Adirondack Camp of the Rock

REFUSE NEEDS TO BE SEPARATED

GARBAGE (ONLY!) should be put in pails supplied. Filled buckets should be placed in the white house.

PAPER PRODUCTS and PLASTICS (other than # 1 & 2) put in trash cans in plastic liners in the white house.

It is important that garbage and paper be separated. We have to pay by the pound at the recycling center.

SODA CANS AND WATER AND SODA BOTTLES (remove screw tops) Save for your own recycling or there is a container on the dining room porch and in the dining room.

Metal cans, plastic containers, glass, and foil need to be separated and put in containers in the white house outside the kitchen door. Please be sure to keep door shut to keep unwelcomed "visitors" out.

DUE TO INSURANCE REGULATIONS, ONLY SERVICE ANIMALS WILL BE PERMITTED ON THE GROUNDS. PLEASE LEAVE YOUR PETS AT HOME.

MISSION OF THE CAMP--

Wilmington camp was started in the early 20th century as a place where men and women could find God and His saving grace. The campgrounds were dedicated to this mission. We ask that the activities you plan will be in line with this mission. Use of tobacco products, alcoholic beverages and illegal drugs is not allowed. We do invite you to use the grounds to glorify God and develop a greater appreciation of His plan for each of us.

WHAT ARE YOUR RESPONSIBILITIES?

You will need to provide your own cooks, food, and paper products. The camp will provide supplies for the restrooms. You will need to bring your own bedding and towels. You will need to make a plan for sleeping arrangements in the various cabins (cabins will sleep at least 40 or more), dorms, etc. for your group. Before you leave, you will need to be sure that all accommodations: the kitchen, dining room, restrooms, dorms, cabins, tabernacle and grounds are in as good condition as when you arrived. There is NO

paid staff. Please arrange to take trash, if possible. If not, please help us make arrangements.

Rather than a set rate for use of the facilities, the suggestion is that a donation be made to help care for utilities and to help with the maintenance projects. In recent times we have been trying to up-grade the facilities and grounds. In order to do this, funds are needed. A donation to the camp to help with this need would be greatly appreciated

Some labor or time in repairs could be considered in exchange as some of the donation. Please contact Dan Gould at gouldd@charter.net for possible projects and needs.

Please make a copy of application and the insurance waiver and return to me. Or scan and e-mail me the information. I can be contacted at the number below. I will reply by e-mail when I get your application.
