- In the summer we consolidate our programming and run a summer camp program for the older children. All children going into grades 1 to 6 in September must register for at least one block of summer camp, equalling 2 weeks, in order to hold their spot for September. Jackman summer program will continue to run on blocks (equalling to two weeks of summer camp) to follow cohorting guidelines and operational management of consolidated programs. The blocks of summer camp are \$686 each. More information will be available in spring 2022.
- Fees are due the first of the month and are payable by pre-authorized payment. Families with more than one child in the daycare will have one payment profile per child.
