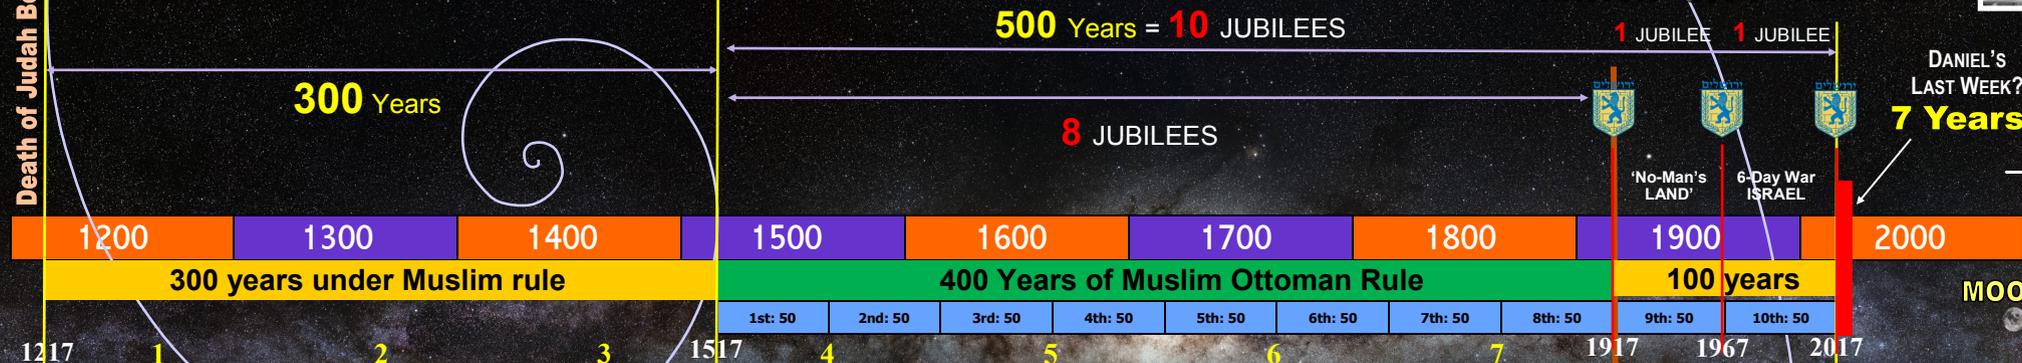

Judah Ben Samuel PROPHECY

Death of Judah Ben Samuel

The year 2017 will coincide with the eve of Israel's 70th year anniversary of being a sovereign nation since 1948 based on the 1947 UN Partition Plan. It will also be the 50th year anniversary of the liberation of Old Jerusalem for the first time since 70 AD and precisely from Ben Samuel's prophecy of the last Muslim rulers, that being the Ottoman Turks.

1517-2017: 10 JUBILEE PATTERN

In 1917, the British General Allenby entered Jerusalem on foot. He perhaps inadvertently represented the conquering king 'Messiah' in humility possessing the City of the King. This entrance took place at the Jaffa Gate, on the western side of the Old City of Jerusalem. It is also referred to as the entrance to the Citadel of David. If Ben Samuel's prophecy of 10 Jubilees is to come to pass, then exactly 100 years, in 2017, the 'other' Messiah figure will also come through a Gate to possess Jerusalem.

What is rather intriguing is that in 1917 there was a sort of 'covenant' made by the new rulers of Jerusalem, it was called the *Balfour Declaration*. What this study suggests is that as this 'Declaration' was broken by the British, as Allenby epitomized the possession of Jerusalem, so too will the coming false Messiah confirm such a 'Declaration' or Covenant and later on break it.

The next observation has to do with the numerical sequence of the so called 10 Jubilees. If the pattern of Ben Samuel is correct, it does appear to follow the Biblical numerical value of association and meaning. For example the end of the 8th Jubilee occurs in 1917. This is precisely when the evil Muslim rulership ended in Jerusalem. In prophetic terms, it is a new beginning, which the number 8 suggests.

Assyrian Captivity 721 BC **OBSERVATION: Ezek 4:1-5 | 390 years for Israel's Punishment [390 x 7 decrees = 2730] = (719 BC + 2730 Years) = 2011 + 7 years = 2018**

1413 BC **OBSERVATION: IF 1413/4* BC Israel entered Promised Land 70 Jubilees allotted [70 Js x 49 years = 3430 years - 1412 BC] = 2018**

If starting from the Capture of Jerusalem in 1967 making 1966 the 49th Year
 1 Jubilee thereafter = (7 counts of 7 Years = 49 YEARS)
 360 day x 49 years = 17640 days + Jun 7, 1967
 = September 23, 2015 Yom Kippur

1966 +7 +7 +7 +7 +7 +7 +7 = 2015
 1973 1980 1987 1994 2001 2008 2015

The other numerical association has to do with the 10th. This 10th Jubilee is to occur in 2017. The number 10 in Biblical terms speaks of the Law as in the 10 Commandments. It will be fitting a time that perhaps as an event will cause for the new Temple worship is ordained, a theocracy will return to Israel under Mosaic Law but under a False Prophet or 'high priest' and the false Messiah, the Biblical AntiChrist.

The next observation is that the time of the 10 Jubilee timeline appears to be in approximate phi ratio of time. If one takes the starting point of the death of Judah Ben Samuel in 1217, the phi ratio will coincide with the fall of the Ottoman Muslim rule in 1517 and converge on a specific date. This date is September 11, 2001.

The last observation this study seeks to present is that the year 2017 will coincide with the Great Sign in the Heavens. This Great Sign is the Virgo constellation of Revelation 12. This sign will occur precisely on the Sabbath of Return of September 23, 2017. It will also be conjoined by a comet next to the Moon as if to accent it. Of note, this cosmic sign incorporates a multifaceted array of meanings on different levels. One element is consistent though, the notion of a 'Rapture' or a snatching away and upward is portrayed of the Manchild. Is this the Rapture of the Bride of Christ? Will it be at this time or soon thereafter that the depiction of Heaven will manifest itself on Earth?

3RD TEMPLE

Could this be the season of the beginning' of Daniel's 7th Week or somehow be associated with the Year of Jubilee that could usher the Tribulation period and see the 3rd Temple be rebuilt? Could the year 2017 mark the advent of the AntiChrist that the prophecy of the 10 Jubilees by Judah Ben Samuel implies?
