MODEL: Queen

HAND: Right

DRAW WEIGHT: 24#

AMO LENGTH: 66"

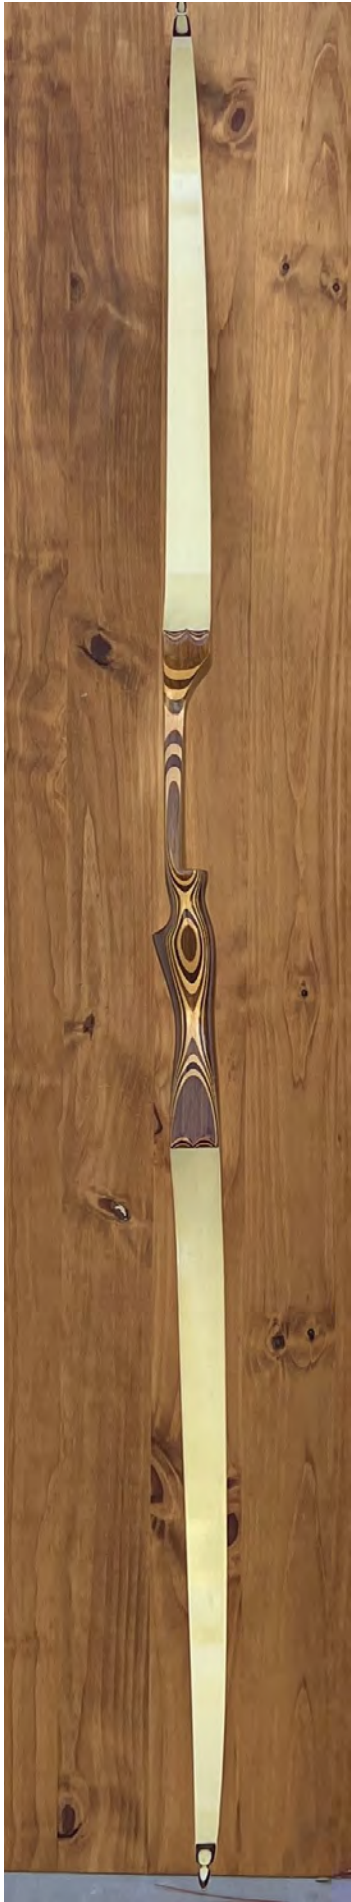

PRICE: \$299.00

SHIPPING & HANDLING: \$39.00

TOTAL COST: \$338.00

DESCRIPTION: This is a gorgeous very rare Blackhawk Queen. While mid-range Blackhawk hunting bows such as the Avenger and Bee appear on Ebay on a regular basis, the high-end Blackhawk target bows come up for auction maybe once every 10 years. Great looking and performing recurve. While this "Queen" was marketed as a woman's bow, there is nothing feminine about it other than the lower draw weight. It is 66" long and has a comfortable man-sized grip. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. A few professionally filled screw holes that are barely visible (see pics). No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in very good shape. Overall, this is an exceptional bow. This bow was put to a stress test (held at full draw for 16 hours to make sure the old glues still held and no stress cracks developed. Comes with a new 12 strand Dacron string.
