**Leaf & Limb Pickup** - If you are trimming your trees, please be sure keep your branches around 4—8 feet in length for the city to pick them up with their jaw. Branches shorter than that are tricky to pick up, and anything over 10' will not fit in their truck. Also, have them stacked neatly on the edge of your yard. With fall approaching, it is critical that leaves are kept on yards and not in the street to prevent them from clogging storm drains after rain and contributing to flooding issues. The city wants to help us keep our yards looking nice, and we can help by following these guidelines.

Found a lost pet? Have something you'd like to give away or sell? Interested in seeing if neighbors saw a strange vehicle or suspicious person wandering the streets? **Nextdoor** is a great way to connect quickly with the people in your neighborhood without giving up your privacy. Set up your free account today at [www.nextdoor.com](http://www.nextdoor.com) and join our neighborhood "**Valle Vista**". You only have to share your name, e-mail and street name to join. Spread the word and invite your neighbors!

Disclaimer: Nextdoor is not sanctioned by the board, but is a great tool that we are encouraging people to use.
