

Since our club's formation in 1964 within the Queens Chapter of the American Red Cross, ARCECS continues to play an active role with the American Red Cross in Greater New York, and as an ARRL Amateur Radio Club in the NLI Section Hudson Division.

ARCECS
EMERGENCY COMMUNICATIONS
WB2QBP
www.ARCECS.org

Our emergency communications skills have been called into use on major disasters for 50 years! Some of these include our response to 9/11, Katrina, the LA Northridge and SF-Oakland bay area earthquakes, the Oklahoma City bombing, the '89 & '92 and 2001 LaGuardia and Rockaway airline disasters, all NYC blackouts, the 2010 Haitian earthquake tragedy and hurricanes Irene and Sandy. We are proud to supply invaluable communications to the Red Cross when all other means fail.

We also have a lot of fun! We provide communications support for great public events, like the Hong Kong Dragon Boat Races, the Alley Pond 5 Mile Challenge and the UPC Hike for Health. Many of us are DX'ers and contest regularly as well.

The ARCECS is a friendly crew of hams who are ready, willing and able! We want to help new hams learn the ropes in our hobby, and we hold one *incredible* Field Day at the Eaton's Neck Coast Guard Station every June. We offer a club repeater, training, comradery and, at times, we also apply our skills as hams when duty calls us to answer the ultimate CQ, "We Need Help Now!"

We meet the 1st Tuesday of each month at the American Red Cross HQ in Mineola at 7:30pm in the 2nd Floor board room.

We welcome new members! We think you'll agree that the ARCECS represents *ALL* of the most compelling reasons in Amateur Radio to actually *be* a ham!

Please Join Us At Our Meetings! Phone 516-747-3500 for more information or visit www.ARCECS.org
