

**ISLAMORADA, VILLAGE OF ISLANDS
ACTIONS AND POLICIES**

STATUS REPORT FOR MAY 21, 2020 REGULAR VILLAGE COUNCIL MEETING

No.	Council Requested Item	Council Meeting Date	Responsible Department	Action Steps/Status	Date Closed
17-12	Amend regulations for fencing requirements for outdoor sales	12/07/17	Planning	<ul style="list-style-type: none"> • On 12/07/17, Council gave direction to amend the Code to allow non-opaque fencing for outdoor sales areas. • Staff to prepare amendment for LPA consideration by 12/09/19. • Initial discussion regarding amendments held at the 12/09/19 LPA meeting. To be further addressed at a future LPA meeting. • Further discussion held by LPA on 1/13/20; item will be brought forward for further discussion at the 3/09/20 a future LPA meeting. 	
18-01	Create Dock Inventory	3/15/18	Village Attorney Planning	<ul style="list-style-type: none"> • On 3/15/18, Council gave direction to Village Attorney to research and create a Village-wide (voluntary) dock inventory to have documentation “on file” regarding existing docks. The information could be utilized to assist in the permitting process for dock replacements following storm events in the future. • Item re-assigned to Planning on 2/04/20. 	
19-02	Highway signage regarding cigarette butts	04/04/19	Public Works	<ul style="list-style-type: none"> • Council direction to have signage installed along the highway to inform motorists not to throw cigarette butts on the ground. • New sign design completed on 5/07/19. Design submitted for quote for aluminum signs. Aluminum signs to be ordered and initially installed with cigarette butt disposal containers in Village parks and at Village buildings. Highway sign placement to be explored with FDOT. • New metal signs and window clings received 6/03/19. Installation at parks and properties began 6/04/19. • Sign installations at parks, Village properties and bus stops completed mid-June. Installations at Founders Park began 7/03/19; completed 7/15/19. 	
19-05	Amend Regulations for Storage Containers	04/25/19	Planning	<ul style="list-style-type: none"> • Council direction to amend regulations for storage containers to allow temporary containers on residential lots and permanent containers on commercial lots with specific guidelines and limitations. Council agreed that work on the code amendments would begin fall 2019 for presentation to LPA by 12/09/19. 	

				<ul style="list-style-type: none"> Initial discussion regarding amendments held at the 12/09/19 LPA meeting. To be further addressed at a future LPA meeting. 	
19-06	Right-turn-only barrier at Old Hwy access to US 1 at MM 86.8	04/25/19	Public Works	<ul style="list-style-type: none"> To address traffic safety, Council gave direction to replace temporary barrier (traffic cones) and create a permanent (raised curb) right-turn-only barrier at the access point from the Old Highway to US 1 at the location across from the Administrative Center and Public Safety Headquarters. Staff to make proposal to FDOT for review, input and approval. To speed the installation, Public Works Director began coordinating with FDOT to include the barrier in the pedestrian bridge project currently scheduled to begin Spring 2020. As a separate project, design and engineering would be a longer process. 	
19-07	Plantings/shade trees for Lower Matecumbe US 1 ROW	04/25/19	Public Works	<ul style="list-style-type: none"> In response to public comment by Lower Matecumbe Key resident, Council gave direction to install plantings/shade trees along the US 1 right-of-way on Lower Matecumbe Key utilizing funds from the Landscape Mitigation Fund. Topic to be discussed by the Landscape Advisory Committee at a meeting in June 2019. Due to long agenda, there was not time to address this topic; to be addressed at a future meeting. As of July 8, 2019, FDOT is proposing a landscape project in response to requests by the Lower Matecumbe Key Homeowners Association. Public Works Director is awaiting additional details for the “push button” project. 	
19-08	“No Parking” signs along Venetian Shores median	08/08/19	Public Works	<ul style="list-style-type: none"> By motion and affirmative vote of the Village Council gave direction to have “No Parking” signs installed on the median in Venetian Shores. 52 signs and posts ordered for installation by the end of September. Utility locates must be completed prior to sign installation; estimated completion mid November. Locations marked, utility locates completed, signs ready for installation by the end of November. Equipment (bobcat) repair required, signs will be installed early 2020. Installation began and halted in January 2020. As they were being installed, residents reported they did not like the look of the signs. Until there is further input and direction, no additional signs will be installed. Venetian Shores HOA agreed that they do not want the Village to install the “No Parking” signs. Staff requires Council direction to remove the signs and posts already installed and close this item. 	

19-09	Parking meters/paid parking system at the Fills parking areas and Anne's Beach	08/08/19	Village Manager Public Works Finance	<ul style="list-style-type: none"> • Council directed the installation of parking meters/paid parking system at the Fills parking areas (as part of lease from FDOT and master planning) and at the Anne's Beach parking lots. • Discussion regarding proposed phone app scheduled for 9/19/19 RVCN. • Presentation and discussion regarding Passport Parking App on 9/19/19 led to Council direction to move forward with the app and discuss policy decisions at a future meeting. • Discussion regarding parking fees and policies held on 10/10/19; will move forward with Passport Parking App and seek final Council direction when FDOT land lease nears approval.
