

Cancel **COAL**

🔥 COAL IS CHOKING US 🔥🔥 Clean Coal is a FRAUD!

The fossil fuel coal is used to produce dirty energy. Burning coal produces great amounts of air polluting smoke & Carbon dioxide. Carbon dioxide drifts up 50% is washed down by rain the rest drifts into the atmosphere were it accumulates.

The Carbon dioxide lets through sunlight to heat the Earth but prevents some of the heat from being radiated back into space. The result is that Earth's surface is slowly heating up. This heating up of surface temperature has increased dramatically since year 'O'* (2004). This warming is decreasing the size of glaciers & polar ice-caps. Resulting in rising sea levels & climate change.

The human suffering brought on by Coal: e.g. China, Shanxi province, where coal has brought riches to a few, work for many & environmental pollution.

1/3 (400+ million) of China's population has respiratory problems & die younger because of air-pollution caused by burning coal & oil. This human misery is unacceptable.

The cost in health-costs & loss of work to the Chinese economy is enormous. Any Chinese Government that allows this to continue is failing in its 'Duty of Care' to it's people.

e.g. A Dr. living in the Upper Hunter Valley of New South Wales says if health problems (cancers & asthma) caused by pollution from open cut mining are ignored "it's the same as murder".

A reduction in coal-burning to 'O' (zero) is needed now.

However the people responsible for burning coal are corrupt, dishonest, selfish & cannot be relied on to stop burning coal. Therefore the source (coal) for burning must be denied the polluters. Coal-mines are to shut. Coal-burning equipment is dismantled. Coal-miners & burners are prosecuted! MS-R7

STOP the lorries, close the Mines:
SURVIVE !!!

Every person has a **1GOD** given right to Breathable-air

MUST-DO:

Cancel Coal usage, no exemptions!

Close down Coal-mines & prosecute owners, operators & staff, MS/R7 !

Close down Distributers & prosecute owners, operators & staff, MS/R7 !

Close down Coal-burners & prosecute owners, operators & staff, MS/R7 !

Replace & prosecute (MS/R7) Government that allows coal-mining, coal-distribution & coal-burning.

Note ! Coal as energy provider should not just be replaced by another energy provider. But energy usage per person needs to be reduced & **Night-Curfew** enforced.

ZERO TOLERANCE to COAL !!!
