Conway Construction Co.  
P.O. Box 303  
Ridgefield, WA 98642

To Whom It May Concern:

This letter is to compliment Conway Construction Co. on the successful completion of Bridge #118 for Grant County.

Being the Engineer of Record, I worked closely with Conway Construction Co. from July 2008 to December 2008. The project consists of replacing a 140' steel bailey type bridge with a single span precast prestressed concrete girder bridge. The submittals were prepared and processed in a timely manner. Conway Construction Co. took pride in the work they do.

The project proceeded smoothly and when there were problems or questions during construction, Conway Construction Co. was proactive in engaging the undersigned and the owner, Grant County, to find practical and cost effective solutions. I look forward to working with Conway Construction Co. in the near future.

Sincerely,

**DAVID EVANS AND ASSOCIATES, INC.**
