

DOGGY GOOD MANNERS/PRE AGILITY WHAT TO BRING LIST

- YOUR DOG!** If you need help getting your dog into the set-up because of aggression or shyness, let us know ahead of time and we will help you,
- Slip leash.** After the first class with dogs, we may advise you on what type of collar or leash to use. **We recommend www.cesarsway.com/shop/nylon-training-lead**
- Pouch for treats** that you can clip on your belt or pants (fanny pack, etc.) for QUICK access. **We recommend www.chewy.com/petsafe-treat-pouch-sport-black/dp/48674**
- Treats.** A VARIETY of “**good, yummy, special**” treats that are or can be broken into tiny pieces. Example: Hot dogs, liverwurst, cheese, chicken, steak, etc. Kix cereal or your dog’s dry kibble works well when lots of treats are required.
- Toy(s)** - something small they love to play with or fetch (ball, frisbee, etc.)
- something small that has a “squeaky” sound. (You can purchase just the squeaker that goes inside a toy at most pet stores. It’s called a “toy replacement squeaker”).
- Target.** A margarine or yogurt lid, small frisbee, lid, etc.
- A soda can** with a few rocks, pennies or marbles added to it for noise
- Poop bags**
- A bag** to put everything in. We may not always use everything but we want you to have it just in case.
- A calm-assertive attitude and lots of good energy**

***Note: Don't feed your dog a meal just before class - they'll get lots of treats during class.
You may however, feed a small amount earlier in the day.***
