Fax: (323) 222-3585

The United Union of Roofers, Waterproofers and Allied Workers Local 36 stands in firm solidarity with our sisters and brothers in the Danish working class to demand no mandatory overtime and no extension of working hours! Generations of Labor struggle have fought to decrease the amount of work time in a week and we will not support any measure to roll this back.

Further, with owners making increased profits across all sectors, the workers who create all value must share in the growth in revenue. Prosperity must not be singularly for capital. Labor is the source of wealth and must see the benefit.

Local 36 salutes the Committee of Struggle for the Working Class of Denmark and joins the call:
"42 timers arbejdsuge, nej tak! - 42 hours working week, no thanks!"

Cliff Smith

Business Manager, Local 36
