Self-Determination: Life with **S.C.A.R.F.**

Scot Evans & The Self-Determination Group

Monday, November 27, 2017 | 6 pm – 8 pm

Arc Greater Mid Cities (Arc House)

1806 Haltom Road | Haltom City, Texas 76117

Self-determination is believing you can control your own destiny. It is about being in charge, but is not necessarily the same thing as self-sufficiency or independence. It is a combination of attitudes and abilities that lead a person to create a meaningful life based on their own wants, needs, desires and dreams. Before you think self-determination is not possible for your child or student, join us. During this session the five principles of self-determination (S.C.A.R.F) and teaching strategies will be explored. Individuals with disabilities will highlight how the 5 principles impact their lives.
